EDITORS. The present number closes the fifty-fourth volume of the KNIGKERDOCKER, and while we thank our patrons for their past favors, we shall strive to increase their number by redoubled care and effort in every d-partment of the Magazine. We expect in our next number to be able to announce a series of articles on Popular Astronomy, by the most distinguished writer upon that science in the land. 'Stories and Pictures' of the Hudson will be completed during the year, and the two volumes will contain the best sketches, tales, poems, etc., that can be procured for the entertainment of our readers.

the best sketches, tales, poems, etc., that can be procured for the entartainment of our residers.

PREMIUM FOR 1860.

In order to increase the already large circulation of the KNICKERBOCKER, we publish this month a splendid line engraving of Frith's picture of Merry-Making in the Olden Time,' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new. The subject represents the pastimes of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measures twenty-five by nineteen and a half inches in size, contains thirty-line figures, and is beyond comparison the finest work of the kind ever offered as a presulum in this country.

comparison the finest work of the kind over offered as a premium in this country.

'The engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the county in those good old times when the men wore cocked-hats and knee-breeches, and the women stays and hoope—a costume not essentially differing from the corset and crinoline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-featured fiddler perched on a high seat, and another musician in a tie-wig standing by him, playing with all their might. On the right two bouncing girls are gaily pulling toward the dance a gray-haired man, who seems vairly to remonstrate that his 'dancing days are over,' while a waggish little child pushes him forward from behind, greatly to the amusement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnificent spreading oak, sit the 'squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass; to whom a gipsy with an infant on her shoulder is telling their fortune. Over the shoulders of this couple is seen a group engaged in quoit playing, and heat of the whole is a landerene of rearth slopes and shoulder is telling their fortune. Over the shoulders of this couple is seen a group engaged in quoti playing, and back of the whole is a landscape of gentle slopes and copses. The picture has the expression of gayety through-out and the engraving is splendidly executed. It is fresh from the burin of Holl, not having yet been published in England?

JAMES E. GIFFIX, A. M., Principal and Proprietor.

This Seminary is located in Costesville, on the Central

Ballroad, about thirty-seven miles from Philadelphia, and

sixty-two from Harrisburg. It is easy of access from any

part of the Union, and is in the midst of a more healthy and

romantic situation. He possesses the advantages of having

a daily mail, a telegraph office and an Adams' Express

office. The excitation will open the first day of November. The School is sound and practical in every depart
ment. The course of study embraces everything that is

taught in the best Colleges of our country. The School is

organized on the most approved plan of the best institu
tions in the New England States. Ladies and Gentlemen

are entirely separate, except in recitations; in trudy they

have lest intercourse than at home. The Teachers occupy

partments in the buildings, and there is no association of

the sexes but in the presence of their instructions. The

happy influence, mutually exercical, in their slight associa
tion in the recitation room, at the table and in the public

exercises, is to be seen in the cultivation of a cheerful

and animated disposition, in the formation of good habits

and manners, in ardent devotion to study, and in the at
tainment of high moral character. These, with many

other valuable results, have established the fact, that the

best plan for a school is, according to the evident design

of Providence in the constitution of society, on the basis

of a well regulated christian family.

"Ladize, equally with the gentlemen, are benefited by

this arrangement. The numerous and crowded schools of

this kind spreading over the country, fully attest the cor
rectness of this plan."

COATESTILE, July 29th, 1859.

Having been acquainted with James E. My daughter is at present a student in the institution.

My son having been a pupil for the last term of this Institution, I can speak with confidence of the fidelity of the Principal as a teacher—his suavity of manner, yet firmness as a governer, and his entire gentlemanly deportment in all his relations.

COATESTILE, July 29th, 1859.

MR. JAMES GIFFIN—SIR: We most cordially recommend to public favor your most excellent School. One of the firm having had a son in your Institution, and the other a sister-in-law, we can speak with confidence in regard to the merits, and thorough instruction given in Coatesville Seminary.

THOMAS S. YOUNG & CO.

COATESVILE, July 29th, 1859.

From my personal knowledge of Mr. Giffin, Principal of Coatesville Seminary, and his method of instruction, it gives me pleasure to be able to recommend to parents and quardians this institution as a place where their sons and daughters or wards will receive every attention which their confort and thorough education may require.

THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KENNEDY, of Roxbury, has discovered, in one of our common pasture weeds, a romedy

that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimples on the face.

One to three bottles will clear the worst kind of rimpleon the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in
the mouth or stomach.

Three to fire bottles are warranted to cure the worst case
of Erysipelas.

One or two bottles are warranted to cure all humor One or two bottles are warranted to cure all humor the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottlee are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skiu.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the sait heum. Five to eight bottles will cure the worst case of scrofula Five to eight bottles will cure the worst case of scrofula A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddied over a thousand bottles of this in the vicinity of floaton. I know the effect of it in every case.—So sure as water will extinguish five, so sure will this cure humor. I never sold a bottle of it, but that sold auther: after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some idea of the sudder rise, and great popularity of the discovery, I will state that in April, 1853. I peddied it and sold about six bottlee per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that in over suspected.

Several cases of cellentic fits—a disease which was always

sever suspected.

Several cases of opileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—
), what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it. awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various discusses of the Liver, Sich Headache, Dyspepsia, Asthma, Fever and Agus, pain in the side, Diseases of the Spine, and particularly in discasse of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and enough of it.

HANOVER, PA., Feb. 16, 1859.
Messra, S. W. Fowle & Co., Boston. — Dear Sires. Having realized in my family important benefits from the use of your valuable preparation, — Wistar's Balsam of Wild Cherry, — it alfords me pleasure to recommend it to the public. Some eight years ago one of my-daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bettle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry affact throughout the country.
