FIFTY-FIFTH VOLUME.
LOUIS GAYLORD CLARK. DR. JAMES O. NOYES, EDITORS.

The present number closes the fifty-fourth volume of the KNIGKERDOCKER, and while we thank our patrons for their past favor, we shall strive to increase their number by redoubled care and effort in every department of the Magazine. We expect in our next number to be able to announce a series of articles on Dopular Astronomy, by the most distinguished writer upon that science in the land. 'Stories and Pictures' of the Hudson will be completed during the year, and the two volumes will contain the best skotches, tales, poems, etc., that can be procured for the entertainment of our readers.

PREMIUM FOR 18 60.

In order to increase the already large circulation of the KNIGKERDOCKER, we publish this month a splendid line engraving of Frith's picture of 'Merry-Making in the Olden Time,' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new The subject represents the pastimes of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measurest twenty five by nineteen and a hall inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

'The engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the county in those good old times when the men wore cocked-hats and knee-breeches, and the women stays and hoops—a costume not essentially differing from the centre of the picture and a little to the background is a country dance on the green, with a hard-featured fiddler perched on a high seat, and another musician in a tie-wig standing by him, playing with all their might. On the right was bouncing girls are gaily pulling toward the dance a gray-haired man, who seems vainly to remonstrate that his 'dancing days are over.' While a waggish little child pushes him forward from bebind, gr back of the whole is a landscape of genue shows and copies. The picture has the expression of gayety through-out and the engraving is splendidly executed. It is fresh from the burin of Holl, not having yet been published in

WM. H. THOMPSON.

COATESVILLE, July 29th, 1859.

I cheerfully commend to the public, and especially to my friends, the Seminary of James E. Giffin, located at this place, as being especially worthy of patronage. My son having been a pupil for the last term of this institution, I can speak with confidence of the fidelity of the Principal as a teacher—his suavity of manner, yet firmness as a governer, and his entire gentlemanly deportment in all his relations.

COATESVILE, July 29th, 1859.

MR. JAMES GIPPIN—SIR: We most cordially recommend to public favor your most excellent School. One of the firm having had a son in your Institution, and the other a sister-in-law, we can speak with confidence in regard to the merits, and thorough instruction given in Coatesville Seminary.

COATESVILE, July 29th, 1859.

From my personal knowledge of Mr. Giffin, Principal of Coatesville Seminary, and his method of instruction, it gives me pleasure to be able to recommend to parents and guardians this institution as a place where their sons and daughters or wards will receive every attention which their comfort and thorough deducation may require.

A. G. MORRISON.

COATESVILE, July 29th, 1859.

It gives me pleasure to add my testimony to the fact that we have in our midst a well-conducted and thorough Institution, under the control and supervision of James E. Giffin, Principal. Having had a son under his care for nearly two sessions, I can speak advisedly; and would recommend this flourishing Seminary to the consideration and inquiry of parents and guardians.

JAS. PEOPLES.

THE GREATEST MEDICAL DISCOVERY OF THE AGR.—Dr. REWRIN, of Ruxbury, has discovered, in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUNOR, from the worst Scrotula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimples on the face. on the face.
Two to three bottles will clear the system of Biles.
Two bottles are warranted to cure the worst canker in
the mouth or stomach.
Three to five bottles are warranted to cure the worst case.

One or two bottles are warranted to cure an intensitie Kyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt

perate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of scrofula A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853. I peddled it and sold about six bottles per day—in April, 1854. I sold over one thousand bottles per day—in April, 1854. I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the anuals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of enlieptic fits—a disease which was always

great and wonderful virtues have been found in it that never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottlee.—
O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of it.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University: ➡ MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co .- Gentlemen :- I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if

no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours,
AUGUSTUS W. SMITH.

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

STODDARD, N. H., Sept. 30, 1859 Messrs. SETH W. FOWLE & Co., Gents: — I was, for many years, a great sufferer from Dyspensia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had t not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours, STEARNS FOSTER.

OXYGENATED BITTERS. - To such of our readers is are troubled with the debility incident to the approach of warm weather; we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic, — containing no alcohol in its composition, and possessing more real merit than any preparation of the kind we have ever known. - Ogdensburg Republican.

THOUSANDS ARE DAILY SPEAKING
in the praise of DR. RATON'S INFANTILE CORDIAL, and why? because it necer fails to afford instanlaneous relief when given in time. It acts as if by magic,
and one trial alone will convince you that what we say is
true. It contains
NO PAREGORIC OR OPIATE
of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening its sensibilities.
For this reason, it commends itself as the only reliable
preparation now known for CHILDREN TRETHING,
DIARRHEA DYSENTERY, GRIPING IN THE BOWELS,
ACIDITY OF THE STOMACH, WIND, COLD IN THE
HEAD, and CROUP, also, for softening the guma, reducing
inflammation, regulating the Bowels, and relieving pain, it
has no equal—being an anti-paramodic it is used with unfailing success in all cases of CONVULSION OR OTHEE
FITS. As you value the life and health of your children,
and wish to save them from those sad and blighting consequences which are certain to result from the use of nacrocitics
of which all other remedies for Infantite Complaints are composed, take none but DR. BATON'S INFANTILE CORIDIAL;
this you can rely, upon. It is perfectly harmless, and cannot injure the most delicate infant. Price, 25 cents. Full
directions accompany each bottle.
