After some discussion, the report was agreed to.—
So the bill was passed.
The bill for the suppression of insurrection was Mr. Cowan, of Pennsylvania, moved to postpone its consideration till December.

Mr. Bayard, of Delaware, thought that was the best disposition that could be made of the bill. It was unconstitutional.

Mr. Harris, of New York, also spoke in favor of a postponement. He thought the bill was too important to be matured this session in the temper of the Senate and temperature of the place.

He was inclined to think that the necessities of

He was inclined to think that the necessities of the case gave military commanders all the power they needed.

Mr. Browning, of Illinois, argued in favor of the present consideration of the bill.

Mr. Breckinridge, of Kentucky, said he should vote for a postponement. He was glad to see the Senate at last pause before passing even a single bill. He wished this bill was published in every newspaper in the country, believing that it would meet with universal condemnation. He thought the tendency of this bill was to abolish all State Government and to destroy the last vestige of political and personal to destroy the last vestige of political and personal liberty.

Mr. Trumbull, of Illinois, contended that some

Mr. Trumbull, of Illinois, contended that some bill of this kind was necessary from the exigencies of the times. The Constitution was in danger. We have voted men and money to carry on the war to save the Constitution, and how can we justify our-selves without maturing a bill so much needed? If we postpone the bill we will allow the Constitution to be violated every day, and leave the military to do as they places without restriction.

to be violated every day, and leave the military to do as they please without restriction.

Mr. Collamer, of Vormont, contended that as we were in a state of war, the President and Government were invested with certain powers under the laws of war. And if the Senate intended by this bill to authorize all acts that were necessary, then this bill was only a beginning of numerous acts that would be equally necessary. He thought this subject should not be legislated about by Congress.

Mr. Trumbull replied, contending that the power was vested in Congress to act on such measures, and had been exercised many times.

Mr. Breckinridge said the drama was beginning to open. The Senators who urged this war have

to open. The Senators who urged this war have commenced to quarrel among themselves. The Sen-ate has already passed a general confiscation bill, and also a general emancipation bill. The Police Commissioners of Baltimore have been arrested without any law, and carried off to an unknown place, and the President refuses to tell the House what they were arrested for and what has been done with them. Yet you call this liberty and law!

The Senator from Illinois (Mr. Browning) had said that he (Mr. Breckinridge) had assailed the President with severity if not malignity. In the midst of these events he could not cherish personal animosity, and towards the President he never entertained such a spirit. On the contrary, he thought more highly of him than did many of his counsellors. He believed him to be an honest man, trampling the Constitution under foot with good motives, but from evil counsels. Commissioners of Baltimore have been arrested with-

from evil counsels. But the proceedings of Congress have far eclipsed anything the President has done, and the President' and the freshelm acts sink into nothingness before the absolute out-rages of personal liberty perpetrated by Congress. It is evident that the Constitution is to be laid aside,

It is evident that the Constitution is to be laid aside, and he wanted the country to know the fact. Gentlemen, we are on the wrong track, and the people are beginning to see it.

Nothing but ruin to the North and the South will follow this war. Let Congress pause, and respond to the uprising all over the country for peace. War is final dissolution. If we go on twelve months longer, we will have three Confederacies instead of two. He know he was uttering sentiments which two. He know he was uttering sentiments which nearly all sneered at, but he was willing to abide by the final judgment of history.

Mr. Baker, of Oregon, asked what parts of the bill were unconstitutional.

Mr. Breckinridge said all its provisions were so attentions that he could be the state of the bill were unconstitutional.

atrocious that he could not particularize.

Mr. Baker referred to the first section, and said it was not unconstitutional for the President to declare a military district in a state of insurrection. was not unconstitutional for the President to declare a military district in a state of insurrection.

Mr. Breckinridge said the President had no authority to declare a State in insurrection.

Mr. Bakor contended that the President had the right to declare a district in insurrection, whether it composed a State or two States. When the civil power is overthrown, the President must call on the military to preserve the Government. The only thing the President can do is to advance armies, and put down rebellion. The Senator from Kentucky stands up bravely to speak sentiments which he tands up bravely to speak sentiments which he ward. What would have been thought of a Roman ward. What would have been thought of a Roman Senator who declared for peace when Carthage was advancing on Rome? A Senator near me says he would have been hurled from the Tarpeian rock.—
The North and East will never falter, but give all their blood and treasure to support the Government. He foretold a brilliant future for the Republic.

