Battle near Culpepper Court. House. From the New York Herald. Great Battle

From the New York Herald.

The most desperate fight for the numbers engaged since the war commensed occurred yesterday at Godis' Mountain, sight miles south of Culpepper Court House, Virginis, between General Banks' corps d'armes of General Pope's forces and the Confederates under Stonewall Jackson in person. General Pope had sent General Banks' command to the front early in the méraing, and the divisions of Generals Augur and Williams took position a mile. of Generals Augur and Williams took position a mile or a mile and a half this side the ground of the

or a mile and a half this side the ground of the skirmish of the day previous.

In the afternoon Crawford's brigade of General Williams' division, composed of the 45th Pennsylvania, Jolin Maine, 5th Connecticut and 2sth New York regiments, with Best's battery of regulars, moved forward to a piece of high ground between Cedar creek and Crooked river, some four miles north of the point where the Culpepper and Gordonsville turnpike crosses that stream. To the south of this point distant about three-fourths of a mile, rises the Cedar Mountain, a spur of the great Thoroughfare range.

westward.

Best's battery of Parrott guns was immediately planted on the crest of the hill, and began replying to the two, while the infantry was posted in line of battle to the right of the battery.

The enemy kept up a continuous fire from both batteries some haif an hour, which was rapidly returned by Capt. Best, when three additional Confederate batteries opened from as many different localities.

At about five o'clock the Confederate infantry was discovered in strong force upon our right and in front, supporting the Confederate batteries, when word was sent back to the main body stating the fact. Immediately Gen. Augur's division, with the remainder of Gen. Williams' division, were thrown remainder of Gen. Williams' durision, were thrown forward and posted upon the right of Gen. At nine o'clock in the evening the hungry and wearied troops of General Banks were relieved by portions of McDowell's command, and fell back a half mile, resting on their arms in a pleasant clover-

ield.

The night was unusually lustrous, and all prominent objects were as plainly distinguished as in the bright daylight. Thoroughfare Mountain loomed up to the west, a Confederate signal light now flashing their muskets stretched up and down all the slop and fleids, were dunly descried with their fac

Crawford's brigade, which had borne the brun of the fight, threw themselves, almost exhausted, upon the moist grass, and talked over the advectures of the battle. Some of the men incautiously nade fires, and this revealing our position, the enemy

sommenced shelling us.

The firing was generally excellent, the shells untriting among trains, ambulances and horses, soon compelling our soldiers to move back towards Culpepper.

A panic was very nearly occasioned at this time, as the regiments took to their heels to get out of range, and seeing so many men retreating, others that had not reached the field also started to run, and seem the work were crowded with frightened and soon the roads were crowded with frighter

Soon the Provost's guards were thrown across the roads and fields, stopping stragglers, and suffering only the wounded to pass.

The wounded came in on foot in great numbers, and the ambulances were promptly on the spot to carry off those unable to walk.

The scenes that made the morning light terrible were the concomitants of all buttle fields; but the unusually heavy loss of field and line officers was remarkable.

Soon the Provost's guards were thrown across the statement of the Provost's guards was a statement of the Ram Arkansas Destroyed.

About four o'clock in the afternoon Gen Pope and staff went upon the field, and were greated with the most vociferous cheers. The General rode to the extreme front in the thickest of the fight, and came near getting into a Confederate am-buscade, but he discovered his danger in time to

nyoid it.

We took several Confederate prisoners, from whom
I gained some information. It is certain that the
Confederate General Winder is killed.
General Jackson is wounded slightly in the hand.
Gen. Saxton is mortally wounded.

The Confederate force engaged in the battle was
from forty to fifty thousand.

The Confederate force engaged in the dathe was from forty to fifty thousand.

The casualties on our side are fully set forth in the list of names I send you of killed and wounded now at the hospitals in Culpepper Court House. The list was taken at nine o'clook to-day.

Gen. Augur's wound is not dangerous. It is a flesh-wound in the hip. Gen. Geary is severely wounded in the arm. Gen. Banks had his horse killed under him, as did also the chief of General Pope's staff, Col. Ruggles.

Large numbers of hospitals tents and stores were sent from Washington to-day to the scene of action.

Culpeper is one vast hospital, though most of the rounded will be sent on to Washington for treat-

HEAD-QUARTERS, ARMY OF VIRGINIA, Cedar Mountain, Aug. 13—5 P. M. To Maj. Gen. HALLECK, General-in-Chief:
On Thursday morning the enemy crossed the Rapidan at Barnell's Ford in heavy force, and adson Court House. I had established my whole force on the turnpike between Culpepper and Sperryville, ready to concentrate at either place. As soon as the enemy's plan's were developed early on Friday, it became apparent that the move on Madison C. H. was merely a feint to detain the army corps of Gen. Sigel at Sperryville, and that the main attack of the enemy would be at Culpepper; to which place I had thrown forward parts of Banks' and McDowell's corps.

thrown forward parts of Banks' and McDowell's corps.

