TARMERS, LOOK TO YOUR TWTERL.

I EST!—Received the First Premiums this Fall at our County Rair, a Silver Medal on the Telegraph Todder Outers and Coleman's Farm Chopping Mill, with Proceu's improvement. Lhave received at my Agricultural Implement and Seed Warehouse a large stock of the Telegraph Hay, Straw and Cornfodder Cutters, four sixes, Nos. 1, 2, 3 and 4, sultable for large or small Farmers.

The Telegraph Hay, Straw and Cornfodder Cutter is acknowledged to be the best Cutter now in use. We claim a great many advantages over any now manufactured: 1st, It has the down cut, all the train is on the frame where it should be; 2d, It is gaared on both sides, and is not liable to wear or get out of repair; 3d, The Nos. I and 2 are double geared, and can be changed to cut different lengths; the shortest cut is 7 pieces to one luch for Cornfolder; in five minutes they can be changed to cut different lengths; the shortest cut is 7 pieces to one luch for Cornfolder; in the minutes they can be changed to cut the first the power.—

The greatest advantage we claim is the power. We can do as much work with one horse as those can (that first cut, then crush) with three.

Our cutter will cut shorter and make better feed, than Naw Bon, Dischargen, A Tyrors by
Alliew, Bernstynes in North Dikerstystyndity

I have also received a full supply of Coleman's Premium Farm Chopping Mill with Prosen's improvement. There are a great many of our Mills now in use in this county, and all give very good satisfaction. The Mill is very much improved over those sold two years ago. The grinding parts are 100 per cent. harder. There is a Mill running in Philadelphia which has ground from 15,000 to 20,000 bushels of grain, and is running yet without having any repairs done to it. NICKERBOCKER MAGAZINE.

VIPTY-FIFTH VOLUME.

LOUIS GAYLORD CLARK, DR. JAMES O. NOYES, EDITORS.

The present number closes the fifty-fourth volume of the KNICKERBOCKER, and while we thank our patrons for their past favors, we shall strive to increase their number by redoubled care and effort in every department of the Magazine. We expect in our next number to be able to announce a series of articles on Popular Astronomy, by the most distinguished writer upon that science in the land. 'Stories and Pictures' of the Hudson will be completed during the year, and the two volumes will contain the best sketches, tales, poems, etc. that can be procured for the entertainment of our readers.

PREMIUN POR 1860.

In order to increase the already large circulation of the KNICKERGEKER, we publish this month a splendid line engraving of Frith's picture of 'Merry-Making in the Olden Time,' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new. The subject represents the pastimes of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measurest twenty-five by nineteen and a half inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind-ever offered as a premium in this country.

'The engraving of Frittir's picture of Merry-Making in

inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind-ever offered as a premium in this country.

'The engraving of Fritir's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the county in those good old times when the men wore cocked-hats and knee-breeches, and the women stays and hoops—a costume not essentially differing. From the corset and crinoline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-featured fiddler perched on a high seat, and another musician in a tie-wig standing by him, playing with all their might. On the right two bouncing girls are gaily pulling toward the dance a gray-haired man, who seems valuely to remonstrate that his 'dancing days are over,' while a waggish little child pushes him forward from behind, greatly to the amassement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnificent spreading oak, sit the 'squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass, to whom a gipsy with an infant on her shoulders of the whole is a landscape of gentle stopes and copses. The picture has the expression of gayety throughout and the engraving is splendidly executed. It is fresh from the burin of Holl, not having yet been published in England.'

TERMS.—Twenty-five cents per number, or \$3 per an-

The above is a portrait of David McCreary, of Napler township, who, on the Slat day of August, 1858, made affidartic before Justice Gorley, that he was treated for the ourse of Cancer by three physicians of Bedford county, and by Dr. Newton of the Relecte Gollege in Cincinnati, for a period of nearly eight months, not witstanding which, his lip, nose, and a portion of his left cheek were entirely eaten easy? He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen in a circular, which can be had of any of the Agents.

We also refer to the case of Nancy Bleshrey, of Elderion, Armstrong county, Pa., cured of Scrofula after being unable to get out of bed for three years.

To the case of a lady in Ansonville, Clearfield county, who was also afflicted with Scrofula in its worst form.

To the case of George Meisel, residing in Carrolltown, Cambris county, Pa., who was so badly afflicted with Cancer that it cat his entire nose off, and his case was worse, if possible, than McCreary's.

The particulars of these cases—every one of which was cured by the use of the Blood Searcher—may also be found in a circular to be had of any of the Agents.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KENNED, of Roxbury, has discovered, in one of our common pastore weeks, a remedy that cures

EVÉRY KIND OF HUMOR,

EVERY KIND OF HUMOR, from the worst Scroula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thruder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddied it and sold about six bottles per day—in April. 1854, I sold over one thousand bottles per day—in April. 1854, I sold over one thousand bottles per day—in April. 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

awful malndy—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged peo-ple, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.
