The Surrender of New Orleans.

The Surremider of New Orleans.

Washington, May I.

The following correspondence, is taken from the Richmond Enguirer, of yesterday, which city is reached by telegraph. The paper was received by the War, Pepartment, to day. The correspondence is between the Mayor of the city of New Orleans and Commodore Farragut, the commanding officer of the United Stakes flag ship Hartford, off. New Orleans. April 28th, 1862;

COMMODORE FARRAGUT TO MAYOR MONROR.

This Everlency the Mayor of The Orleans, and the hoper to send to your Honor. Captain Bedly, United Stakes Navy, second in command of the orpedition, to damage of you the surrender of New Orleans to me, as the representative of the Government of the United Stakes. Captain Belly reported the result of an interview with yourself and the military authorities. It must occur to your Honor that it is not within the premise of a naval officer to same the duties of a military commandant.

I came here to reduce New Orleans to obedience to the law, and to vindistat the offended majesty of the Government of the United Stakes. The rights of persons and property shall be secured. I therefore demand of your anitary that the emblem of sovernicity—of the United Stakes be hotsted over the City Hall, Mint and Gustom House by meridian this day. THE MATUS MILL.

CITY HALL, April 27, 1862.

Flag-Officer Furragut, United States flag ship Hartford:

Siz: In pursuance of a resolution which we thought proper to take out of regard for the lives of the women and children who still crowd the great metropolis. Gen. Lovell has evacuated it with his troops and restored back to me the administration of the government and the custody of its honor.

its administration of lix government and the custody of its honor.

Thave, in council with the City Fathers, considered the demand you made of me yesterday of an unconditional surrender of the city, coupled with a requisition to hoist the flag of the United States on the public edifices and haul down the flag that still float upon the breeze from the dome of this hall. It becomes my duty to transmit to you an answer which is the universal sentiment of my constituents, and which the promptings of my own heart dictate to me on this sad and solemn occasion.

The city is without the means of defense, and is utterly destitute of the force and material that might enable it to resist an overpowering armament displayed in sight of it. I am no military man, and possess no military authority beyond that of executing the municipal laws of the city of New Veleans. It would be presumptuous in me to attempt to lead an army to the field if I had one at command, and I know still less how to surrender an undefended place, held as this is, at the mercy of your gunners and your mortars. To surrender such a place were an idle and unmeaning coremony. The city is yours by the power of brutal force—knot by the choice or consent of its inbabitants. It is for you to determine what will be the fate that awaits us here.

As to hoisting any flag not of our own adoption and al-

awais us here.

As to hoisting any flag not of our own adoption and allegiance, let me say to you that the man lives not in our midst whose hand and heart would not be paralyzed at the more thought of such an act, nor could I find in my entire constituency so wretched and desperate a renegade as would dare to profane with his hand the sacred emblem of

our aspirations.

Sir, you have manifested sentiments which would become one engaged in a better cause than that to which you have devoted your sword. I don't not but that they spring from a noble though deluded nature, and I know how to appreciate the motives which inspire them. You have a gallant people to administrate during your occupancy of this city—a people sensitive to all that can in the least affect their dignity and self respect. Pray, sir, do not fail to regard their susceptibilities.

The obligations which I shall assume in their name shall be religiously compiled with. You may trust their honor, though you might not count on their submission to unmerited wrong.

though you might not count on their subunesced to an merited wrong.

In conclusion, I beg you to understand that the people of New Orleans, while unable to resist your force, do not allow themselves to be insulted by the interference of such as have rendered themselves odions and contemptible by their dastardly desertion of our cause in the mighty struggle in which we are engaged, or such as might remind them too powerfully that they are the conquered, and you the conquerors.

the conquerors.

Peace and order may be preserved without resort to measures which I could not at this moment prevent. Your occupying the city does not transfer their allegiance from the Government of their choice to one which they have de iberately repudiated. They yield the obedience which the conqueror is entitled to extort from the conquered. Respectfully,
JOHN F. MONROE,
Mayor.

