St. Andrew's Church, in Eighth street above Sproce, was the scene of a solution and interesting ceremony this morning, (January 22.) on the occasion of the consecration of Rer. William Bacon Stevens, D.D., as Assistant Bishop of the Protestant Epsicopal Diocess of Pennsylvania—Even as early as daylight a number of persons had gathered near the doors of the Church in the hope of being able to gain admittance to the building, and to enjoy a favorable position for witnessing the solution of the slaves under the war power is vecremony of consecration as Bishop. The services commenced with the reading of the Morning prayer, and the performance of the offices pertaining to the service by the following-named chrygmen: Revs Messrs, Leeds, Suddards, Klikletly, Wm. Svews Perry, of Portland, Me, and Richard Channing Moere, of Williams-

ing prayer, and the performance of the offices pertaining to the service by the following named clargemen: Revs Messas, Leads, Suddards, Kilikelly, Wim. Stevens Perry, of Portland, Me., and Richard Channing Mecre, of Williamsport.

The morning service was followed by the sermon, which was preached by Bishop Themas March Chris, of Rhods Island. The latences of the hour at which the discourse was delivered precludes the possibility of our making a report of it. It was listened to with profound attention.

The text of the reverend speaker was taken from the Second Epistie to the Corinthivas, 20th verse, Sin chapter:

"Now then we are ambassadors for Christ, as though God did beserch you by us, we pray you in Christ's stead be ye reconciled to God."

Bishop Clark made a graceful allusion to the fact that he had preached the sermon upon the eccasion of the assumption, by the Bishop elect, of the Rectorchip of St. Andrew's Church, thirteen verse ago, and to the fulfilment, by Dr. Stevens, of the light hopes then entertained of his purity, piety and ustfulness. He also spoke in terms of affection of this sermon, he spoke of the rebelling, and mreed in the most ferrent and patients strain the duty of standing by the General Government. Mr. Latham offered a resolution instructing the Committee on Finance to inquire into the expediency of establishing a district by the General Government. Bishop Stevens then put on the rest of the Episcopal
habit, and "Pen. (Predor, Spiritura" was sung over him.—

REPORT OF THE DIRECTORS OF THE Farmers' Mutual Insurance Company, For the year 1861.

Read at a Meeting of the Members of that In-stitution, on the 28th day of December, A. D., 1861, being their Annual Meeting for the Election of Officers:

August. This was evidently the work of an incendiary, as a fire was kindled in the barn, on the premises, at the same time, but owing to its confined situation, had made little progress when discovered, and was easily extinguished. In a few minutes more the fiames would have seen value. The loss was extimated by the appraisers at \$1900, and the Directors paid Mr. Soulsby \$1425.

Another fire occurred on the night succeeding the 12th of September, on the premises of P. W. Illiestand, in Milliers tille, by which his barn and contents was destroyed. The appraisers reported his loss three hundred and seventy-five dollars, for the barn, and one hundred dollars for the contents. The Directors paid him \$156 18. This building was supposed to have been designedly set on fire.

In less than a month after the burning of Mr. Histand's barn, viz: on the night of October 6th, the barn of Samuel Oramer of Martic township, was burned. As no clue to the origin of the fire could be discovered, the conclusion was that some malicious person had purposelyfiet fire to it. Mr. Cramer's loss was serious, as the amount Insured was greatly below the actual value; but as this was his own fault, he did not complain, and was satis fied, when the 1 irectors arreed to pay him \$750, that being three-fourths of the amount he had insured. Of this sum \$50 has been paid, and the balance is still due him by the Company.

On the night of the 15th of November, a wasonmaker's shop and blacksmith's shop, owned by Peter Fetter, in Manheim township, was burned. The fire was accidental, and the value of the building estimated at \$500, three-fourths of which, being \$375, the Directors assumed to pay. Mr. Fetter had no insurance on the contents of his shop, and, in consequence, sustains a heavy loss.

contents of his shop, and, in consequence, sustains a heavy loss.

Two days subsequent to the last mentioned fire, to-wit: on the 17th of November, a fire occurred in the dwelling house or Elias H. Rhoads in Reamstown. The fire originated in a part of the building occupied as a cabinet-maker's shop, but was discovered and extinguished before it reached any other part of the building. Here sgain the Company narrowly escaped a zerious loss, as the house is a large three-story brick building, with a considerable amount of contents insured. Mr. Rhoads' loss was estimated at \$140, three-fourths of which, being \$105, the Directors agreed to pay.

fourths of which, being \$105, the Directors agreed to pay.

In addition to those above mentioned, there were several small fires, one of which (in Mr. Good's house) came nigh being serious, but by a timely discovery, and strenuous exertions, a conflagration was prevented.

