CUBEBS AND COPAIBA. This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacions form, the weitestablished virtues and properties of Cubebs and Copatha. For the speedy and effectual relief and cure of all SEXUAL DIREASES, it may justly be considered one of the greatest and most valuable discoveries in the annuals of medicine, frequently effecting a cure in three or four days. In the preparation as an extract or a paste, the usual nanceous taste is avoided, and it is, consequently, never found to interfere with the discestion, while, from its greater concentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable.

N. B.—Purchasers are advised to ask for TABRANT'S COMPOUND EXTRACT OF CUBEBS AND COPAIBA, and to take nothing else—as imitations and worthless preparations, under similar names, are in the market. Pamphlets accompany the medicine, containing full and ample directions. Price, \$1.00. Sent by express on receipt of price.

It cleanses ration, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleans the head and scalp from dandruff and other cutaneous diseases. There are hundrods of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the Invigorator will with certainty restore it to its original hus, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curis—hence the great facilities it afford for it by the iadies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being ONINT TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists' and perfamers.

The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp the removal of which is necessary both for the health of the child, and the fuiner appearance of the Hair.
