NICKERBOCKER MAGAZINE.
FIFTY-FIFTH VOLUME.
LOUIS GAYLORD CLARK. DR. JAMES O. NOYES,
EDITORS.
The present number closes the fifty-fourth volume of
the KNICKERBOCKER, and while we thank our patrons for the KNICKERBOCKER. and while we thank our patrons for their past favors, we shall strive to increase their number by redoubled care and effort in every department of the Magazine. We expect in our next number to be able to announce a series of articles on Popular Astronomy, by the most distinguished writer upon that science in the land. 'Stories and Pictures' of the Hudson will be completed during the year, and the two volumes will contain the best sketches, tales, poems, etc., that can be procured for the entertainment of our readers. PREMIUM FOR 1860. FREMIUM FOR 1800.

In order to increase the already large circulation of the KRICKERBOCKER, we publish this month a splendid line engraving of Frith's picture of 'Merry-Making in the Olden Time,' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new, The subject appreasant the nestines of our appression The subject represents the pastimes of our ancestors, and is emineutly of a genial, domestic character. The plate engraved in England at an expense of 2000 dollars, is entirely new, messures twenty-five by niueteen and a hal-inches in 122, contains thirty-nine figures, and is beyond somparison the finest work of the kind ever offered as a premium in this country.

'The engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holi day in the country in those good old times when the men wore cocked-hats and knee-brecches, and the women stays and hoope—a costume not essentially differing from the correct and crinoline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-featured fiddler perched on a high seat, and another musician in a tie-wig standing by him, playing with all their might. On the right two bouncing girls are gaily pulling toward the dance a gray-haired man, who seems vainly to remonstrate that his dancing days are over, while a waggish little child pushes him forward from behind greatly to the amusement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnificent spreading oak, sit the 'squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass, to whom a gipsy with an infant on her shoulder is teiling their fortune. Over the shoulders of son the finest work of the kind ever

WHITENACK'S IMPROVED NEW JERSEY MOWER AND. REAPER, WITH DORSEY'S SELF-AOTING RAKE.

The Manufacturers of this Machine have the best reason for believing that it is the best Reaper in use. The advantages claimed for DORSEY'S SELF-ACTING RAKE on the JERSEY REAPER, are these: It is of lighter draught than any other machine known. It is extremely simple in construction; compact and durable. The driver sits on the borse next the grain side, where he can have full view of the operation and avoid all obstructions; It dispenses with the Rosel entirely; the Ravolving Arms serving a far bester purpose, gathering the grain genity to the sutters. When unfficient straw has been sut to form a proper seized sheaf, the Rake, in an easy, graceful manner removes it from the platform by side delivery, leaving the track perfectly clear, so that an entire field may be cut, if desired, before binding a single sheat. No straw will be found scattered between the sheaves. The sheaves are delivered with regularity. Their compact and nest appearance cannot be equalled by any hand-rakes, from resping machine or cradle swaths.

The Rake can be stjusted to sult heavy or light grain, The Rake can be adjusted to suit heavy or light grain, forming large or small sheaves, as desired. Binders prefer working after this machine; and farmers can dispense with one or more binders by using it, simply because the gavels are laid in better condition, and this laborious operation of binding rendered far less fatiguing by the regularity with which the sheaves are formed. The Rake takes off either tangled or straight grain, leaving the butts even and square. The weight of the rake is the same as that of an ordinary reel, requiring no more power to work it: and square. The weight of the rake is the same as that of an ordinary reel, requiring no more power to work it; and by dispensing with the weight of the hand-raker, it is evident less power is required to drive the machine. By the substitution of the Rake, the labor, wages and board of a man are asved, to eay nothing of the extra power requisite to draw him over the ground, especially when he is located near the grain side, thus greatly in creasing side draught. The Machine is perfectly balanced, leaving no more weight on the horse necks than is necesary to keep the tonget down. The Mowing arrangement operates in all kinds of grass in the most satisfactory manner, with an improved Lever for Raising and Lowering, while in motion.

ALL MACHINES WARBANTED TO CUT GRAIN IN A WORKMANLIKE MANNER.

It cures Consumption.

It cures Sore Throat, Coughs and Colds.

It cures Asthma, Scrofula, and Impurities of the Blood.

This unequalied remedy is now for the first time introduced to the public.

It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by learned physicians in Europe.

He has forwarded to us in writing, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation, and also a full account of the medicine.

At his request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for free distribution. Its interest is enhanced by an account which he gives of some of the scenes of Syrian massacres, which he obtained from those who suffered in that awful tragedy. This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it.

We import the MAKORA ARABICA direct from Smyrna, through the bouse of Cleon & Gyllppus, and we have always on hand a full supply put up in bottles ready for use with full directions.

Price one dollar per bottle. Sent by mail, on receipt of price, and 24 ceuts for postage.

I G H T E & BRADBURYS

L PATENT INSULATED FULL IRON FRAME NEW
SCALE GRAND AND SQUARE PIANO-FORTES.

