The subject represents the pastimes of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measures twenty-five by niuncteen and a halt inches in 1220, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

To the left of the 'squire is a young couple on the grass, to whom a gippy with an infant on her shoulder is telling their fortune. ORNAMENTAL BRANCHES: While it is well and proper that Young Ladies and Gentlemen should be taught Music, Drawing, Painting, &c., it is at the same time highly culpable, to neglect for these Branches, the practical and useful studies, which determine the intellectual status of an individual. TESTIMONIALS.

Having been acquainted with James E. MB. GIFFIN—Dear Str.: It is now near the close of your second term of school in this place, and I foel very greatily gratified in seeing your prospects of making Coatesville Seminary second to none in the country. After becoming fully acquainted with your mild, but firm discipline, and close attention to your pupils' recitations, as manifested in the improvement of my son, I feel myself under obligations to recommend all my acquaintances and friends to send their sons and daughters to your school.

COATESVILLE, July 29th, 1859.

I cheerfully commend to the public, and especially to my friends, the Seminary of James E. Giffin, located at this place, as being especially worthy of patronage. My son having been a pupil for the last term of this Institution, I can speak with confidence of the fidelity of the Principal as a teacher—his suavity of manner, yet firmness as a governer, and his entire gentlemanly deportment in all his relations.

MB. JAMES GIFFIN—SIE: We most cordially recommend to public favor your most excellent School. One of the firm having had a son in your Institution, and the other a sister-in-law, we can speak with confidence in regard to the merits, and thorough instruction given in Coatesville Seminary.

MEDICAL DISCOVERY OF THE AGE

HE GREATEST MEDICAL DISCOV-RBY OF THE AGE—Dr. KENEDT, of Rozbury, has iscovered, in one of our common pasture weeds, a remedy

EVERY KIND OF HUMOR, from the worst Scrottial down to a common pinnle.
He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Three to four bottles are warranted to cure the sait rhoun.

Fire to eight bottles will cure the worst case of scrofula A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every cuse.—So sures as water will extinguish fire, so sure will this cure bound. I never sold a bottle of it, but that sold another: after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures. In some places quite plentiful and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the andden rise, and great pepularity of the discovery, I will state that in April, 1853. I peddled it and sold about six bottles per day—in April, 1854, I solf over one thousand bottles per day—in April, 1854, I solf over one thousand bottles per day—in April, 1854, I solf over one thousand bottles per day—in the business twenty and thirty years, say that nothing in the business twenty and thirty years, say that nothing in the sunals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always

great and wonderful virtues have been supported.

Several cases of eplieptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it

awini malady—there are but few who have seen more of it than I have.

I know of several cases of Bropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the side, Diseases of the Spine, and particularly in disease of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and a nough of it.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University: MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen: - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered-for twenty years from a form of dyspensia, which was attended with a norm a form of typepless, which was attended with a nervous headache, on an average of not less than one day in a week; I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH

Messis. Seth W. Fowle & Co., Gents: — I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottes, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been pro-

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.