Mr. Breckinridge said he should detain the Senate but a moment louger. The Senator from Oregon seemed to forget that the Government was one of delegated powers. He has asked what would I have him do. I would have him stop this war, because I

delegated powers. He has asked what would I have him do. I would have him stop this war, because I believe that constitutional liberty will find in it its grave. I would prefer to see the States reunited on grave. I would prefer to see the States reunited on the principles of our fathers; and if I could so reunite them, I would consider the sacrifice of my life as nothing. The Senator says I am speaking brilliant treason. I was not aware of it. I believed that I was speaking for the good of my country.—He was speaking by the indulgence of no man, but by the guarantee of the Constitution. The Senator asks what would been done to a Roman Senator had he done certain things, and another Senator (whose courage has been overrated) says he would have been hurled from the Tarpeian rock. If we ever have a Tarpeian rock and a victim, he (Mr. Breckinridge) wanted it to be a man who, according to the measure of intellect, had been the chief author of our public of intellect, had been the chief author of our public misfortune. He, and men like him, had brought the country to its present condition. He replied with the indirection has condition. with the indignation he ought to feel at such an in-sult on the floor of the Senate. The opinions he entertained were his own, and honestly entertained and he believed they were the opinions of his State and he repeated, that if his State decided to go int the war, he would no longer represent her in the

Mr. Baker said he would leave him to settle that Mr. Baker said he would leave him to settle that question with his State.
Mr. Doolittle, of Wisconsin, said the Senator from Kentucky seems to forget that one of the powers of the Constitution is that guarantying a republican form of government to every State. When South Carolina sets up a military despotism, the Government is bound to aid loyal citizens in establishing a free Government. He declared that this was not a free Government. He declared that this was not war of subjugation at all, and contended that Vir ginia was showing the true mode of reconstruction of the Government. He wanted to have all pettifogging on constitutional points stopped when armed rebels are threatening the capital.

The motion to postpone was lost by the following vote:
YEAS—Messrs. Bayard, Breckinridge, Bright, Collamer, Cowan, Doolittle, Harris, Howe, Johnson of Missouri, Kennedy, Latham, Polk, Powell, Rice, Saulsbury and Thomson—16.

GOOD FOR LINCOLN. Our Washington correspondent a few days ago, in a private conversation with Mr. Lin COLN, asked him how he liked the conduct of the Northern Democracy on the present cri

"Honest Old Abe" replied with a blushthat "their patriotic support of the Constitution and the Union is just what he expected of the followers of Douglas-that if they had not rallied to the support of the "Stars and Stripes," there would now be no government left us." Said he, "if the Democracy had served me and my administration such a trick as Mr. Corwin and myself served the admin istration of Mr. Polk during the Mexican War, we should now be in the hands of JEFF Davis. At that time, we were traitors to our country and gave aid and comfort to the Mex icans, and if our countrymen were to treat us now as we treated them then, we should welcomed with bloody hands to hospitable graves."-Bucyrus (O.) Forum.

THEN AND Now!-Jefferson Davis, in a speech at Portland, a year or two ago, said: "If, at some future time, when I am mingled with the dust, and the arm of my infant on has been nerved for deeds of manhood, the storm of war should burst upon your city, I feel that, relying upon his inheriting the stincts of his ancestors and mine, I may pledge him in that perilous hour to stand by your side in the defence of your hearth stones, and in maintaining the honor of a flag whose constellation, though torn and smoked in many a battle by sea and by land, has never been stained with dishonor, and will, I trust, forever fly as free as the breeze which unfolds it."

SPECIAL NOTICES.

Ap Domestic Cabinet Mender.--It is one of the wonders of the age that such vast sums are expended in getting up apparently triffing articles; and another marvel that these are of so much utility. Large fortunes have been made out of matches, which are sold at the rate of one or two hundred for a penny. Somewhat similar, we are told, is to be the success of a recent invention for repairing all kinds of furniture, "Spalding's Prepared Gine." It is prepared chemically, will keep in all climates, may be applied on the instant, and if all that is said of it is true, must become highly useful in repairing broken furniture, dilapidated books, and indeed in all cases where glue is usually applied.—From the Observer, New York, August 18, 1859.

\*\*S\*\* Good Looking People are generally possessed of good health, and a disordered condition of the system son betrays itself in the pallid and careworn countenance of the unhappy invalid. Dr. O. Pheips Brown's Acacian Balsam, is justly celebrated as the most successful remedy of this or any other age, in curing consumption, nervous disorders, complisints of the liver, heart, etc., and it not only imparts a new life and activity to every organ, but it also rejuvenates the system, making the elderly look once more young and fair, and young more blooming than ever before. The invigorating properties of the Acacian Balsam are such, that while it atimulates every organ of the physical being to increased activity, it places each in possession of a renewed vital force sufficient to eject disease and eradicate every morbid taint which may be lurking in the system. It also increases the secretions, produces new and healthy flesh and blood, and consequently makes whole and hearty the entire being. It is a tonic alterative and disphoretic, a stimulant without the faintest reaction. It does not simply remedy a local evil, but purifies and ejects every vestige of disease from the body. The Acacian Balsam is sold at \$2 par large bottle. It may be obtained of:

STEREOSCOPES AND VIEWS.

Our establishment is the great Emporium for everything in the Sterooscopic line, and our assortment is the most complete probably of any in the world.

