PHILADELPHIA CORRESPONDENCE.

PHILADELIPHIA CORRESPONDENCE: PHILADELIPHIA Agust 23rd, 1861.
MESSAS. EDITORS: Exgiment atter regiment is again muving ouward to the seat of war, and the lower part of the oity is kept in constant excitement at the passage of the troops. The Volunteer Re-freshme.at Commitce have a busy time of it. This excitent association is purely a Philadelphia insti-tution. When the war broke out, and volunteers to hungered and athirst, some benevolent citizens and ottizenesses took them in charge, giving them a bisouit and a sup of coffee. Out of this small begin-ning a regularly organized system is now formed. Before marshing to the Baltimore cars whole regi-ments are taken to the comfortable quarters of the association, and fed, lavisly and invariantly, with-out money and without price. Messienrs ! you should see a hungry regiment sid down to one of those meals ! It would do your heart good. The other day the Colonel of a Boston regiment said, after concluding his repast. "Comrades! in New York we were on-trained with speeches; lots of them ! but what is the speech we hear in Philadelphia? Alt ! it is short and weet! It is this : "Gentlemen, suppor's ready." Now let us give three cheers. This association up to this time has fed one hun-dred thousand men, and all from the voluntary con-trodictions of our citizens. Soap, towels, brushes, and all the et cetters are also provided liberally to add to the comfort of our country's brave defenders. The thirty-two pirates who were taken off the robel bost Petrel after she had been allowed to sink studes that thely do and all grows the order in two by the box Lawrence on the 20th of July, and who were bronght to this city by the U. S. Steamer Flag, were on Saturday last fully committed to answer the orber to this city by the U. S. Steamer flag, were on Saturday last fully committed to answer the orber do the fear sticken writches were so anything but complimentary. Some of the Baltimore ing to day. As the New York boat che system to " ustory the packages of the M

biological states of the second states of the secon

lars, is an investment which every man ought to make. As we read the title of a beautiful little volume from the press of Rudd & Oarleton, New York, to wit: "Poems by Mrs. Quarles," we instinctively reumember good old Francis Quarles, and wondered whether the modern lady were worthy to wear the name of the fine old gentleman. Certainly Mrs. Quarles possesses considerable poetic power. Taste, fancy and feeling pervade the pages of her little volume, the poems ranging through every variety of mood. The fair author's model is Tennyson, but she also has a way of her own as every good poet should. In the present dearth of volumes of good poetry we suggest to our poetic readers to read Mrs. Quarles. Messrs. Ticknor & Fields publish this weak in truly exquisite style the new series of the Rev. Mr. Boyd's "Kecreations of a Country Parson." For boautiful pictures of country life, and reflections thereon, for grace of thought and language, for quiet vigor and purity of style we have never, even in the pages of Irving, read anything to surpass this delightful "country parson." He reminds us more of Irving than any other author. That same dignified, natural flow of thought, the same richness of expression, the same, delight in rural pictures. There is also in him a moiety of charming, old, unaffected Goldsmith.

same, delight in rural pictures. There is also in him a moiety of charming, old, unaffected Holdsmith. The Essays Concerning Future Years, Disappoint-ment and Success, and others we have not space to name should be read by everybody. Tinted paper, levelled boards, gilt top—these are the outward ap-purtenances of this delightful volume. For Saturday, August 31st, "Littell's Living Age" presents us with a fine table of contents. There is an article on the Organization of the Southern Con-spiracy which should be read by everybody; as also a paper on our troubles, from the London Spectator. There are also two fine tales from Temple Bar and Once-a. Week; three essays from the Saturday Re-

Once a-Week; three essays from the Saturday Re-view, Remembrances, etc., with poetry, short arti-cles, etc. The number celebrates the 900th weekly nniversary of his time-honored periodical. Ripe

and full of age is Littell. For a weekly newspaper in the family undoubted-ly excellent is "Gleason's Literary Companion." The style of its publication is neat and showy, while its typography is as clear and beautiful as a sun-shiny morning. It is filled with interesting stories, talse cleated as a supersonal stories of the story of the s shiny morning. It is filled with interesting stories, tales, sketches and poetry, and numbers among its writers many of first-class talent. Some of the stories by Clara Augusta, and M. T. Caldor are especially good. Long live the Commodore. H.

Dr. O. Phelps Brown's Acacian Balsam, is justly celebrated as the most successful remedy of this or any other age, in curing consumption, nervous disorders, complaints of the ilver, heart, etc., and it not only imparts a new life and activity to every organ, but it also rejore-nates the system, making the elderly look once more young and fair, and young more blooming than ever before. It also increases the scoretions, produces naw and hearty the curite being. It is a torin a letrative and disphoretic, a stimulant without the faintest reaction. SECESSION REPORTS FROM VIR-GINIA.

BALTIMORE, August 23.

The leading secession organ here, the Exchange, has the following news:

"A gentleman lately arrived from Western Virginia, brings the intelligence that Gen. Lee was about eight miles north of Gauley Bridge, with a force of 37,000 men, and that other men were flocking to him. "He reports Gen. Wise as being eight miles

off, with 9,000 men, and Gen. Loring as being seven miles off, with about 8,000 men, in another direction.

" Mr. Jenkins, member of Congress, is raising a brigade to join General Lee, and the Southern feeling is getting stronger daily, as high up as Parkersburg. "Rosencrans was at Clarkeburg on Mon-

day last, and was very uneasy about his position.

"At Martinsburg the Virginians were collecting all the railroad material that could possibly be used, and transporting it to Strasburg.'

Bouretimes it burget out in Ulears on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scale and ears with one sore, which was painful and leathous beyond description. I tried many medicines and sevaral physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Barsparille), for I knew from your reputa-tion that any thing you made must be good. I sent to Cincinnait and got it, and used it till it cured me. I took it, as you advise, in small doese of a tesponful over a while fail of. I have cured many inveter-ate cases of Loucorrhoe by it, and some where the com-plaint was caused by ulceration of the uterus. The ulcer-ation itself was soon cured. Nothing within my knowl-edge equals it for these found earngements." Edward S. Marrow, of Newbury, Als., writes, "A dan-gerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Bar-saparilla. Our physician thought nothing but extirpa-tion could afford relief, but he advised the trial of your Sarsaparilla. After taking your remedy eight weeks no symptom of the disease remains."

DR. J. C. AYER: Sir, I have been afflicted with a pain-ful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarasparilla. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Nr. Espy, advised me to try your Sursaparilla, because he said he knew you, and any thing you made was worth trying. By the bless-ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

5y, Melancholy, Nouralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the ne-cessities of the people, and we are confident that this will do for them all that medicine can do.

of the Disease. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects— some living trophy in their midst of its victory over the suble and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all, the virt trees that it did have when making the cures which have ues that it did have when making the cures which won so strongly upon the confidence of mankind.