Upon a review of the whole, although the losses during the year have been serious, and the taxes scmewhat onerous. A little reflection will convince the members of the Farmers' Mutual Insurance Company, that they have more reason to be grateful for what they have been made to endure.

The whole number of policies issued during the year was one hundred and ninety-eight (198) covering property to the amount of... \$305.723

The additions made to old policies amounted to. 74,187

Which exceeds the additions and exhibits an

...\$4,656,724 This is the first statement of the affairs of the Com-pany, that exhibits an actual decrease of the amount insured.

and the action is a schement of the affairs of the Company, that exhibits an actual decrease of the amount insured.

From the first organization of the Company, in 1844, when the amount insured but little exceeded \$300.000, it has been steadily and rapidly increasing, until at the close of last year it attained the magnitude of four millions eight hundred and seventy-six thousand, three hundred and twenty-six dollars; and notwithstanding the amount of new insurances exceeds that of either of the two preceding years, it has been more than over balanced by the great number of withdrawals, thus showing an actual diminution of the aggregate amount insured, which diminution apparently occurred during the present year. This, however, does not present a correct view of the subject. The members of this Company, being residents of some twenty-five or more townships in this county, numbers of them have little intercourse with the Board of Directors, except indirectly through persons employed to collect the taxes. As there is no imperative obligation on those whose policies become vold by a sale or transfer of the property to report the sum to the Directors, many of these changes do not come to the knowledge of the Directors until returned by the collectors; and as there was no tax collected during the years 1859 and '60, a number of those changes that occurred during those years and should have been then cancelled, remained unnoticed, and, to the Board of Directors unknown, until brought to their knowledge by the collectors during the present year; a proportionate number properly belonged to the two preceding years, and had they been then reported would have to some extent diminished the increase exhibited during those years, and prevented the apparent diminution which by the above statement apparent to have occurred during the present year.

The Directors are not aware of any cause for a de-

cocurred during the present year.

The Directors are not aware of any cause for a decrease of the amount of Insurance, beyond that of previous years; no dissatisfaction has been manifested in any quarter, and the tax has not been so exorbitant as to induce any person to withdraw or cancel his insurance; and the apparent diminuation can only be attributed to the accumulation of the withdrawals during two preceding years, being included with what properly belongs to the current year.

iy belongs to the current year.

To remunerate the losses above described, and pay the current expenses of the Company, a tax of one-tenth of one per cent. or one dollar on the thousand, was levied by the Directors, in addition to the one levied at the close of the last year, but collected during the present year. year.

A portion of this tax is still uncollected, and as the duplicates for delinquents are now in the hands of the collectors, the Directors have no means of ascertaining the precise amount outstanding, but entertain the opinion that the tax, when all collected, will be sufficient to pay the balances now due to Messra. Gramer, Fetter and Rhoads, and leave a few hundred dollars towards the liquidation of the abstract. Mr. Police and Mr.

AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Fimples, Pustules, Blotches, Beils, Blains, and all Skin Diseases. Bellie, and all Skin Diseases.

J. C. Ayen & Co. Gents: I feel it my duty to aknowledge what your Sarsaparilla has done for me. Having inherited a Scrotious infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my calpand ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla, for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you undvise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tall you, that I hold you to be one of the apostlee of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erystpleas.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Propert, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goire — a hideous swelling on the neck, which I had suffered from over two years."

cous swelling on the neck, which I had suffered from over two years."

Leucorrheea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrheea by it, and some where the complaint was caused by ulceration of the tuterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Mairrow, of Newbury, Ala., writes, "A dangerous verian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have crured with it, in my practice, most of the complaints for which it is recommended, and have found its effects traly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint. Syphilis and Mercurial Disease. Rheumatism. Gout. Liver Complaint.

INDEPENDENCE, Preston Co., Va. 6th July, 1859.

Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarasparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been
afflicted for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than derangement of
the Liver. My beloved pastor, the Rev. Mr. Espy, advised
me to try your Sursaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough. Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Mclancholy, Neuralgia sy, McIancholy, Neuralgla.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

NTS: Ayer's Cherry Pectoral FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not de more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. Sold by C. A. HEINITSH, Lancaster, and by one or more traders in every village in the country. [may 14 1y 18

A NDREW JACKSON'S REMEDY Changing the subject, Dr. Edgar asked him what he ild have done with Calhoun and other nullifiers if they would have done with Calhoun and other milliners it they had kept on.

"Hung them, sir, as high as Haman," was the instantaneous reply. "They should have been a terror to traitors to all time, and posterity would have pronounced it the best act of my life."

As he said these words, he half rose in his bed, and all the old fire glowed in his old eyes again.
