The news from Kentucky this evening is stirring the hearts of all patriots here. The determination of the Union men to take care of themselves, the steady efforts of the Legislature to foil the traitor Magoffin at every turn, and the general uprising of latent patriotism in almost every quarter of the State, all strike a sympathetic chord in responsive breasts here, and arrue well for the field earther. State, all strike a sympathetic chord in responsive breasts here, and argue well for the final overthrow of the monsteragainst which we are all now arrayed We want to see one thing yet. We want to see Magoffin impeached and either strung up, or driver in axile from the State.

For this week (Saturday, September 21st.) Messrs. Littell, Son & Co., present a fine table of contents in their favorite "Living Age." A scientific subject is made very plain and interesting in the article on Light and Sunlight. English Sympathy for Longfellow is a touching tribute to the poet on his late bereavement, from the London Star. The Saguenay and the Montmorenci is a pleasant sketch of one of the most picturesque localities on this continent. De Quincey on Style, Ozone, Sound Recording Itself, and De Profundis, are among the other contents of this excellent number. As a new volume of the "Age" is to begin in a week or two we suggest the fact to our readers that those who have never subscribed to this fine periodical may do so now.

The publication of the closing volume of the beautiful edition of Cooper's Novels with Darley's illustrations, to which we have so often referred, reminds us that we must now, for the last time, advise our readers to make the acquaintance of this splendid series of books. We should be failing in our duty to the reading public not to say once more that every American library should own these avelumes

our readers to make the acquaintance of this splendid series of books. We should be failing in our duty to the reading public not to say once more that every American library should own these volumes. Illustrated by a National artist, and printed in a style worthy our National arme, the great National author thus has extra claims upon us, and our National sensitiveness should respond to the appeal. The novel of "Precaution" concludes the series, and as it is intended to stand first on the library shelves it very appropriately contains a biographical sketch of the author, fine steel portrait, view of residence, etc. Mr. Jas. G. Gregory, New York, Publisher; Lippincott & Co., Philadelphia, Agents.

Quite popular among novel readers on both sides of the Atlantic is the vigorous English writer, Pierce Egan. Several of his stories are re-published in New York, in the cheap half-dollar style, by Mr. F. A. Brady; Potersons' Philadelphia,—among the latest and, best of them being, "Lionel Jocelyn," and "Lady Maud, or the Wonder of Kingswood Chace," each in one volume. "Lady Maud" especially is a good story, and ranks with the author's former efforts, The Flower of the Flock and the Snake in the Grass, both of which novels are highly praised in the London Atheneum, Critic, and other high critical authorities. Erle Gower, and Lord and Lady Kingswood are vivid and strongly marked characters, and the plot of the story is dramatic and exciting throughout.

Democracy on Its Trial is an article in the new number of the "London Quarterly Review," refernumber of the "London Quarterly Review." refer-ring to the great crisis through which our country is now passing. It is well worth reading. Other articles in the same number are on Count Cavour, Thomas De Quincey, Montalembert on Western Monacism, Translations of Virgil, the Scottish Character, Russia on the Amoor, etc. The number is varied and interesting throughout.

These fine Reviews, furnished by L. Scott & Co., New York; Zieber, Philadelphia, at about a fourth of the English price, deserve a large circulation among our readers. The 20th passed without any attempt by Beauregard to make good his promise of an advance. The usual quiet prevailed along our lines, the principal relief being a review of Berdan's sharp shooters by the President, in company with the Prince de Joinville, Mi Seward, and others. The Prince received friendly, though unofficial, attentions from the

enthusiasm. The news from Lexington is less uncertain than yesterday. Accounts vary in detail, and none are absolutely authentic; but all agree that an engagement took place between Price and Mulligan on Tuesday and Wednesday and that the rebels were severely repulsed One account states that on Tuesday several loads of killed and wounded were conveyed away by the rebels, and that on Wednesday their loss was between 300 and 400. There seemed to be no doubt that Col. Mulligan would receive immediate reinforce

It is reported from Leavenworth that Gen erals Price and Rains were marching northward, for what destination was merely surmised. Ben. McCullough was marching on Jefferson city with a force of 2,000 men. From Jefferson City, it is reported that Claib. the hands of the federal troops.