The insulated fron Frame preserves the original tone of the instrument in all its purity, securing it for all time against that most disagresable tinny quality of tone invariably found in all other Iron Frame Plano-Fortes. It greatly strengthens the case and thus keeps the Piano-Fortes much longer in tone. It gives the instrument a much fuller, richer and sweeter tone. It adapts the Piano to all climates and to all changes of atmosphere, and in all respects it is pronounced by our "artiste" the greatest improvement of the age in Piano-Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europe.

A FEW TESTIMONIALS IN REGARD TO THE SUPERIORITY OF OUR NEW SCALE PATENT INSULATED PIANO-FORTES.

"I have examined the Piano-Fortes of Lighte & Brad-"I have examined the Piano-Fortes of Lighte & Brad burys with entire satisfaction. I know not that there are any others better, either in our own country or elsewhere."

—Dr. Lowell Mason.

"In clearness, richness, and volume of tone, delicacy, elasticity of touch, and fine repeating action, I have never played upon their equal."—H. A. Wollenhauft.

"In volume, richness, evenness, and purity of tone, and in delicacy of touch they certainly excel, and in that beautiful singing quality so desirable yet so seldom found."

—WILLIAM MASON.

"I have recons." "I have never played upon so rich and heavy a tone quare Piano-Forte."—ARTHUR NAPOLEON. "I am astonished and delighted with the New Scale Iron Frame Piano-Fortes made by you, There must be a splendid future for Lighte & Bradburys' Piano-Fortes."— Gro. F. Roor. I have never played upon so fine an instrument."-"I have never played upon so me an insatument."

"I consider them as to beauty, richness, fullness and equality of tone, as well as their agreeable, elastic touch, equal if not superior to any Pianos made in this country or Europe."—Kar. Writs.

"In power, quantity, and equality of tone, they certainly excel; while for that peculiar rich and and singing tone so invaluable as an accompaniment to the voice, I have never met their equal."—C. Bassini.

"They have all the requirements for a superior interpretation of both classical and modern compositions."—M. STRAKOSH.

I do cartify that Prof. De Grath's Electric Oil is Infallible for Rheumatic pains. My wife for some time past has been greatly afflicted and unable to walk, has been restored by the application of this Oil almost instantaneously; and I can cheerfally recommend it to others.

JOHN WILLIAMSON, Att'y at Law.

FILES OIL ACTS ON THE REFIEM WITH ELECTRICITY.—Its of pure vegetable preparation, not the slightest danger of applying it outwardly or inwardly, it at once gives a permanent cure, in most cases, from ten to twenty minutes. The best physiologists of Europe have discovered that all Organic Derangement in the Animal System is the effect of an obstruction of the Physico Electro Fluid in the organ diseased—a skillful application of this Oil puts in immediate motion the nerve fluid, and the cure is at once accomplished. No bleeding, no vomiting, purging or blistering is resorted to.

WONDERFUL REPORTS FROM WELL-KNOWN

CITIZENS.

PILES AND THE REFURATISM—Some remarkable cures are daily coming to light:—Charles Saxton, Esq. ex-Mayor of the City of Camden, says, the "Electric Oil" cured him Piee by six applications; also, Rheumatim. He says it is a very valuable remedy, and everybody ought to know it. NURALGIA.—Mr. David Mann, 469 Vine street, says DeGrath & Co's "Electric Oil" cured him, and that he was a great sufferer.

Stipt NECK—Mr. "ann's daughter was much sfilicted with stiff and swollen neck, which this Oil cured immediately.

Bad Sprain.—Mr. A. D. Highfield, No. 12 Howard street, met with a serious accident, which laid him up, says: He tried everything, even the usual cold water shower without any benefit—used a single bottle of the Oil, which cured him—also says it cured frosted feet.

CATARRI IN THE BREAST.—Mr. Wardlow's little girl was cured. This is a very interesting case. Come and see. And so it is, I am daily called upon to chronicle cures like the above. Indeed, all pain vanishes by the use of my Oil.

The idea of representing the LORD'S PRAYER by an engraving, and ornamenting it and arranging it in such a manner as 'to produce at once a model of neatness and tasts, was conceived and carried out by tRMSBY, the celebrated Bank Note Engraver, of New York city. It commences with exquisitely executed words of 'OUR FATHER, and then follow, in succession the other parts of the Frayer, every phrase of which is engraved in the most elegant and tastful manner. Near the bottom of the picture is a superbly executed head of OUR BAYIOUR, and encircling the upper part of the engraving are ten angels, each bearing one of the TEN COMMAND many Tender the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by Clergymen of all denominations. THELOBD'S PRAYER
We have carefully examined this engraving, offered for sale in this community by Messrs. Austin & Wehrly, and do not hesitate to pronounce it one of the finest works of American Art we have ever seen. The design is beautiful, the style of execution is superior, and the illustrations are excellent. Its appearance will at once secure for it the admiration of a refuned community, and recommend it to the Christian public. It is highly ornamental, and is calculated to exert a refining influence in a family, and an elevating and purifying effect upon the morals and religion of society, and it should meet, as we understand it deserves, with a rapid and extensive sale.
