IN-URANCE COMPANY.

OFFICE NO. 58 EAST KING STREET.

This Company having received applications for insurance of Real Estate (\$150 000) to the amount required by its Cha-ter, commenced issuing policies on the 1st day of April, 1862, and is now prepared to insure Real and Personal Property in the City and County of Lancaster. It is strictly on the mutual principle, no profits being contemplated, but an immense saving. Stock Insurance Companies being principally designed for the ten fit of the stockholders, this company has been organized for the special benefit of the insured parties, and they will control it, as there are no stockholders to do so Every person insuring property in this company thereby becomes a member thereof, and will be represented therein to the extent of bis in-urance. FARMERS, LOOK TO YOUR INTERESIT—The old, reliable Resper and Mower in the market for 1862 McDORMICK'S WORLD-RENOWNED REAPER AND MOWER Simplicity strength, durability, with ease of working, are its cardinal points. It can wider, cannot be choked or clogged, is light draught, has no perceptible side pressure, does not chafe the horser necks, is easy to rake from, turns square corners, and as a Resper, as a Mower, and as bith, is warranted superior to any now in use. We present, therefore, for the coming season a machine one foot wider than those of most makers, with a light draught for two horses, in resping and mowing—lighter than is required for much narrower machines; also, one with the strength and capacity for four horses, where such are desired. The machine of 1862 embodies marked improvements.

All machines warranted to work well in grass and grain, to be well made and durable, and in addition we say that farmers, who may desire it, are at liberty to work our machine through the harvest with any other, and keep and pay for the one preferred. We deem it unnecessary to give any references, as the machine will recommend itself.—Apply personally or by letter to
