FIFTY FIFTH VOLUME.

AOUIS GAYLORD CLARK. DR. JAMES O. NOYES,
EDITORS.

The present number closes the fifty-fourth volume of
the KNICKEROCKER, and while we thank our patrons for
their past-favore, we shall strive to increase their number
ty restambled care and effort in every department of the
Magazine. We expect in our next number to be able to
announce a series of articles on Popular Astronomy, by
the most distinguished writer upon that science in the
land. Stories and Fictures of the Hudson will be completed during the year, and the two ruinness will contain
the best sketches, tales, poems, etc., that can be procured
for the entertainment of our readers.

PREMISEROCKER, we publish this month a spleedid line
empraving of Frith's picture of Merry-Making in the
Olden Time, which we shall present exclusively to the 33
subscribers to the Magazine for 1860, whether old or new.
The subject represents the pastimes of our ancestors, and
is eminently of a genial, domestic character. The plate,
digraved in England at an expense of 2000 dollars, is
centically new, measures twenty-five by ulneteen and a half
inches to the interest work of the kind over offered as a
president in this country.

The empraying of Frith's picture of Merry-Making in ewinin in this country.

'The engraving of Frith's picture of Merry-Making in
the Olden Time, represents the humors of an English heli pristing in this country.

This engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the country in those good old times when the men wore cocked hate and knee-breeches, and the women stays and Robs—a codiume not be seen taily differing from the control of the picture and a little to the background is a country dance on the green, with a hard-featured fiddler perched on a high seat; and another musician in a tiewing atanding by, him, playing, with all their night. On the right two bouncing girls are gaily pulling toward the dance a gray-hared man, who seems varily to remonstrate that his' dancing days are over.' while a waggish little child pushes him forward from behind greatly to the amusement of his spouse, who is still eiting at the teatable, from which he has been dragged. On the left, under a magnification of the state of the squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young counts on the grass; to whom a gipsy with an infant on her about the seem's group engaged in quolt-playing, and back of the whole is a landscape of gentle slopes and consest. The picture has the expression of gayety throughout the output of the sure of the whole is a landscape of gentle slopes and consest. The picture has the expression of gayety throughout the burin of Holl, not having yet been published in Ershall.

you the fact, that Mr. Brensman, who was in Gentre

We sill know how desirable it is to have good BOOTS

paid for them—such articles can be had at Brisis—

the water in, and with which you can walk in wet grass
and not get wes feet, they can only be had at Brisis—when

so wasy on the foot, can only get them at his NEW STAND.

I have also received a full supply of Coleman's Premium Farm Chopping Mill with Proseus's improvement. There, are a great many of our Mills now in use in this county, and all give very good satisfaction. The Mill is very much improved over those sold two years ago. The grinding parts are 160 per cent. harder. There is a Mill running in Philadelphia which has ground from 16,000 to 20,000 bushels of grain, and is running yet without having any repairs done to it. THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KENNEDY, of ROXDUTY, has discovered, in one of our common pasture weeds, a remedy that ourse.

EVERY KIND OF HUMOR, from the worst Scrottle down to a common pasture.

from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except
in two cases, (both thruder humor.) He has now in his
possession over two hundred certificates of its virtue, all
within twenty miles of Roston. on the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in
the mouth or stomach.

Three to five bottles are warranted to cure the worst case

of Erysipelas.
One or two bottles are warranted to cure all humor the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

The to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

rhoum.

Five to eight bottles will cure the worst case of scrofula A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddied over a thousand bottles of this in the winds the first part has a first of the same of Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.— So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some idea of the souden rise, and grax popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April. 1854, I sold over one-thousand bottles per day—in April. 1854, I sold over one-thousand bottles per day of it. Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged poople, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthms, Fever and Ague, pain in the side, Disabese of the Spine, and particularly in diseases

ple, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthmas, Fever and Agne, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of dist over necessary—eat the best you get and a nough of it.

Directions for Usz.—Adults one table spoonful per day—Children over ten years dessert spoonful. Children from five to eight years tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Mauufactured by.