The Missouri rebels have crossed the Kansas line, and are in position a few miles from Kansas city. A force from that city had gone

out to engage them. By the arrival of the Pony Express we have three days later news from California. The Republicans had carried the election by a large vote. The total number of votes for the ite was expected to be 120,000. Two vessels had been seized in San Francisco under the confiscation act. Texas emigrants continued to arrive in large numbers. They gave the most deplorable accounts of the state of things in Texas. Large numbers of emigrants are reported to be moving from the Western States to Oregon, as many as 2,000 wagons together crossing the plains. It is reported that the whole country between the Cascades and Rocky Mountains is one vast gold region. An area of 3,200 miles had been sufficiently prospected to prove the existence of mineral

The Bangor Whig, of Thursday last, thinks sufficient is known to fix the total vote of the State at from 95,000 to 100,000—a decrease of 25,000 a least from last year. In this reduced vote, Gov. DISLOYAL PUBLICATIONS. Since the suppression by the Government of the circulation of those papers in New York alleged to be disloyal, the conservative sentiment is demanding of the Government a suppression of those other papers which have preached disubionism for years, and who are now giving the greatest kind of aid and comfort to the rebels by representing the war as a raid upon slavery instead of solely for the restoration of the Union. It is these latter sheets that divide and distract the sentiment of the North. It is they that drive off from the support of the Government many who other wise would be more sealous in the common cause. The Liberator, Pine and Palm, Tribune and others of that stripe, are doing infinitely more than any other portion of the press to "aid and comfort" the rebels, and should have been the first suppressed.

THE MOVEMENTS OF TROOPS. The New York papers are in error in their belief that there exists danger that the 500,000 men called for under the three years volunteer law will not be forthcoming under its provis-ions. On the contrary volunteering has never gone on more satisfactory than within the past fortnight, in all quarters of the loyal States; and since Monday morning last more Union troops have been in motion on the way to the field than ever before in the same time -indeed twice as many. To day, especially, the number in motion to join the different Union columns is enormous. Within the week ending on Saturday evening next, it will be safe to say an aggregate of at least thirty-five thousand troops will have joined the different columns of the Union armies in the field. We do not feel at liberty to state where precisely .- Washington Star of Wednesday Evening.

The Secretary of the Treasury has addressed a circular to the various Assistant Treasurers, to the following effect: Under the acts of July 19th and August 5th, treasury notes of the denomination of five, ten and twenty dollar have been and will continue to be issued, redeemable in coin on demand at the offices of the Assistant Treasurers in Boston, New York, Philadelphia, St. Louis, and the depository of Cincinnati. These notes are intended to furnish a current medium of payment, exchange and remittance, being at all times convertible into coin, at the option of the holder, at the place where made payable, and everywhere made receivable for public dues

Six hundred thousand pairs of sewed shoes are being made up in Massachusetts, for which Uncle Sam will pay considerably over a million of dollars. A low average of the amount paid for work, bottoming, fitting, &c., would be 60 cents a pair, equal to \$360, 000 distributed among the journeymen in the State for making the shoes. This is exclusive of the large amount of both sewed and pegged work for the State, as well as of cavalry boots which will not fall short of one half the above amount, or \$180,000.

"In noticing medicines, we are always extremely cautious, unless satisfied of the merits of the article. Among those exhibited is the celebrated Holland Bitters. This medicine has been extensively introduced into every State in the Union, and into the Canadian Provinces, principally within the last two years. The exhibition shows testimonials in every language known in America, among which we notice one from the late Hon. John M. Clayton, of Delaware."

JONES & CO. Spalding's Prepared Glue.--To have As Spalding's Prepared Glue...To have a favorite piece of china chipped or broken, a pet book with its binding torn, a nice piece of furniture fractured, is a terrible and temper-destroying nuleance. Not without remedy, as we can testify. Mr. Spalding, who advertises his Prepared Glue in The Press to-day, sent us some of it yesterday. We devoted two hours to its practical application—result, two carved chairs completely restored, many odds and ends of china and glass made if for use, a tattered map made as good as new, several daguerrectype cases renovated, and and an old folio edition of Herodotus and Homer, printed in the year 1500, whose antique boards (literally boards) were split, made strong enough to last for another century or two. We might have mended any quantity of children's broken toys, but caved in after an hour at the worst of them. This Prepared Glue, which is a liquid about as thick as glue, and applied by a brush which accompanies each bottle, is so indispensable in a house that we now wonder how we could have gone without it...—Philadelphia Press, October 7, 1859.

