FORTRESS MONROE, June 10, 1861. To LIBUTENANT GENERAL SCOTT :- General Having learned that the enemy had established an outpost of some strength at a place called Little Bethel, a small church, about eight miles from Newport News, and the same dis tance from Hampton, from whence they were accustomed nightly to advance both on Newport News and the picket guards of Hampton annoy them, and also from whence they had come down in small squads of cavalry and taken a number of Union men, some of whom had the safeguard and protection of the troops of the United States, and forced them into the rebel ranks, and that they were also gathering up the slaves of citizens who had moved away and left their farms in charge of their negroes, carrying them to work in entrenchments a Williamsburg and Yorktown, I had determined to send up a force to drive them back and des troy their camp, the headquarters of which was this small church. I had also learned that at a place a short distance further on, the road to Yorktown, was an outwork of the reb els, on the Hampton side of a place called Big Bethel, a large church, near the head of the north branch of Back river, and that here was a very considerable rendezvous, with works of more or less strength in progress of erection, and from this point the whole country was laid under contribution.

Accordingly I ordered General Pierce, who is in command of Camp Hamilton, at Hampton, to send Duryea's regiment of Zouaves to be ferried over Hampton creek at one o'clock this morning, and to march by the road up to Newmarket bridge, then crossing the bridge, to go by a by road, and thus put the regiment of the enemy, and between Big Bethel and Little Bethel, in part for the purpose of cutting him off, and then to make an attack upon Little Bethel. I directed Gen. Pierce to support him from Hampton with Col Townsend's regiment, with two mounted how itzers, and to march about an hour later. At same time I directed Colonel Phelps, commanding at Newport News, to send out battalion, composed of such companies of the regiments under his command as he thought t, under command of Lieutenant Colonel Washburn, in time to make a demonstration upon Little Bethel in front, and to have him supported by Colonel Bendix's regiment, with two field pieces. Bendix's and Townsend's regiments should effect a junction at a fork of the road leading from Hampton to Newport News, something like a mile and a half from Little Bethel. I directed the march to be so timed that the attack should be made just at daybreak, and that after the attack was made upon Little Bethel, Duryea's regiment and a regiment from Newport News should follow immediately upon the heels of the fugitives, if they were enabled to cut them off, and attack the battery on the road to Big Bethel, while covered by the fugitives: or, if it was thought expedient by General Pierce, failing to surattempt to take the work near Big Bethel .-To prevent the possibility of mistake in the darkness. I directed that no attack should be made until the watchword should be shouted by the attacking regiment, and, in case that by any mistake in the march the regiments that were to make the junction should unexpectedly meet and be unknown to each other. also directed that the members of Colonel Townsend's regiment should be known, if in daylight, by something white, worn on the The troops were accordingly put in motion as ordered, and the march was so timed, that Colonel Duryea had got in the position noted upon the accompanying sketch, and Lieutenant-Colonel Washburn, in command of the regiment from Newport News, had got into the position indicated upon the sketch and Colonel Bendix's regiment had been posted and ordered to hold the fork of the road, with two pieces of artillery, and Colonel Townsend's regiment had got into the place indicated just behind, and were about to form a junction as the day d wned.

Up to this point the plan had been vigor-

ously, accurately and successfully carried out; but here, by some strange fatuity, and as yet eighteen hundred and sixty when the survey of th unexplained blunder, without any word of no tice, while Colonel Townsend was in column en route, and when the head of the column was revenue in 1859, appears in the last number within one hundred yards, Col. Bendix's regiment opened fire with both artillery and musketry upon Col. Townsend's column, which in the hurry and confusion, was irregularly 1859, an increase of \$570,346, or a sum equal returned by some of Col. Townsend's men, to \$47, 528 per month for the year round. who feared that they had fallen into an ambuscade. Col. Townsend's column immediately retreated to the eminence near by, and were not pursued by Col. Bendix's men. this almost criminal blunder two men of Col Townsend's regiment were killed, and eight more or less wounded.

Hearing this cannonading and firing in his rear. Lieutenant Colonel Washburn, not know ing but that his communication might be cut off immediately reversed his march, as did Colonel Duryea, and marched back to form a junction with his reserves.

