ORNAMENTAL BRANCHES: While it is well and proper that Young Ladies and Gentlemen should be taught Music, Drawing, Painting, &c., it is at the same time highly cul-pable, to neglect for these Branches, the practical and useful studies, which determine the intellectual status of an individual. Thousands of Young Ladies learn a 'title French, a *title* Music, &c., being ignorant of the plainest principles of Grammar and Mathematics. An Education is an injury rather than a benefit, if the mind be not trained in the right way. Acquire first, *if possible*, the solid Branches, and then the mind will be prepared for the Fine Arts. THE GREATEST MEDICAL DISCOV-ERY OF THE AGE.-Dr. KENNEDV, of Roxbury, has liscovered, in one of our common pastnre weeds, a remedy

that cures *EVERY KIND OF HUMOR*, from the worst Scrobula down to a common pimple. He bas tried it in over 1100 cases, and novar failed except in two cases, (both thunder humor). He has now in bis possession over two hundred cortificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst klud of Pimples on the face.

Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure scaly eruption of the skin, Two to three bottles are warranted to cure the worst cases of ringworm.

A Robins is analy experience in the intermetary and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.— So sure as water will exitinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this horb that appear surprising; first, that it grows in our pastures, in some places quite plentifal, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some idea of the sudden rules, and great popularity of the discovery, I will state that in April, 1863. I peddled it and sold about six bottles par day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggits who have been in the business twenty and thirty years, say that nothing in the annals of platent medicines was ever like it. There is a universal praise of it from ali quarters. In my own practice I always kept it strictly for humors —but since its introduction as a general family medicine, great and wonderful virtuos have been found in it that I never suspected. Several cases of epileptio fus—a discuss which was always considered incurshie, have been cured by a few bottles.— 0, what a mercy if it prove offectual in all cases of that awid malady—there are but faw who haves seen more of it than I have.
