JOHN DEANER,

"THERE IS NO SUCH WORD AS FAIL." ARRANT'S COMPOUND EXTRACT OF CUBEBS AND COPAIBA

for preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are adapted to all climates, and we are prepared to supply orders from any part of the country, at short notice, for GUITA PERCHA ROOFING in rolls, ready prepared for use, and GUITA PERCHA CEMENT in barrels, with full printed directions for application. This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the mest convenient and efficacions form, the well-established virtues and properties of Gubebs and Copsiba. For the speedy and effectual relief and cure of all SEXUAL DISEASES, it may justly be considered one of the greatest and most valuable discoveries in the annals of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nauseous taste is avoided, and it is, consequently, never found to interfere with the digestion, while, from its greater concentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable.

N. B.—Purchasers are advised to ask for TARRANT'S COMPOUND EXTRACT OF CUBEBS AND COPAIBA, and to take nothing else—as imitations and worthless preparations, under similar names, are in the market. Pamphlets accompany the medicine, containing full and ample directions. Price, \$1.00. Sent by express on receipt of price. We can give abundant proof of all we claim in favor of ir Improved Roofing Materials, having applied them to weral thousand Roofs in New York city and vicinity.