General Pierce, who was with Col. Townsend's regiment, fearing that the enemy had got notice of our approach, and had posted nself in force on the line of march, and not getting any communication from Colonel Duryea, sent back to me for reinforcements, and I immediately ordered Colonel Allen's regiment to be put in motion, and they reached Hampton about seven o'clock. In the meantime the true state of facts having been ascertained by General Pierce, the regiments effected a junction, and resumed the line of march. At the moment of the firing of Colonel Bendix, Col. Durvea had surprised a part of an outlaying guard of the enemy, consisting of thirty persons, who had been brought into me

surprise above the camp at Little Bethel was to have been vacated, and the cavalry had pressed on toward Big Bethel. Colonel Duryea, nowever, destroyed the camp at Little Bethel General Pierce then, as he informs me, with the advice of his Colonels. thought best to attempt to carry the works of the enemy at Big Bethel, and made dispositions to that effect. The attack commenced, as I am informed—for I have not received any official reports-about half past nine o'clock At about ten o'clock General Pierce sent a

thought he should be able to maintain his position until reinforcements could come up. Acting upon this information, Colonel Carr's regiment, which had been ordered in the morning to proceed as far as Newmarket Bridge as allowed to go forward. I received this information, for which I had sent a special messenger, about twelve o'clock. I immedi ately made disposition from Newport News to have Col. Phelps, from the four regiments there, forward aid if necessary. As soon as these orders could be sent forward I repaired to Hampton, for the purpose of having proper ambulances and wagons for the sick and wounded, intending to go forward and join the command. While the wagons were going forward a messenger came, announcing that the engagement had terminated, and that the troops were retiring in good order to camp .-I remained upon the ground at Hampton, personally seeing the wounded put in beat and towed round to the hospital, and ordering forward Lieutenant Morris, with two boa howitzers, to cover the rear of the returning column in case it should be attacked. Having been informed that the ammunition of the artillery had been expended, and seeing the head of the column approach Hampton in good order, I waited for Gen. Pierce to come up. I am informed by him that the dead and wounded had all been brought off, that the return had been conducted in good order and without haste. I learned from him that the men behaved with great steadiness, with the exception of some few instances, and that the attack was made with propriety, vigor and courage, but that the enemy were found to be supported by a battery, variously estimated at from fifteen to twenty pieces, some of which were rifled cannon, which were very well served, and protected from being readily turned by a creek in front.

is very considerable, amounting perhaps to forty or fifty, a quarter part of which you will see was from the unfortunate mistake-to call it by no worse name-of Col.

I will, as soon as official returns can be got, give a fuller detail of the affair, and will only add now that we have to regret especially the death of Lieut. Greble, of the Second artillery, who went out with Col. Washburn, from New port News, and who very efficiently and gallantly fought his piece until he was struck by a cannon shot. I will endeavor to get accurate statements to forward by the next mail. I thirk in the unfortunate combination of circumstances, and the result which we experienced, we have gained more than we have lost. Our troops have learned to have as heard from, is nearly unanimous, and the confidence in themselves under fire, the enemy State is largely for Secession.

field, and our officers have learned wherein their organization and drill are inefficient. While waiting for the official reports, I have the honor to submit thus far the information of which I am possessed. I have the honor

Most respectfully, Your obedient servant,
Bens. F. Butler, Major General commanding. SECESSION IN MISSOURI. ROCLAMATION OF THE GOVERNOR OF MISSOURI-

THE U. S. TROOPS. St. Louis, June 13. Governor Jackson has issued a proclamation

dition as Maryland. He accuses the Federal authorities of fostering the inauguration of revolution and civil war for the overthrow of revolution and civil war for the overthrow of the State Government, and calls 50,000 State Peak, Arizona. There were two Americans Militia into active service for the protection of the lives, liberty, and property of the citizens. The proclamation concludes thus:

In issuing this proclamation, I hold it to be my solemn duty to remind you that Missouri is still in the United States; that the Execu ive Department of the State Government does

not arrogate to itself the power to disturb that elation; that power has been wisely vested in a Convention which will at the proper time express your sovereign will; and that in the meantime it is your duty to obey all the Constitutional requirements of the Federal Gov-ernment, but it is equally my duty to advise you that your first allegiance is due to your own State, and that you are under no obligation to obey the unconstitutional edicts of the military despotism which has introduced itself at Washington, nor to submit to the infamou and degrading sway of its minions in this State. No brave and true hearted Missourian will obey one or submit to the other. Rise then and drive back the ignominious invaders who have dared to desecrate the soil which your labors have made fruitful, and which is consecrated by your homes.