Brig. Gen. Bayard with part of the rear of McDowell's corps, who was in advance, near the Rapidan, fell slowly back, delaying and embarrassing the enemy's advance as far as possible and capturing some of the men.

The force of Banks and Sigel and one of the divisions of McDowell's corps were rapidly concentrated at Culpepper, during Friday and Friday night, Bank's corps being pushed forward five miles south of Culpepper, with Pickett's division of McDowell's corps three miles in his rear. The corps of Sigel, which had marched all night, was halted in Culpepper to rest for a few moments.

which had marched all night, was halted in Culpepper to rest for a few moments.

On Saturday the enemy advanced rapidly to Cedar Mountain, the sides of which they occupied in heavy force. Gen. Banks was instructed to take up his position on the ground occupied by Crawford's brigade of his command, which had been thrown out the day previous to observe the enemy's movements. He was directed not to advance beyond that point, and it attacked by the enemy, to defend his position and send back timely notice. It was my' desire to have time to give the corps of Gen. Sigel all the rest possible after their forced march, and to bring forward all the forces at my disposal.

The artillery of the enemy opened early in the afternoon, but he made no advance until nearly five o'clock, at which time a few skirmishers were thrown forward on each side under cover of the heavy woods, in which his force was concealed. The enemy are their forced march.

ard yet. Yet towards evening, the increase in the artillery firing having satisfied me that an engagement might be at hand though the lateness of the hour rendered it unlikely, I ordered Gen. McDowell to advance

Ricketts' division to the support of Banks, and directed General Sigel to bring his men upon the ground as soon as possible. I arrived personally on the field at 7 o'clock, p. m., and found the action raging furiously. The infantry fire was incessant and severe. His losses were heavy. Ricketts' division was immediately pushed forward and occupied the right of Banks. The brigades of Crawford and Gordon being directed to change their position on the right and mass themselves in the centre. Before this change could be effected, it was quite dark, though the artillery fire continued at short range without intermission.

The artillery fire was continued at night by the

2d and 5th Maine batteries in Rickett's division.
Their fire was most destructive as was readily observable the next morning in the dead men, horses

servable the next morning in the dead men, horses and broken gun-carriages of the enemy's batteries, which had been advanced against it.

Our troops rested on their arms during the night in line of battle. The heavy shelling being kept up on both sides until midnight. At daylight the next morning, the enemy fell back two miles from our front and still higher up the mountain. Our pickets at once advanced and occupied the ground. The fatigue of the troops from long marches, and excessive heat, made it impossible for either side to resume the action. On Sunday the men were allowed to rest and recruit the whole day, our only active operations being of the cavalry on the enemy's flank and rear.

on both sides, most of the fighting being hand to hand.

The dead bodies of both armies were found mingled together in masses over the whole ground of the conflict.

The burying of the dead was not completed until dark on Monday, the heat being so tarrible that severe work was not possible.

On Monday night the enemy fled from the field, leaving many of his desid unburied, and his wounded on the ground, and along the road to Orange Court House, as will be seen by them. Buford's despatch.

A cavalry and artillery force under the Buford was immediately trown forward in pursuit and followed the enemy to the Kapidan, over which he passed with his rearreguard by 10 o'clock in the morning, partie of our infantry followed, the remainder moved forward in the morning and gallantry could be exhibited by any troops. I cannot speak too highly of the intrepidity of Gen. Banks himself. During the whole of the engagement, he was in the front, and exposed as much as an man in his command. His example was of the greatest benefit to his troops, and he merits and should receive the commendation of his Government.

Gens. Williams, Augur, Gordon, Crawford, Prince. Green and Geary behaved with consplictions gallantry.

from one flank to the other—fell into the enemy's hands.

I desire publicly to express my appreciation of the prompt and skilful manner in which Generals McDowell and Sigel brought forward their respective commands and established them on the field; and of their cheerful and hearty co-operation with me from beginning to end.

