duced to the public. It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by learned physicians in Europe. He has forwarded to us in writing, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation, and also a full ac-count of the medicine. At his request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for free distri-bution. Its interest is enhanced by an account which he obtained from those who suffered in that awful traggedy. This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it.