HERMANN, June 13. The State troops have erected a battery below the mouth of the Osage river. Reports from Jefferson City state that State troops are concentrating there and that 1,100 are on the road from Salina and 500 from Cooper county.

IMPORTANT FROM HARPER'S FER-RY.

FREDERICK, MD.. June 14. It is here reported, upon the authority of a messenger who arrived here this morning within one mile of Harper's Ferry, that the oridge across the Potomac at that point was blown up and entirely destroyed between 4 and 5 o'clock this morning. The explosion was distinctly heard, and the smoke of the

burning structure seen by parties here.

The messenger further reports that all the troops have been withdrawn from the Mary land shore, and that the town of Harper's Ferry has been evacuated by the great body of troops recently there. A small force is yet rise the camp at Little Bethel, they should there, probably the rear guard of the retreat ing army.

It is reported that eight car loads of provisions were destroyed to prevent their falling into the hands of the Federalists, who are supposed to be concentrating upon Harper's erry from the directions of Greencastle and Cumberland.

The wife and family of General Hager were at the Ferry last night, and had engaged a private conveyance from this city to take them to a point further southward, but were com-pelled to accompany the column by its sudden

was so flight.
In the po The destruction of the brigade may be regarded as certain, confirmatory intelligence of the fact has been received here within a few minutes. A gentleman from this city, who was at Harper's Ferry last night, saw the preparations being made for the blowing up of the structure. The bridge at Shepherdstown was also burnt last night.

> THE PENNSYLVANIA RAILROAD.—An interes eighteen hundred and sixty, showing a most satisfactory increase of the local freight busi ness as compared with the same sources of the Register says: "The freight earnings ex ceed the passenger earnings largely, more than two to one.—The Pennsylvania Railroad, therefore, is most distinguished for its freigh business, for the part it performs in the com merce of the country as a carrier of producfrom the interior to the seaboard, and of merchandise from the seaboard to the inte

A Woman's Wrongs Revenged .- The Elyria (Ohio) Democrat of the 5th inst. gives an account of a sad affair in Columbia on the Thursday previous:

Miss Sabin charged the paternity of her child on James Van Dorn. Since she became a mother no opportunity had offered for seeing Van Dorn, until at a religious meeting on the evening of the said Thursday. At the close of the service Miss Sabin approached him with the child in her arms, and after a brief conversation asked the privilege of a private interview. He replied that he had no time to talk with her then, and, in company with his sister and one or two other young ladies, started towards home. While on the way, Miss Sabin, who had followed them, came up behind them, and with a single stroke with a Of course by this firing all hopes of a razor, inflicted a ghastly wound on the back of his neck, almost severing the large cords.

It is and, upon marching upon it, it was found

The wounded man was conveyed to his father's house, and Miss Sabin was arrested the same evening, charged with an assault with intent to kill, and taken before G. W. Weeden, Esq., who fully committed her for trial. On Friday she was brought to jail, but was immediately released on bail. Mr. Van Dorn is doing well, but will, it is feared, have a stiff neck the remainder of his days.

HEALTH OF GEN. SCOTT .- A correspondent

of the Boston Advertiser writes from Washingnote to me saying that there was a sharp engagement with the enemy, and that he On Sunday I had the pleasure of an interview in company with a friend, with General Scott. So much has been said of his health that I am happy to be able to speak authoritatively upon the subject. Our interview was of at least an the subject. Our interview was of at least an hour, and in the course of it I said to him that everybody felt a deep interest in his preservation, and I begged to know what I might report when I reached home, as to his health. He said that some time ago he received a fall in passing down a stairway, by which his limbs were partially paralyzed by a blow upon his spine, and that he rose or walked with some little difficulty; but that besides that, his health was excellent. And I can add that if a free, brisk, unembarrassed conversation of an hour, upon a great variety of topics, can furnish any test of quickness and vigor of intellect, the country has no cause to apprehend that the General is not as capable to plan and carry out a campaign as when he started on his memorable march from Vera Cruz to Mexico.