Surrrender of Fort Macon, Ga. Fort Macon, S.A., April 29.

Fort Macon surrendered conditionally on Sunday last.

A portion of the garrison arrived here at 12 o'clock last night. It is reported that Col. White saved all the public papers. The officers were allowed to take their side arms. Soven of our men are reported killed, and a number wounded.

wounded. [second despatch]

Fort Macon surrendered on Friday, the 25th Inst., after a bombardment of ten and a half hours. The batteries were planted behind heavy sand banks. The enemy's breaching battery was 1,100 feet distant, and the mortars 1,400 feet and entir-ly concealed from the fart. The garrison were allowed the honors of war, and the efficers retained their side arms and were all paroled. Saven men were killed and eighteen wounded—two mortally. The enemy's loss is not known.—Richmond Enquirer. Capture of New Orleans Confirmed.

It seems that our fleet did not take forts Jackson and St. Philip, but ran past them and reached the city, where upon the rebel garrison under Gen. Lovell refused the demand to surrender, and fell back to Camp Moore after destroying the cotton and tobacco. The rebel steam bat ery Louisiana was sunk to prevent her falling into the hands of our gunbosts under command of Com. Farragut; and the other moneter, called the Mississiph, was burnt. Cump Moore is 78 miles from New Orieans. Com. Farragut being refused by the Mayor the surrender of the city, threatened to shell it, but the French and English menofwar were below the city and entered protests against the sct. At the last accounts the forts on Lake Pouchartrain had been evacuated, all the rebel gunboats on the lake burned, and Fort Pike abandoned. Farragut's fleet was at the city, but had not taken it.

THE EMANCIPATION OF SLAVES .- It has already been mentioned that the Hon. Reverdy Johnson, of Md., had written a letter declaring the act of Congress emancipating the slaves of the District of Columbia to be unconstitutional. A correspondent of the New York Express says:

The letter of the Hon. Reverdy Johnson in relation to the emancipation bill is strongly ndicative that the matter will be brought t the Supreme Court, and considering the abilities of Mr. Johnson, and the experience he has had in arguing matters before the tribunal, it is proper to imagine that he will conduct numerous cases arising out of this bill. which may be brought to the notice of the Supreme Court. The declaration in his letter that the act was unconstitutional will have great weight, coming from one whose legal ttainments are so well known as those Reverdy Johnson.

BUCHANAN vs. LINCOLN. When the administration of Mr. Buchanan s charged with a want of vigor in quelling the rebellion when it first presented itself, will be a sufficient answer that Mr. Lincoln was in power from the 4th of March to the 10th of April before a single offensive measure was taken. The administration of Mr. Lincoln even tried to seek an agreement with the authorities of South Carolina, whereby no reinforcements were to be sent to Fort Sumter on condition of their allowing it to be provisioned. And Mr. Seward, on the 10th of April, by direction of the President, wrote to Mr. Adams, our Minister to England, that " the President on the one hand, will not suffer the Federal authority to fall into abeyance, nor will he, on the other, aggravate existing evils by attempts at coercion which must assume the form of direct war against any of the revolutionary States." Mr. Lincoln also said, on his way to Washington, that he saw nothing wrong on the other side of the Potomac. The hope was by the outgoing administration of Mr. Buchanan, (in which such men as Holt, Dix and Stantor had places;) as well as the incoming one of Mr. Lincoln, that peace could be preserved .-This hope governed the actions of all until the assault on Fort Sumter From that day a change took place. The Democrats armed for the standard of the Union with equal alacrity to any others. It was only the disunionist abolitionists that did not change but with a stubborn perseverance held on to their motto. Cloverse stubborn perseverance held on to their motto —"no slavery or no union." From the above it will be seen that if the administration of Buchanan was wrong in endeavoring to preserve peace in the land, the administration of Lincoln was equally guilty,-more so, because it is known that Lincoln possessed much more positive evidence of the designs of the rebels than did his predecessor. But nothing was done until after the mischief was accomplished.

