Such is the conclusion of the report in the Press of the proceedings of the Committee that met at the Buehler House on the 15th inst. Some twenty or thirty men assemble in secret conclave in a back parlor, where, shut out from public observation, they undertake to revise and improve the electoral ticket, formed by the Democratic State Convention in open day. The result of their work is to be kept a profound secret until such time as the Committee choose to divulge it; when the Democracy of Pennsylvania are to be graciously let into the secret conclave in a form the pale of the true Church. BY THE BARD OF TOWER HALL.

Sweet exence pure of womankind, Fair Rhoda, priceless treasure, I love you. dear, with love which has No graduated measure. To bruise all thoughts of other girls, Which in my bosom nestle, I'll make a mortar of my heart, And you shall be its pesile. I sigh to know if I can be
Your worthy lord and master—
To draw you out, I send with this
A very drawing plaster.
I'm sick with doubts, and you must be
The doctress to befriend me—
To mest my case, some grains of hope
I beg of you to send me. With drachms of love mixture (mix)
No scruples of affection;

And your prescription then shall cure My heart of its dejection. Pre Sal Ammonia in my stre, And also have Sal Soda; But for the Sals I nothing care— I only love my Rhoda. My plea is tinctured with my love; If you don't well receive it, But if you write "I yield my heart To you, a worthy claimant;" I'll go at once to Tower Hall, And buy my wedding raiment.

When there I've cheaply bought a suit,
I'll not a moment linger,
With what I save I'll buy a ring
To place upon your fluger; And when with it I fondly pledge My love which ne'er shall vary, You'll praise the Tower Hall, and bless Your dear a poth-e cary.

17 31 DROF. L. MILLER'S HAIR INVIGORA

TOR—An Effective, Safe and Economical Compound, FOR RESTORING GRAY HAIR to its original color without dyelor, and preventing the Hair from turning gray. FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality of recoperative energy remaining.

FOR REMOVING SCURP AND DANDRUFF, and all cutaneous sfir-tions of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalited gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and increasing demand for this preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleaness the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow invursinity, and gives it a rich, soft, glossy, and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vig r to the roots, and restore the growth to those parts whi. h have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Iuvig crator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts. from persons of the highest respectability. It will effectually prevent the hair from turning grav until the latest period of life; and in cases where the hair has aiready changed its color, the use of the Invigoration will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hi-r Restorative it is particularly recommended having an spreached fragrance; and the great fa-flittle it affords in dressing the bair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its places, whether platu or in curls—hence the great demand for it by the laddes as a standard toilet article which none cught to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists and perfumers.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University: / MIDDLETOWN, Conn., Feb 28, 1859. SETH W. FOWLE & Co. - Gentlemen : - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headarhe, on an average of not less than one day in a week. I was induced, by the unpretending rec ommendation of Dr. Green, "to try one bottle, and if no henefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms

and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH.

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

Messrs. Seth W. Fowle & Co., Gents: — I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been pro duced. Yours,

STEARNS FOSTER. OXYGENATED BITTERS. - To such of our readers as are troubled with the debility incident to the approach of warm weather, we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic, - containing no alcohol in its composition, and possessing more real merit than any preparation of the kind wo have ever known. - Ogdensburg Republican.

Scrofula, or King's Evil

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and above all, by the venereal infection. What ever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, 91 will visit the iniquities of the fathers upon will visit the iniquities of the fathers upon heir children."

Compound Extract of Sarsaparilla the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is con-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, Rose, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHENE SCLIP HELD REPORTED. and Salt Rheum, Scald Head, Ringworm, RHEUMATISM, SYPHILITIC and MERCURIAL DIS EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

their action can rarely withstand or evade them enter penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bovels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded; this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
