THE CONGRESSIONAL APPORTIONMENT COM-MITTEE.-The joint committee appointed by the two branches of the Legislature, to apportion the State into Congressional Districts, on the basis of the census of 1860, is constituted as follows:

Patterson, of Juniata; Alexander, of The Dallas (Texas) Herald says that, during the last of January, the editor saw hyacinths, Indiana; Armstrong, of Lycoming; Blanch ard, of Lawrence : Cowan, of Warren : Dunlap, of Philadelphia; Frazier, of Susquehanna; Hopper, of Washington; Hill, of Montgomery; Huhn, of Schuylkill; Pierce, of Cheeter; Paghe, of Luzerne; Ridgway, of Philadelphia; Robinson, of Mercer; Sheppard, of Philadel phia, of the House,

By the time-ly expulsion of them many ranking disorders are mipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsapa-rilla, but often no curative properties whater-er. FRANCE AND THE SOUTH. to the Courrier des Etats Unis from Paris, February 8, as follows: February 8, as follows: "A friend of General Stevenson, of South

Carolina, assures me that that gentleman had had an audience with the Emperor, who had listened in a friendly manner to his arguper gallon. ments in favor of the new Confederacy of the alave States.

"Some of the provincial journals add, that in order to secure the alliance of Napoleon III., the Southern Seceders had offered to put his cousin, Jerome Bonaparte, of Baltimore, at the head of their Confederacy."

This last paragraph shows the absurdity of all these rumors about France and the South.

remainder. SPURIOUS CHARITY .- The two branches of our State Legislature have voted, out of the State Treasury, \$30,000 towards the relief of Kansas, being a sum three times larger than was asked. A proposition that each member of the Legislature should contribute himself the pitiful sum of ten dollars towards the same object was not received, being declared county is a little over 4,000 votes for the out of order. It makes a great deal of differ-Union ticket. ence in men's charitable feelings, whether the charity is at their own expense or out of the pockets of their neighbors .- Reading Gazette.

A SENSATION TELEGRAM INGENIOUSLY IN-TERPRETED.-In speaking of the alarming despatch, that a band of five hundred had sworn that Mr. Lincoln should never sleep in the White House, and that one of their number is to shoot him with an air gun on inauguration day, the Providence Post says: "Our belief is, that the five hundred conspirators are office seekers who are determined that Mr. Lincoln shall not sleep at all, and that the air gun story is a bag of wind."

AFFAIRS AT PENSACOLA.-The Pensacola Tribune has intelligence from Fort Pickens to Feb. 16. Col. Lomax, some reports say, had complied with Lieut. Slemmer's demand that he should stop mounting guns at fortifications evidently erected with the design of attacking the fort. Communication was frequent be-the fort and the Wyandotte. The British warthe fort. steamer Gladiator was outside, and the rumor was that her captain had offered his services to assist in repelling the rebels, as he called them. Some had it that the intention of attacking the fort was foregone, because it had been reliably stated that it would be peaceably surrendered on March 4; but Col. Chase alleged that the assault would be commenced as soon as a negative reply had been received to the formal demand for its surrender, which would soon be made by the authorities of the • C. S. A.

THE BALTIMORE PLOT.-Mr. Geo. P. Kane, Police Marshal of Baltimore, has published a card showing the utter groundlessness of the allegation that personal violence to Mr. Lincoln was apprehended in that city. While in Washington a few days before Mr. Lincoln's intended arrival, he referred, in conversation with Mr. Lincoln's friends, "to the rumors of an intended Republican display, by certain parties here, which in my opinion would be deemed offensive to the masses of our people, and in the event of Mr. Lincoln's associating himself with such a demonstration, or having himself with such a demonstration, or naving it as an appendage in his transit through Baltimore, would invite decided marks of disapproval." This was the sole basis of all disapproval." This was the sole basis of all are a sufferer, Cat out the Advertisement, And is the greatest e MAN OR WOMAL See symptoms enumerated in advert are a sufferer, Cat out the Advertisement, And sole the Advertisement, to excuse the very foolish step into which Mr. Lincoln was persuaded by his fears.

FORT SUMTER.-Information from the highest sources in Charleston, gives assurance that no immediate attack is meditated on Fort Sumter. Gov. Pickens has restrained any demonstration thus far, and was glad to be relieved of further responsibility by the sotion at Montgomery. Major Anderson writes that no unusual preparations have been recently made, and some of the works have been apparently suspended. The garrison at Fort Sumter fired a salute

of thiry four guns on Washington's birthday It is reported that Fort Moultrie responded but how many guns were fired by the seces-sionists, is not stated.

SIGNIFICANT FACT .- In the city of Hartford Conn., on the 22d inst., not a gun was fired, not a bell rung nor a fiag unfurled in honor of the anniversary of the birthday of Washington. Hartford gave a majority for Lincoln last fall.

Men may spread their sage opinions Over all the earth's dominions; Over all the earth's dominions; Spread their names in song and story Nife with praise in which they glory. They may stand in proud positions As our leading politicians, Loved by some as loved are brothers, Hated by as many others. Loved by some as loved are brothers, Hated by as many others, Fighting well, as gents and scholars, For our country, and her dollars, Winning fame and getting money, Living well on "milk and honey," While the trump of Fame does sound them To the startled world around them.

Still, they find with all their trouble, That their fame is but a bubble; Though with rainbow tints 'tis glowing, Yet it does not pay for blowing. Then, the man who by his labor, Helps himself and helps his neighbor, With no spreading but the spreading Of his table-cloth and bedding.