POLICY OF GEN. SCOTT.

The experienced veteran, who directs and hour, and in the course of it I said to him that

The experienced veteran, who directs and controls the military movements of the day, said to a confidential friend, within a few days, that peace would be restored to the whole country and the country restored to its legitimate proportions by the return of May month in 1862. His movements now in regard to Virginia evidently indicate a grand coup de grace that will decide the supremacy of military power in that State. The advance of troops from three or more points upon Harper's Ferry, the complete preparation of Gen. Butler's column to make an advance upon Norfolk, and General McDowell's column now prepared for advancing upon Manassas Junction, suggests a grand simultaneous move ment upon those important points, that will decide the supremacy and control in that State.

THE TENNESSEE ELECTION. The vote on the adoption or rejection of the Secession Ordinance took place in Tennessee on Saturday week. At Nashville the vote for separation and representation was 3,093; against it, 249. Eleven other districts in the county gave 2,393 for separation and representation, and 88 against it. In Memphis the vote stood 5,608 for separation, 4 for no representation, and 5 for Union. A dispatch from Nashville states that the interior, as far

MARYLAND FOR THE UNION, -It is believed that the majority for the Union in Maryland is not less than 50,000. In three of the districts there were no disunion candidates, and consequently those who had secession proclivities did not vote; but, on the other hand, the candidates in the districts where there was opposition to the Union nominees were not avowed ecessionists; so that there can no longer be any doubt that a very large majority of the 50,000 VOLUNTEERS CALLED FOR TO RESIST people of that State desire to remain citizens of the United States, and are willing to yield obedience to the Constitution and the laws .-Maryland, therefore, should no longer be rethe Federal Government, which he says are designed to reduced Missouri to the same con.

Horrible Butchery.—The Indians lately killed, and seven more are missing. The bodies of two men were found, tied by the feet to trees, their heads reaching within eighteen inches of the ground, their arms extended and fastened to pickets, and the evidences of a slow fire under their heads. The bodies had been pierced with arrows and lances. They were so disfigured as to render recognition impossible.

A BRILLIANT EXPLOIT.

CHAMBERSBURG, June 13 .- Under instruc tions from Maj. General Patterson, Col. Lewis Wallace with his regiment of Indiana volunteers left Cumberland on the 11th inst., for Romney, Virginia, where he surprised and after a sharp fight, completely routed five hundred Secession troops, capturing some prisoners, killing two, and wounding one, and taking first class camp equipage, provisions, medical stores, arms, &c. On our side one was slightly wounded. The regiment returned to Cumberland the same day.

REFUSAL TO WITHDRAW THE FED. ERAL TROOPS FROM MISSOURI. St. Louis, June 11.-Another conference has been held in this city, between the State and Federal authorities. The State was represented by Gov. Jackson and Major General Price, and the Federal Government by General Lyon and Col. Blair. The State authorities demanded the removal or disbandment of the Federal troops from Missouri soil, and the State would disband the militia. Gen. Lyon refused to do this, and the conference, after a few hours' session, broke up without coming to a pacific conclusion.

Governor Jackson and General Price returned to Jefferson City by special train, to-night. GENERAL PIERCE.—Gen. PIERCE, who commanded the expedition to Great Bethel, is citizen of Massachusetts, and held a military command in that State in the militia. Many persons suppose that General Franklin Pierce, ex President of the United States, is the person alluded to, but the ex President is a New

Hampshire man, and is not in the army. GOOD NEWS FOR THE POOR!-It is stated that a committee of New York merchants, to whom Mr. Chase, Secretary of the Treasury. referred for advice on the revision of the tariff have recommended a duty on tea, both black and green, of ten cents per pound; on coffee three cents per pound, and on sugar two and a half cents per pound—and it is very generally believed in mercantile circles that this revised tariff will go into effect on the 1st of August next.