*** A Few Truths for Sick People.*—It
is a fact, self-wident, wherever tried, that Dr. O.
Phelps Brown's Acaian Balsam possesses more merit
of Consumption, Bronchitis, Asthma, Coughe, Colds,
and General Debility. It is deservedly popular, and
people put faith in it, as indeed they should, when the
opportunity is afforded all to make trial of its virtues. The
peculiar properties of the Acacian Balsam are varied and
astonishing. It has a particular action of its own. It does
not purge and weaken; it does not sicken and disgust; it
does not operate as a violent emetic, nor yet enfeeble the
patient with profuse perspiration. Quite the contrary!—
It is pleasant and palatable. It soothes and gently stimulates. It gives vigor and strength to every weakened part.
It imparts, to be brief, an electric influence to the system,
already assimilated to its nature, and by this means vivifies, not only the lungs, but the nervee, the heart, the
brain, the stomach, and the liver. It supplies them directly with that vital force which is necessary to throw off
diseases, and the patient, with delight, soon finds himself
growing strong, hearty, ruddy and thoroughly well. The
Acacian Balsam is sold at \$3 per large bottle. It may be

The object of this notice is to request all the Ministers of the City and Country of Lancaster, that they set apart one Sabbath morning previous to the middle of October next, to preach a sermon on the Bible and its mission, and to take any a collection, and obtain contributions and more next, to preach a sermon on the Bible and its mission, and to take up a collection, and obtain contributions and members for said object; also that each Church appoint a Committee for that purpose, and make full return of their labors by the First of November, so that the Society may be able to make a full report at their annual meeting in November.

be able to make a full report at the society may be able to make a full report at their annual meeting in November.

It is unnecessary for me to say, that large drafts have been made upon our Depository within the last six months to supply our patriotic young men with a copy of the Bible or of the New Testament, who voluntered their services in behalf of our bleeding country. If well consulted, it was the richest treasure they could carry with them. In vain do we fight, in vain do we boast of our strength, if we exclude our utter dependence upon that God who alone decides battles in favor of that people who put their trust in Him. It is to be hoped that the Committees of the County Society will be zealons in the discharge of the duty assigned them, and that all Ministers in the county will come up to the help of the Lord against the mighty. I am at a loss to know why such apathy exists among our clerical brethren of the country.

Cost lost on and contributions of all kinds can be handed over to J. W. Huelext or A. W. RUBERL ESGS.

Scrotula and Scrotulous Ameritons, such
as Tumora, Uniters, Seres, Screy, Such
Pimples, Pustulou, Hetches, Hothes,
Blains; and all Skin Discasses.

OALLAND, Ind., ch. June, 1650-167.

J. C. April & C. Cent: I feel is my dety
knowledge what your Samedrills has done in the summer of the stronger of the series of St. Anthony's Fire, Rose or Erysteliss, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble wites from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropay, which threatened to terminate fatally, by the persevering use of our Sarsaparille, and also a dangerous Malignant Brystelas by large doses of the same; says he cures the commina Experience by the constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bot-tles of your Sarsaparilla cured me from a Cours—a hid-ver two years." cous swelling on the neck, which I had suffered from over two years."

Lencorrheea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrotious disthesis. I have cured many inveterate cases of Lencorrheea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulcentation itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A cangerous overian timor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought, nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remady eight weeks no symptom of the disease remains."

Syphilis and Mcrcurial Disease.

New Orlans, 25th August, 1859.

Dr. J. C. Ater.: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitte ulcors in his threat, which were consuming his paist and the top of his mouth. Your Sarsaparilla, stardly tiken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the discorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sussitive to the weather that one a damp day she suffered excruciating pain in her joints and hones. She, tod. was cured entirely by your Sarsaparilla in a New weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remed; consequently, these truly remarkable results with it have not surprised me.

Fratermily yours, G. V. Larimer, M. D.

Rheumatism, Gout, Liver Complaint, Syphilis and Mercurial Disease.

Rheumatism, Gout, Liver Complaint, INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. Ayrer: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffied the
skill of physicians, and stack to me in spite of all the
remedies I could find, until tried your Samaparilla. One
bottle cured me in two weeks, and restored my general. remedies I could find, until I tried your Samaparnia. bottle cured me in two weeks, and restored my genebath so much that I am. far better than before I attacked. I think it a wonderful medicine. J. FREA attacked. I think it a wonderful medicine. J. FREAM.

Jules V. Getchell, of St. Louls, writes: "I have been
afflicted for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down manfor some years from no other cause than derangement of
the Liver. My believed pastor, the Rev. Mr. Esp., advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth tryings. By the blessing of God it has cured me, and has so purified my blood
as to make a new man of me. I feel young, again. The
best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

Ulceration, the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia sy, Mclancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

in advanced Stages advanced Stages of the Disease. This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the curse which have won so strongly upon the confidence of mankind.