Brig. Gon. Roberts, chief of cavalry of this army was with the advance of our forces on Friday and Saturday, and was conspicuous for his gallantry and for the valuable aid he rendered to Generals Banks and Crawford. Our loss in killed, wounded and

for the valuable aid he rendered to Generals Banks and Crawford. Our loss in killed, wounded and missing, was about 1500 of whom 200 were taken prisoners. As might be expected from the character of the engagement, a very large proportion of these were killed. The enemy's loss in killed, wounded and prisoners we are now satisfied is much in excess of our own. A full list of the canualties will be transmitted as soon as possible, together with a detailed report in which I shall endeavor to do justice to all.

DISTRESSING CALAMITY. NEW YORK, Aug. 15-2 o'clock, A. M.

The Herald has received the following dis ACQUIA CREEK, Va., Aug. 14. A collision occurred on the Potomac last night off Ragged Point, between the steamers Peabody and West Point, involving a loss of

76 lives. The West Point was bound for this place from Newport News, with convalescent troops of Gen. Burnside's army. She sank in ten minutes after the accident. The Peabody brought the rescued soldiers and passengers to this point; and from Lieut. Col. Scott, of the 6th New Hampshire regiment, who was on board the ill-fated vessel, and in charge of the troops, I have obtained the following ac-

count of the disaster. He says:
We left Newport News on the 11th instant, with two hundred and fifty-four soldiers, four officers, three ladies, and one child. tween our steamer and another named the George Peabody, bound down the river.

The West Point began to leak very fast and it was ascertained that she would sink in less than ten minutes.

The Peabody, which had been partially disabled by the collision, could render no as-

sistance except with her small boats. Valuable assistance was rendered by Can tains Biggs and Hall, and their assistants quartermasters of Gen. Burnside, who were assing in the steamer John F. Anon, and by Acting Master Joslyn of the gunboat Rel

THE DAY SCHOOL BELL.

35,000 COPIES IESUED.

A new Singing Book for Day Schools, called the Day School Bell, is now ready. It contains about 200 choice songs, rounds, catches, duetts, trice, quartetts and choruses, many of them written expressly for this work, besides 32 pages of the Elements of Music. The Elements are so easy and progressive, that ordinary teachers will find themselves entirely successful in instructing even young scholars to sing correctly and scientifically; while the tunes and words embrace such a variety of lively, attractive, and soul-stirring music and sentiments, that no trouble will be experienced in inducing all beginners to go on with seal in sequiring skill in one of the most health-giving, heauty-improving, happiness-yielding, and go on with seal in acquiring akili in one of the most health-giving, beauty-improving, happiness-yielding, and order-producing exercises of school life. In simplicity of its elements, in variety and adaptation of music, and in excellence and number of its songs, original, selected, and adapted, it claims by much to excel all competitors. It will be found the best ever issued for seminaries, academies and public schools. A few sample pages of the elements, tunes and songs, are given in a circular; send and get one. It is compiled by Horace Waters, author of "Sabbath School Bell," Nos. 1 and 2, which have had the enormous sale of 735,000 copies. Prices—paper cover, 20 costs, \$15 per 100; bound, 30 cants, \$22 per 100; cloth bound, embossed gilt, 40 cents, \$30 per 100. 25 copies furnished at the 100 price. CONSTITUTION, WATER

THE GREAT REMEDY POR THE CONSTITUTION AND THE POB. AND DISEASES OF THE KIDNEYS AND BLADDER.

ase Dangerous and Troublesome Diseases, which have thus far Resisted the best directed Treatment, can be Compissely Controlled by the REMEDY now before us!

THE CURATIVE properties of the medicine direct themselves to the organi of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not con-verted into sugar so long as the system is under the influ-ence of the

CONSTITUTION WATER. which gives those organs time to recover their healthy tone and rigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY PISCHARGES AFTER URINATING.

Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENOBRHOZA, OR PAINFUL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUSE FLOWING,

Both discases arising from a faulty secretion of the mentrual fluid—in the one case being too little, and accompanied by severe pain; and the other a too profuse secretion, which will be speedily cured by the Constitution Water. That disease known as FALLING OF THE WOMB, which That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervous-ness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Papitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION, Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladles are the result; and as mouth after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

This disease depends upon an inflammation of mucous liuing of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the howels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half-pint of soft water, morning and evening.

