WHAT CONFISCATION WILL DO. Mr. HENRY W. WILSON, who has just escaped from South Carolina, where he had been imprisoned for a long time on account of his Union sentiments, gives the following as his opinion of what will be the result of the abolition legislation enacted by the majority of the present Congress. In speaking of the

Confiscation act he says: "It is my opinion that the Confiscation act vid give additional force to the great military movement which is now going on in the South. It is a general feeling that if they are to lose their property, in any event, it is better for Clellan been successful before Richmond, and abolition legislation in Congress ceased, I have aboution tegistation in Congress ceasea," have no doubt that a beneficial change would take place in Southern feeling, and that they would be more inclined to friendly feelings on the question of a restoration of the old Union. et it be understood, however, that as long as legislation is carried on in the interest of bolitionism, so long will the South combat it with arms, and seek, in a separation, a release from what they consider, under these circum

stances, as a "hateful bond."

THE COTTON TROUBLE. England is sorely troubled respecting the future of the cotton supply. At last accounts there was only 213,270 bales in Liverpool, against 1,123,000 at a corresponding date last year. Were the mills to run on full time every pound of cotton in England would be used up in four weeks. What adds to the prevalent distress is the fact that India, so much relied upon, has failed utterly to meet the public expectation that she would supply, partially at least, the deficiency occasioned by the loss of American cotton. nding more than usual to market there was afloat, at last accounts, of Indian cotton only 45,000 bales, against 240,000 last year and 285,000 in 1860. Hence the excitement in the Liverpool cotton market, and the distress, present and prospective, of the manufacturing districts. The past year was, on the whole, a prosperous one for Great Britain, as the profits on the French and Italian accounts made up for the loss on exports to America. The coming year will witness the effect of cotton famine in England, for it is now very clear that no American cotton can possibly be made available for the commerce of the world before midwinter, if even then .- N. Secretary Seward has recently been spending some days, in New York City, in consultation with leading politicans. A correspondent of the New York Express states that e recently overheard a conversation be-ween Secretary Seward and another person, and he believed that Secretary Seward was committed to the policy of making peace with the Confederates, and that this visit to the East was to prepare and feel the way.

We copy the above from one of our exchanges. It harmonizes with the article which we quoted last week, from Secretary Seward's State organ, Weeds' Albany Evening Journal. That article stated that "reunion" had been rendered "difficult, if not

IMPOSSIBLE." Still later and of like purport, is Mr. Seward's letter to the War meeting held in New York, on Tuesday last. One paragraph of that letter reads thus:

"The objects of the meeting are of vital mportance. They involve nothing less than a choice of an early peace, with the delivery of the nation from all surrounding danger, or protracted war with hazards of ultimate Naional DISSOLUTION." We leave every reader to make his own

They stimulate due the state of the body into vigorous settivity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, shad-obstructs its natural functions. These, it not relieved, react upon behamelved and the surrounding organ, grounding general aggravation, suffering, and disease. While in this condition, oppressed by the drangements, take Ayer's Pills, and see how directly they readers the natural action of the system, and with it the proyent feeling of health again. What is first and of apparent in this trivial and common complaint; it also true for many of the deep-seated and dangerous distampers. The same purgative effect explet hear. Caused by shaller obstructions and derangements of the natural functions of the body, they are rapidly, and many of them when, chirdly by the same means. From a Forwarding Merchant of St. Louis, Feb. 4, 1858. Brom a Eurocrang Merchant of St. Long, reb. 5, 1896. Dr. Arke: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcarous sores upon her hands and feet that had proved incurable for years. Her mother has been long great-ounly afflicted with blotches and pimples on her skin and in her hair. After our child was cared, she also tried your Pills, and they have cured her.

PILES.

From Dr. E. W. Curturight, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

From Dr. Edward Boyd, Baltisoric

Dean Bro. Aver.: I cannot answer you what complaints
I have cared with your Pills better than to say all their ever freat with a purpaine medicine. I place great depaidence on an effectual cashiartic in my daily contest with disease, and believing as I do that your Pills afford, us the best we have, I of course vajue them highly.

Privature, Pa., May 1, 1855.

Dr. J. C. Aver. Sir: I have been repeatedly cured of the worst 'headache' any body cin llave by a does or two of your Pills. It seems to arise from a foul stomach, which they cleanso at once.

Rillons Disorders - Liver Complaints. Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billous complaints than any one remedy I can monition. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Washington, D. C., 7th Fob., 1858.

Sin: I have used your-Pills in my general and hespital practice ever since you made them, and cannot hesitate to say they are the best eathertie we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derungements of that organ. Indeed, I have seldom found a case of billious disease so obstants that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital. Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diurrhea. Their sugar-coating makes them and children.

Dyspepsia, Impurity of the Blood. J. V. Himes, Pastor of Advent Church, Boston DR. ATER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

DEAR SEE: I am using your Cathartic Pills in my practice, and find them an excellent purpative to cleanso the

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysis, Fits, etc. From Dr. J. P. Yaughn, Monitreel, Canada.

From Dr. J. P. Yaughn, Montreet, Geneda.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large does of your Pills, taken at the proper time, are excellent promotives of the natural zerriem when wholly or partially suppressed, and also very effectual to cleans the stomach and expelications. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Evis, Church, HONDED SIR: I HOUSE. SAVARIDAD, Ga., Jan. 6, 1856.

HONDED SIR: I should be ungrateful for the relief your skill has brought me it I did not report my case to you. A cold settled in my limbs and brought on excrusing neutraling nature, which ended in chronic relation. you. A consectured in my inhoration oranges on exercicining neutralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persovering in the use of them, I am now entirely well.
