DR. DODS' CELEBRATED WINE BITTERS ARE UNSURPASSED! For Sore Throat, so common among the Clergy, they are truly 'talnable.

For the aged and infirm, and for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors. Seamstrages, Brudents, Arlists, and all persons leading a seedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhibitanting effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only Cure, but Prevent Disease, and should be used by all who live in a country where the water is bad, or where Chillis and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Glegzymen and temperance advocates, as an act of humanity, should sarist in spreading these truly valuable Bitters over the land, and thereby essentially aid in banishing Drunkenness and Disease.

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS are prepared by an eminent and skilful physician who has used them successfully in his practice for the last twenty rive years. The propristor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Imperial Wine. This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacions form, the well-established virtues and properties of Cubebs and Copaibs. For the speedy and effectual relief and cure of all SEXUAL DISEASES, it may justly be considered one of the greatest and most valuable discoveries in the annule of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nanseous taste is avoided, and it, is, consequently, never found to interfere with the digestion, while, from its greater concentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable.

N. E.—Purchasers are advised to ask for TARRANTS COMPOUND EXTRACT OF CUBEBS AND COPAIBA, and to take nothing else—as imitations and worthless preparations, under similar names, are in the market. strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorat or can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Pareuts and Guardians to the use of his Invigorator, in cases where the childrens Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp the removal of which is necessary both for the health of the child, and the future appearance of the Hair.
