FARMERS, LOOK TO YOUR INTERESTI—The old, reliable Reaper and Mower in the
market for 1862. McCoRMICG'S WORLD-RENOWNED
REAPER AND MOWER. Simplicity, strength, durability,
with ease of working, are its cardinal points. It cuts
wider, cannot be choked or clogged, is light draught, has
no perceptible side pressure, does not chafe the horsest
necks, is easy to rake from, turns equare corners, and as a
Reaper, as a Mower, and as both, is warranted superior to
any now in use. We present, therefore, for the coming
season a machine one foot wider than those of most makers, with a light draught for two horses, in reaping and
moving—lighter than is required for much narrower machines; also, one with the strength and capacity for four
horses, where such are desired. The machine of 1862 embodies marked improvements.

All machines warranted to work well in grass and grain,
to be well made and durable, and in addition we say that
farmers, who may desire it, are at liberty to work our machine through the harvest with any other, and keep and
pay for the one preferred. We deem it unnecessary to give
any references, as the machine will recommend itself.—

The great celebrity and increasing demand for this preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous discesses. Causes the heat to grow in xurnianity, and gives

Causes the hair to grow luxuriantty, and gives it a rich, soft, glossy, and featible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the protect, and reactore the growth to those parts which have become hald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had falled. L. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the Invigorator will with certainty restore it to its original hue, giving it a dark glossy appearance. As a perfume for the toller and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorator can be dressed in any required forms on as to preserve its place, whether plain or in curis—hence the great demand for it by the ladies as a standard tolled article which nonsonght to be without, as the price places it within the reach of all, being ONIX TWENTY-ETY-ETY CENTS per bottle, to be had at all respectable druggists and perfumers.
