This unequalled remedy is now for the first time introduced to the public.

It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by learned physicians in Europe.

He has forwarded to us in writing, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation, and also a full account of the medicine.

At his request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for free distribution. Its interest is gehanced by an account which he gives of some of the scenes of Syrian massacres, which he obtained from those who suffered in that awful tragedy. This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it. HIGHLY USEFUL INVENTION.

WM. ELLMAKER, of New Holland, Lancaster county, Pa., obained Letters Patent the 221 of October, 1861, for a valuable improvement lo a SELF-ACTING CARRIAGE BBAKE.

This is just the thing wanted on our hilly roads. The arrangement is so simple, cheap, and performs its duty with such certainty, locking just in proportion to the steepness of the hill, by the pressure of gravitation, and that, too, by a gradual bearing, relieving the from a sudden jerk, as well as to prevent the raising of the shaits, and again re-acting with equal case to the horse, by means of a spiral spring, making it allogether the most complete and desirable appendage that could be applied to carriages.

The simplicity, cheapness, and certainty of performing its duty faithfully, without being liable to get out or repair, and its ready adaptation to all classes of vehicles, makes this invention peculiarly desirable, and will not fait to recommend it to every beholder, and bids fair to coming the properties of the sign of the Big Watch, No. 10, West King St., I Pa.

THAT STANDARD SHEET." 1862. GREAT NATIONAL BANNER OF INTELLECT, FOR AMERICAN HEARTS AND HOMES!

THENEW YORK MERCURY.

On New Year's day of 1562, that world-renowned and unrivaled gun of American journalism, the peerless New Yoax Mescurs, will enter upon the twenty-fourth year of the most brilliant career ever schieved by a paper. During the past year it has been the teacher, story-teller, mentor, and oracle of two hundred thousand American homes, from ocean to ocean—and from Quebec, in Canada, to Pensacola, on the Gulf of Mexico. Young and old, rich and poor, have reveled in its enchanting stores of wisdom, romance, art, poetry, and genial humor; and its praise is "Familiar in their mouths as household words." The noble patrict-soldler in his tent, too, has whiled away the tedium of camp-life in the absorbing review of its FORTY BRILLIANT COLUMNS, inding in them a fascinating mental discipline known only to those who rally to the Bauner-Sheet of the Grand Army of American Intellect and Genius!

In commencing a New Year, the proprietors of The New York Mercury can only say, that it shall be their aim to make their great family journal of American literature, for 1862, more brilliant and enchanting than ever, in its concentration of all the world's grandest and most beautiful specialities in healthful Romence, graceful Poetry, elegant and quaint Gossip, refuning Knowledge, sparkling Humor, and entertaining News—until, like love, it "rules the court, the camp, the bower," as it already rules the happy domestic firestide.

The editorial tone and National departments of The New York Mercury will continue true to that lofty spirit of patrictism which has made it a necessity of the people since the War began, and kept it in enthusiastic demand when other sheets were dying all around it for want of popular support. NEW YEAR WITH AN OLD PRIEMD.

when other sheets were dying all around it for want of popular support.

Already the largest Literary Journal in the world, and famous as the focus of a thousand brilliant literary reputations, its programme for 1892 will be magnificent beyond all precedent. The most celebrated pens of this country and Europe have been secured in the service, at an outlay equal to the expense of more than one national government in the Old World i and its novelettes, or continued stories, for 1862, will be the most splendid triumphs of elegant Fiction ever published. To these, too, the magic pencil of the greatest of American artists, Mr. Felix O. C. Darley, will lend the sid of pictorial art.

Our story, initiatory of the New Year, is a splendid national Romance, commencing in the New York Mercury of Saturday, January 4th. 1862, and entitled

TO THE PEOPLE OF THE UNITED

In the month of December, 1858, the undersigned for the
first time offiered for sale to the public Dr. J. Bovee Dods'

given such universal satisfaction to the many thousands
of persons who have tried them that it is now an established article. The amount of bodily and mental misery

The amount of bodily and mental misery arising simply from a neglect of small compliaints is surprising, and it is therefore of the utmost importance that a strict attention to the loast and most trifling bodily ailment should be had; for diseases of the body must invariably affect the mind. from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Bublitty and for Purifying and Engishing the Blood are to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all lite parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Remales, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them, as they are revivifying in their action.

THESE BITTERS WILL NOT ONLY CURE, BUT PRE—VENT DISEASE, and in this respect are doubly valuable to the person who may use them. For INCIPIENT CONSUMPTION, Wesk Lungs, Indigestion, Dyspopsis, Diseases of the Nevous System, Paralysis, Piles, and for all cases requiring a Tonic.

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, and for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only Cure, but Prevent Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicins, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable Bitters over the land, and thereby essentially aid in banishing Drunkenness and Disease.

Although the medical men of the country, as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve DR. J. BOYKE DODS' IMPERIAL WINE BITTEKS.

In all newly settled places, where there is always a large quantity of decaying timber from which a poisonous miasma is created, these bitters should be used every morning before breakfast. DIEST APPENIAL WINE BITTERS are composed of a pure and unadulterated Wine, combined with Barberry, Solomon's Scal, Comfrey, Wild Cherty Tree Bark, Spikenard, Chamomile Flowers and Gentian. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and hence should not be classed among the quack nostrams which flood the country, and against which the Medical Profession are so justly prejudiced. prejudiced.

cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and increasing demand for this preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public offits superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow invariantly, and gives it a rich, soft, glossy, and flexible appearance, and also where the hair is loosening and thinning, it will give strough and vigor to theiroots, and restore the growth to those parts which have become baid, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this livigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CEXTS per bottle, to

L. MILLER would call the attention of Parents and Guardians to the use of his lavigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of heir, as it removes any impurities that may have become connected with the scalp the removal of which is necessary both for the health of the child, and the future appearance of the Hair. Caution.—None genuine without the face simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HARI INVIOURATOR, N. Y., blown in the glass.