inal?" THE TAX BILL IN CONGRESS. A special Washington despatch in the North American states that the prospects for the passage of the tax bill are as remote as ever and there are not a few who predict that i will be finally-turned over, as will the bank rupt bill, until the next session. The Senate committee has so dissected the House bil that a long discussion must follow ere it is put to a vote; and, even should it go through that body, it is exceeding doubtful whether the House would agree to sanction the change that

had been made.

Congress has been in session over five months; we are spending money at the rate of three millions a day, every dollar of which is borrowed; our national debt cannot be far from a thousand millions of dollars; and yet no measures have been adopted to raise money enough to pay the interest of the accu-mulating debt and defray the ordinary expenses of Government. While Congress betrayed culpable negligence in augmenting the revenue, it has been wastefully extrava-gant in expenditure. It has refused to adopt the sweeping measures of retrenchment so imperatively demanded by the condition of the public finances, and has appropriated a million of dollars for the purchases of slaves in the District of Columbia.

The five months during which Congress has been in session have been worse than wasted in agitating the negro question in some one of its phases—emancipation, confiscation, coloni zation, &c., while the real business session is nut off from time to time for the socommodation of windy abstractionists, until at last we are told that it is doubtful whether the tax bill, which should have been passed three months ago, will be agreed upon at thi session.

A PROPER VERDICT.

We mentioned in our last that Messrs RICHARD OSWALD, A. J. KAUFMAN, jr., and LEVI EBERLY, of Mechanicsburg, had been tried at our late Court of Quarter Sessions, and found guilty, for having arrested and held in confinement for some hours, a man of weak mind, named John Kennedy, on the alleged charge of being a Secessionist. The defendants having demurred to the verdict; sentence was suspended until Friday last, at which time the Court overruled the motion for a new trial, and the convicted parties were then sentenced to pay a fine of \$20, and the costs of prosecution

The suit for damages brought by KENNEDY against the same defendants and several others for the same offence, was tried in the Court of Common Pleas last week. The jury found \$900 damages for plaintiff.—Carlisle Volun-

Vera Cruz advices, brought by the Spanish steamer Isabel, state that after an unsatisfac tory conference between the allied command-ers the French General had decided to march his division against the city of Mexico-taking upon himself the responsibility. The English and Spanish plenipotentiaries thereupon decided to withdraw their troops. It is stated that the Juraze Government had consented to give every satisfaction to the allies in the matter of claims, but refuse to listen to the idea of establishing a monarchy, and that in case the allies advanced to the capitol, they would retire from it.

Leucorrhea or Whites, Ovarian Tumer, Uterine Ulceration, Female Diseases.

Dr. J.B. S. Channing, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Francis Diseases of the Serolulous disthesis. I have cored many investance cases of Leucorrhean by it, and some where the complaint was caused by siteration of the sidray. The alteration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward E. Marrow, of Naybury, Als. writes, "A dangerous ordran two on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Barsaparilla. Our physician thought nothing but axtirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

New ORLEANS, 25th August, 1859.

Dr. J. C. Ater: Sir, I cheerfully comply with the request of your agent, and report to you some of the effocts I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitio ulcars in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preputation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not amprised me.

Fraternally yours,

G. V. LARIMER, M. D.

Independence, Preston Co., Va., 6th July, 1859.

Dr. J. C. Aven: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which beffied the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I thinkit a wanderful medicine. J. FREAM. attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been
fflicted for years with an officition of the Licer, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than drangement of
the Liver. My beloved pastor, the Rev. Mr. Expy, advised
me to try your Sursaparilla. because he said he knew you,
and any thing you made was worth trying. By the blessting of God it has cared me, and has so partified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them.