A Fund for Mr. Douglas' Family .- The Chicago papers publish an address to the peo-ple of the United States, but more particularly of Illinois, setting forth the fact that Mr. Doug las died leaving no foot of earth on which his family can reside and call their own. His widow has given to the State the three acre lot as a resting place for the remains of her husband. The address invites voluntary contribuious to a fund to be administered by trustees to provide a home for the widow and children of Mr. Douglas.

Gen. George M. Keim, a prominent and influential citizen of Reading, died, after a brief illness, in that city, on the 10th inst., aged 57 years.

I have for several months past, though subject to loss of sleep, and unusual physical effort, been graving questions are for the time by common consent adjuncted. The past is dead, save in its lessons of experience, while my general health is very much improved."

The Breat mission of the Democratic Party, which has ever stood as the bulwark of the Union and the Champion of the Constitution, renders its entire unity and bold attitude in this hour of husial peril a matter of vital concern. The pending struggle is not less for the maintenance of a United Country than for the Perpetuation of Democratic Principles, as expounded by Jefferson and Jackson. The most momentous results hang upon the issue. Mere party questions are for the time by common consent adjuncted. The past is dead, save in its lessons of experience. The Democratic heats have not shrounk from their full same in the responsibilities and dangers of the emergency. They have railled with one accord around the Standard of our common country. But the accession imposes other duties. The Government will demand and receive the willing support of every patriot, in its efforts to vindicate the National Authority should be a s

juncture.

It is the purpose of the Proprietors to make "THE UNION," in every respect a first-class Journal. The Democracy of the whole State feel the need of a bold and to render "THE UNION," and no effort will be spared to render "THE UNION," both popular and and efficient to render "THE UNION" both popular and and efficient as a newspaper, and as a fearless exponent of the great principles for which the Democratic party have sever contended, and which are now so unhapplity imperilled.

The Proprietors have perfected such arrangements as will place the enterprise, from the beginning, upon a substantial business basis, with abundant means to make a Newspaper second in interest and ability to no other in the city; and while the paper will be fasarlessly Democratic, it will sedulously avoid all faction, as the deadliest bane to party efficiency.

We look to the DEMOCRATIC MASSES for support, and shall labor to make "THE UNION" in every way worthy their confidence and liberal patronage, as a fresh, readable and fearless Journal.

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Erupsions, Pimples, Pustules, Blotches, Beils, Blains, and all Skim Diseases.

J. C. Ayen & Co. Gents: I feel it my duty to see the converge of the control of t

AYER'S

Sarsaparilla

FOR PURIFYING THE BLOOD.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Sait Rheum, Scaid Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., INSO, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persovering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eryptims by it constantly.

Bronchocele, Gottre or Swelled Neck. Zebulon Stean of Propect, Texas, writes: "These bec. Zebulon Skan of Prespect, Texas, writes: "Three bot-tles of your Sarsaparilla cured me from a Goire—a hid-eous swelling on the neck, which I had suffered from over two years."

cons swelling on the neck, which I had suftered from over two years."

Leucorrheea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases, Dr. J. B. S. Channing, of New York City, writes, I mest cheerfully comply with the request of your agent in saving I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fanale Diseases of the Scrofidous diathesis. I have cured many invetarate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous corrian timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Meccurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Aver: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your, Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had dasten away a considerable part of it, so that I believe the disorder would seen reach his brief and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day alse suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that his Preparation from your laboratory must be a great remedy: consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint. Syphilis and Mercurial Disease. Rheumatism, Gout, Liver Complaint.

INDEPENDINCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. Ayer. Str. I have been afflicted with a pain-ful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Saraaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FIREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the flev. Mr. Espy, advised me to try your Sarsaparilla, because he said he kraw you, and any thing you made was worth trying. By the blessing of 6ed it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Rheumatism, Gout, Liver Complaint.

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanna, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Henrt Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness,
Croup, Bronchitis, Incipient Consumption, and for the Relief
of Consumptive Patients in advanced Stages of the Disease.

Of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivadied excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the viruses that it fill between walking the content of the conte do more than to assure them that it has now all the vir-tues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & CO.; Lowell, Mass.
