pleted during the year, and the two volumes will contain the best sketches, tales, poems, etc., that can be procured for the entertainment of our readers.

\*\*PREMIUM\*\* POR: 18.60.

In order to increase the already large circulation of the KNICKERBOCKES, we publish this month a splendid line engraving of Frith's picture of 'Merry-Making in the Olden Time,' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new. The subject represents the pastimes of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measures twenty-five by nineteen and a half inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

'The engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holi day in the county in those good old times when the men wore cocked-hats and knoe-breeches, and the women stays and hoops—a costume not essentially differing from the correct and crinoline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-featured fiddler perched on a high sest, and another musician in a tiewig standing by him, playing with all their might. On the right two bouncing girls are gaily pulling toward the dance a gray-haired man, who seems vainly to remonstrate that his 'dancing days are over,' while a waggish little child pushes him forward from behind, greatly to the amusement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnifihis 'dancing days are over,' while a waggish little child pushes him forward from behind, greatly to the amusement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnificent spreading oak, sit the 'squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass, to whom a gipsy with an infant on her shoulder is telling their fortune. Over the shoulders of this couple is seen a group engaged in quotivlaying, and back of the whole is a landscape of gentle slopes and copses. The picture has the expression of gayety throughout and the engraving is splendidly executed. It is fresh from the burin of Holl, not having yet been published in England.

COMMENDATIONS:

From Hon. Lewis D. Campell, M. C., Ohlo.

My family and friends all concur in the opinion that the (Newell) Picture is more life-like than any thing they ever saw. My likeness has been repeatedly taken by different Artists in various ways, but I have never yet had one which presents so true to unture, all the features and expressions of countenance as this.

From Hon. E. Joy Morris, late Minister to Italy. The exquisite finish, beauty and softness of your raits, conjoined with their durability of color and fail commend them to attention and patronage of all who appreciate true art. From Col. JAMES PAGE.

From Col. James Page.

Having occasion for a portrait, I procured one from Mr. Robert Newell, of the City of Philadelphia, a miniature in Oil Colors, under the new process discovered by him, and take great pleasure in expressing the satisfaction given me. not only by the accuracy of the likeness, but its artistic finish in all respects, and recommend him to the patronage of those disposed to encourage the beautiful art. nov 27 ly 47]

PATENT INSULATED FULL IRON FRAME NEW SOALE GRAND AND SQUARE FIANO-FORTES.

The Insulated Iron Frame preserves the original tone of the instrument in all its, purity, securing it for all time against that most disagreeable tinny quality of tone invariably found in all other, Iron Frame Piano-Fortes. If the greatly strengthens the case and thus keeps the Piano-Forte in tune. It gives the instrument a much fuller, richer and sweater tone. It adapts the Piano to all climates and to all changes of atmosphere, and in all respects it is pronounced by our "artiste" the greatest improvement of the age in Piano-Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europe.

A FEW TEETIMONIALS IN REGARD TO THE SUPERIORITY OF OUR NEW SOALE PATENT INSULATED PIANO-FORTES.

He has forwarded to us in writipg, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation, and also a full account of the medicine.

At his request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for free distribution. Its interest is enhanced by an account which he gives of some of the scenes of Syrian massacres, which he obtained from those who suffered in that awful tragedy.

This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it.

ATTHES OIL ACES ON THE SYSTEM WITH ELCOTROUTY.—Its of pure regetable preparation, not the elightest danger of applying it outwardly or inwardly, it at once gives a permanent cure, in most cases, from ten to twenty minutes.

The best physiologists of Europe have discovered that all Organic Derangement in the Arimal System is the effect of an obstruction of the Physico Electro Fluid in the organ diseased—a skillful application of this Oil puts in immediate motion the nerve finid, and the cure is at once accomplished. No bleeding, no vomiting, purging or blistering. Is resorted to.

WONDERFUL REPORTS FROM WELL-KNOWN OITLEANS.

PILES AND THE REPURATIS.—Some remarkable cures are daily coming to light:—Charles Sexton, Esq., ex-Mayor of the City of Camden, says, the "Electric Oil" cured his Piles by six spileations; also, Rheomatism. He says it is a very valuable remedy, and everybody ought to know it. Catarge in fize Brasar.—Mr. Wardlow's little girl was cured. This is a very interesting case. Come and see.

would have done with Calhoun and other nullifiers if they had kept on.

"Hung them, sir, as high as Haman," was the instantaneous reply. "They should have been a terror to traitors to all time, and posterity would have pronounced it the best act of my life"

As he said these words, he half rose in his bed, and all the old fire glowed in his old eyes again.

THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. RENEDY, of Roxbury, has discovered, in one of our common pasture weeds, a remedy that curse EVERY KIND OF HUMOR. Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimple in the face. n the face. Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker in two bottles are warranted to cure the worst canker in the mouth or, stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.
One or two bottles are warranted to cure all humor the Eyes.

Two bottles are warranted to cure running of the ears nd blotches among the hair.
Four to six bottles are warranted to cure corrupt and unning ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted /to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst case of scrofula
A benefit is always experienced from the first bottle, and
a perfect cure is warranted when the above quantity is
taken.

Reader, I peddled over a thousand bottles of this in the Header, I peddled over a thousand bottles of this in the vicinity of Beston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never soid a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite pleutiful, and yet its value has never been known until I discovered it in 1846-second, that it should cure all kinds of humor, In order to give some idea of the sudden rise, and great apopularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in-April. 1854, I sold over one thousand bottles per day of it. Some of the wholessie Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of enlightic fits—a disease which was always . I know the effect of it in ev

great and wonderful virtues have been found in it that a never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured, by a five bottlee.—

O, what a mercy if it prove effectual in sill cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, kick Headache, Dyspopsia, Asthma, Fever and Ague, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done shore good than any medicine ever known. of the Kidneys, &c., the discovery has done more good than any medicine ever known.