The Stereoscope is the most instructive, interesting, entertaining, amusing and exciting of modern inventions. None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and beauty. No home is complete without it, and it must and will penetrate everywhere.

It presents to your view every part of the world, in all the relief, boldness, perspective, and sharpness of detail, as if you were on the spot.

We have an immense variety of Views of Scenes in Paris, London, England, Scottand, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Tuilleries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, ale Groups Historical, amusing, marriage scenes, breakfast scenes, pic nics, statuary, etc., etc. An exquisite ascriment of Illuminated Views is most remarkable.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the fortieth part of a second, and everything, no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the besuties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders of a second, and everything, no matter how rapidly it may be movin of life and motion. TO THE PEOPLE OF THE UNITED In the month of December, 1888, the undersigned for the first time offered for sale to the public Dr. J. Bovee Dode' Imperial Wine Bitters, and in this short period they have tiven such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and movel. of persons who have tried them that it is now an estab-lished article. The amount of bodily and mental misery arising simply from a neglect of small complaints is sur-prising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ail-ment should be had; for diseases of the body must invari-ably affect the mind. The subscribers now only ask a DR. J. BOVEE, DODS, IMPERIAL WINE BITTERS!

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its paris, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Females, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them, as they are revirifying in their action.

THESE BITTERS WILL NOT ONLY CURE, BUT PRE-WINT DISEASE, and in this respect are doubly valuable to the person who may use them. For

They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only Cure, but Prevent Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable Bitters over the land, and thereby essentially aid in banishing Drunkenness and Disease.

IN ALL AFFECTIONS OF THE HEAD, SICK HEAD—ACHE, OR NERVOUS HEADACHE, DR. DODS' IM—PERIAL WINE BITTERS WILL BE FOUND TO BE MOST SALUTARY AND EFFICACIOUS.

FEMALES

The many certificates which have been tendered us, and he letters which we are daily receiving, are conclusive most that among the women these Bitters have given a attifaction which no others have done before. No woman in the land should be without them, and those who once in the land should be without them, and those who once use them will not fail to keep a supply.

DR. J. BOYEE DODS' IMPERIAL WINE BITTERS are prepared by an eminent and skilful physician who has used them successfully in his practice for the last twenty-five years. The proprietor, before purchasing the exclusive right to manufacture and seli Dr. J. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, who pronounced them a valuable remedy for disease.

Aithough the medical men of the country, as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve DR. J. BOYEE DODS' IMPERIAL WINE BITTEES.

They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and hence should not be classed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.

These truly valuable Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a TONIC, MEDICINE AND A BEVERAGE.

AYER'S CATHARTIO PILLS. Are you sick, Sebie, and complaining? Are you seem order, with your system deranged, and your sellings upcomfortable? These, symptoms are often the praide, it serious illness. Some fit of sellings are complexity to the serious illness.

Take Ayer's Fills, and cleanse out he disordered he mors—purify the blood, and let the fluids move on undistruction of the body into vigorous seince of the body and obstructs its natural functions. These, if not relieved react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, with it in the body, and disease with the surrounding organs, producing general aggravation, suffering, and disease with the surrounding organs and disease with the surrounding organs producing of health again. What is true and as opparent is this trivial and common complaint, is also true in many of the despessated and dangerous distempors. The same purgative effect expels them. Canased by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public peasons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856 From a Fornarding Merchant of St. Louis, rep. 8, 2008.

Dr. Aven: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerons sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purges. Their excellent quilties surpass any cathartic we possess. They are mild, but very certain and-effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, SickHeadache, Foul Stomach.

From Dr. Edward Boyd, Baltimere.

Dans Rno. Ayer: I cannot answer you what complaints
I have cured with your Pills better than to say all that use ever treat with a puryative medicine: I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. DR. J. C. Aven. Sir: I have been repeatedly cured o

the worst headache any body can have by a dose or two
of your Pills. It seems to a arise from a foul stomach
which they cleanse at once.
Yours with great respect,
Eb. W. PREBLE,
Clerk of Steamer Clarion, Bilious Disorders - Liver Complaints. From Dr. Theodors Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bitious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Washington, D. C., 7th Feb., 1856. 
Size: I have used your Pills in my general and hospital practice ever since you made them, and cannot healtate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of that organ. Indeed, I have seldom found a case of bilious disease so obstitute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital. Dysentery, Diarrhea, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhaa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. Dyspepsia, impurity of the blood.

From Rev. J. V. Hime, Pustor of Advent Church, Boston.

Dr. Ayzr: I have used your Pills with extraordinary success in my family and among those Fam called to visit in distress. To regulate the organs of digostion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. Himes.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural zerration when wholly or partially suppressed, and also very effectual to cleans the stomach and expel worms. They are so much the best physic we have that I recommend no other to my nations? From the Rev. Dr. Hawkes, of the Methodist Epis. Church Pron the Rev. Dr. Hawkes, of the Methodist Epis, Church.

Honord Sir: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralpic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persovering in the use of them, I am now entirely well.
