A concer is a ways experience induce in the inre bottle, and a perfect cure is warnanted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in overy case.— So sure as water will estinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some ides of the sudden rise, and great popularity of the discovery, i will state that in April, 1853. I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 2000 of the wholesale Druggits who have been in the business tweaty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practic I always kept it strictly for humors, —but since its introduction as a general family medicine, great and wonderful virtues have been in that I never suspected.