LEUCORRHUBA OR WHITES.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE BLADDER, BTRANGURY DEURING, OR PAIN-FUL UNINATING. For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA. it has no equal in relieving the most distressing symptoms. Also, Headache, Heartburn, Add Stomach, Vomiting Food, &c. Take at tasspoofful after dinner. The does in all cases may be increased if desired, but should be done PHYSICIANS

have long since given up the use of buchu, cubebs, and juniper in the treatment of these diseases, and only use them for want of a better remedy. CONSTITUTION WATER

oved itself equal to the task that has devolve DIURETICS irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

READ! READ!! READ!!! DANVILLE, Pa., June 2. 1862.
Dr. WM. H. GREGG—Dear Sir: In February, 1861, I was affileted with the sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1881, I procured two bottless of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly,

two bottles I was entirely cured, soon after regaining my usual good health. Yours truly,

J. V. L. DE WITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.

WM. H. GREGG & CO:

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders; whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Failing of the Womb, Dysmenorrhæ, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then omployed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quite as much pain; he flaulty gave her up and said, "her case was incurable." For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she coramenced to use the Constitution Water, and to cur utter astonishment, almost the first dore seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to each that it has produced a permanent cure.

AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous affections, such as Tumors, Ulcers, Sores, Ercuptions, Pimples, Pustules, Blotches, Bells, Hlains, and all Skin Diseases. Histins, and all Skin Discasses.

Oakinn, Ind., cith June, 1862.

J. C. Affr. & Co. Genter I feel it my duty to acknowledge what your Savesparille has done for me Having inherited a Scribon infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms: sometimes it turned inward and distressed me at the stimach. Two years ago it broke out on my head and covired my scalp and cers with one sore, which was painful and loathsoms beyond description. I tried many medicines and several physicians, but without much relief from any thing. In inct, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Saraparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cused me. I took it, as you advise, in small doses of a tesspoorful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tall you, that I hold you to be one of the apostics of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Spaid Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Proble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an invetrate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large does of the same; says he cures the common Eryspicas by te constantly.

Bronchocole, Goitre or Swelled Neck. Zebulon Stoan of Prospect, Texas, writes: "Three bot-tles of your Sarsaparilla cured me from a Goire—a hid-cous swelling on the neck, which I had suffered from over two years." Leucorrhee or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Uteration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saving I have found your Sarsaparilla a most excellent allerative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of the Scrofulous dishibesia. I have cured many inveterate cases of Leucorrheca by it, and some where the complaint was caused by uteration of the sierus. The uteration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous occurian tumor on one of the females in my family, which had defied all the remedies we could employ, has at longth been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have crued with it, in my practire, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Veneral and Mercurial Disease.* One of my patients had Syphilitle ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Anoliter iwas attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers headed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excurating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great this Preparation from your laboratory must be a great remedy: consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I triedlyour Sarasparilla. One hottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think It a wonderful medicine. J. FIRAMI. attacked. I think if a wonderful medicine. J. FREAM.
Jules V. Getchell. of St. Louis writes: "I have been
affiled for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than devangement of
the Liver. My beloved pastor, this Rev. Mr. Espy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has cured me, and has so partified my blood
as to make a new man of me. I fuel young again. The
best that can be said of you is not half good enough."

A great variety of cases have been reported to us where
cures of these formidable complaints have resulted from
the use of this remedy, but our space here will not admit
them. Some of them may be found in our American
Almanae, which the agents below named are pleased to
furnish geatis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed boyond its reach. Such a remedy has long been required by the nocessities of the people, and we are confident that this will do for them all that medicine can do.

Aver's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Inflienza, Hoarseness, Croup, Brouchitts, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the circ of threat and lung complaints, that it is useless here to publish thelevidence of its virtues. Its maintained excellence for coughts and colds, and its truly conterful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few me the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerond disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do mear than to assure them that it has now all the vistues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. Sold by C. A. HEINITSH, Lauranter, and by one or more traders in every village in the country. [may 14 ly

MOUNTING ARTIFICIAL TEETH.
I would announce to my patrons and all.

I would announce to my patrons and others requiring the services of the Dentist, that I am about introducing the AMBER BABE into my practice. The advantages of this method of mounting tests over the metallic base have been rully established in the five years in which it has been subject to the soverest tests, with the most satisfactory results. subject to the severest tests, with the most satisfactory results.

It is fully as strong and durable as either silver or gold—more easily kept clean, more natural to the touch of the tongue and lips, and it is firmer and more serviceable in the month, in consequence of our being able to obtain a more perfect fit to the gum.

This work is not so expensive as gold, but a little higher in price than silver. It will be warranted to give satisfaction, or be exchanged for gold or silver work as the patient may prefer. may prefer.

A LECTURE ON THE NATURE, TREATMENT AND RADIOAL CURR OF Spermstorthers or Sominal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c.—by ROBT. J. CULVERWELL, M. D., Author of the Green Book, &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequence of Self-Abuse may be removed without medicine, and without dangerous surgical operations, bougles, in struments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be may cure himself cheapily, privately, and radically. This lecture will prove a boon to thousands and thousands.
