The mails of the Fulton bring us the London Times of the 16th ult. It publishes another letter from Mr. Russell, dated September 2, which contains very little of interest to the American people beyond the expression of the opinion that the army under General McClellan is a very fine one. He says that "by the time the season is favorable and other combinations are ready for execution the army will justify the expectation which are enter-tained of it, and will deserve some of the eulogies passed on it by anticipation. Never, perhaps, has a finer body of men in all the respects of physique been assembled by any Power in the world, and there is no reason why their morale should not be improved so as to equal that of the best troops in Europe.

More of the Plunder Found .- The Chicago Times of Saturday week says:

Col. John C. Miller, the Government detective in this city, yesterday procured the arrest of another soldier of the Irish Brigade, who was in the battle of Lexington. In his pos session was found the sum of \$5,865 in bills on the Farmer's Bank of Lexington, Missouri. It is supposed that while the faithful soldiers were engaged in the battle, some others. less regardful of their duty, discovered where Col. Mulligan had deposited the money for safety, and filled their pockets with it. Col. Mulligan took the money from the bank by Gen. Fremont's order, and the act of any of his soldiers in jayhawking it was an act of lar-

DISTRESSING OCCURRENCE.-On Sunday week, Mrs. Avis Hill, of Washington city, was burned to death by her dress taking fire from a candle. It appears that Mrs. Hill attended a party on Saturday night, and came home about half past three o'clock in the morning, with two friends, who left her at her door, and that when her husband, a watchman at the Assembly Rooms, came home about six o'clock, he found her lying on the floor literally cooked, her flesh being burned to a crisp. From the fact that a curtain at a in the second story was partially burned, and from other evidences of the fire it is probable that her dress took fire up stairs and that she endeavored to escape to the street, but was unable to get further than the down to half its original number. room in which she was found.

THE GREATEST WELL YET.—The editor of the Greatest Well Iet.—Ine cultor of the Mercer Dispatch gives a description of an extraordinary vein of oil tapped the other day on the McElhany farm at a depth of four hundred and sixty feet. He says: A watch was held while it ran into a tank holding, by measure, one hundred and eight barrels, and it filled the same in fifty five minutes. At a fair estimate, taking this as data, those who were working and watching about it are confident that in the first twenty four hours, it flowed two thousand four hundred barrels of oil .-And when we left on Friday morning there appeared to be but little diminution. What is so remarkable, is the fact that this well is located not more than twenty rods from the Funk well which has been flowing some four months, and has yielded an almost incredible quantity of the greasy fluid.

The wheat crop of Upper Canada will be much below that of last year, or barely an average crop, while the quality is represented to be only "from fair to middling." The late rains are said to have seriously damaged this important cereal in Lower Canada, of which a vast breadth is yet uncut. Much of this had

sprouted, while that which was cut, but not gathered, has been rendered almost useless. The pea crop, which was last year immense, has proved a total failure, the general yield being little more than the seed.

Proposals for Beef.—The Government is again inviting proposals for furnishing beef on the hoof. Proposals will be received until the 21st of October. The Government will take from 4000 to 6000 head. The maximum weight must not exceed thirteen hundred pounds, and the minimum one thousand. The cattle are to be delivered at Chambersburg, Harrisburg or York, in Pennsylvania. The Government reserves to itself the right to pay in Treasury notes or other funds it has for disbursement, and to reject any bid and for any cause. No bid will be entertained unless the bidder is present to respond. the bidder is present to respond.

THE SALT TRADE. - Our domestic supply of salt is not only larger than is generally posed, but the sources of that supply are confined to no one section of our country .-Next to New York, Virginia makes the greatest quantity of salt of any State in the I The amount produced in the first named State is over five millions and a halt of bushels per annum, and that made in the latter is over three millions and a half. Florida yields about seventy thousand bushels a year. Salt is manufactured in eleven States, the total product being 13,388,447 bushels. Yet this vast quantity is not quite half of the aggregate consumption of the country. In 1860 we imported 14,094,237 bushels, of which more than ten millions came from England.

THE EXPORT OF BREADSTUFFS .- There are now about sixty vessels, including many large ships, loading breadstuffs at this port for Europe. They will require about two millions of bushels of grain or an equivalent in flour, to afford them all full cargoes. Two three, four and sometimes six vessels in addition are taken up daily for the same trade. In the meantime the demand from Great Britain has increased lately, and several vessels are taking full or partial cargoes for her markets. The only danger in this whole business is that supplies cannot be kept up at this market, and we again call upon the Canal Commissioners and the managers of railways, to spare no efforts to preserve transportation unimpaired.—N. Y. World.

DEATH OF AN OLD PRINTER .- Mr. William Blair, one of the oldest printers in the United States, who was for many years the foreman in Mrs. Bailey's office, in Philadelphia, where the United States Government printing was principally executed, died in Carlisle, on Sunday week, in the 75th year of his age.

Col. Max Einstein, of Philadelphia, has been broken of his command and expelled from the service without the formality of Court of Inquiry. His regiment has dwindled

SPECIAL NOTICES.

The Sticking Point.—This point seems, at last, to have been reached, in a new invention known as Spaiding's Prepared Glue, which, by simple application, without heating or preparation of any kind, rounites the fragments of almost anything into a perfect whole. This glue is really a valuable invention, and, from its utility, must come into as extensive and general use as the friction match.—From the Commercial Bulletin, Boston, October 15, 1859. Michael Kelly, No. 117 Seventh, near Grant Street, says:

"Last July, "Mile running on the river, on a cotton-bost plying between Natchez and New Orleans, I was taken with Fever and Ague. For eight long months I suffered with this dreadful diesaes. The greater part of this time I was unable to work, and spent at least fifty dollars for different medicines, but found no permanent relief. Three weeks ago, one of my friends insisted upon my trying Berhave's Holland Bitters, saying that a cure was guaranteed. After taking it for one week, I must state, I was a sound man. I have been at work now for two weeks, and have had no return of the Chillis and Fever whatever."

I certify that the above statement is true.

They have cured my little daughter of ulcarous sores upon her hands and feet that had proved incurable for years. Her, mother has been long grievously afflicted with blotches and pimples on her akin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Curtureflyt, New Orleania.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic, we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, SickHeadache, Foul Stomach. From Dr. Edward Boyd, Baltimore.

Draw Bro. Aver. I cannot answer you what complaints
I have cured with your Pills better than to say all that we
ever treat with a purpaire medicine. I pince great dependence on an effectual cathartic in my daily fontest with
disease, and believing as I do that your Pills afford us the
best we have, I of course value them highly.

DR. J. C. AYEB. Sir: I have been repeatedly cured of the worst heedache any body can have by a dose or two of your Pills. It seems to arise from a foul stormach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion. Bilious Disorders -- Liver Complaints. From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interest.

Washington, D. C., 7th Feb., 1856.

Sin: I have used your Pills in my general and hospital practice ever since you made then, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of that organ. Indeed, I have seldom found a case of bitious discuse so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhea, Relax, Worms. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperions I have ever found. Their alterative effect upon the liver makes them an excellant remedy, when given in small doese for bilious dysentery and diarrhose. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood.

From Reo. J. V. Himes, Pustor of Advent Church, Boston.
Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston

From ars. E. Stuart, Physician and Andolfe, Botton.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural territion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expet worms. They are so much the best physic we have that I recommend no other to my rationts.

From the Rev. Dr. Huwkes, of the Methodist Epis. Church. Pron the Rev. Dr. Hawkes, of the Methodist Epis. Church.
