Notes and the company of the company

part of the Pennsmis where, it anywhere, see and say would pursue.

General McClellan remained to the last, and saw his army safe over. Dining with a portion of his staff on the Metamore, he re-mounted and joined the immense cavalcade moving down the Pennsula.

The pontoon bridge over the Chickabominy was, in play parlance, a great success—a fine piece of engineering. The entire army, with its vast train of wagons and ponderous artillery, passed over as on dry land.

As the best evidence of the skill and good order in which the movement from Harrison's Landing was conducted, I will state that all the property was removed; that although there were twenty-seven miles of wagons, but a single one—which broke down on the way, and was thereby rendered useless—was left behind: 'bvery' straggler was picked up and brought atong, and the whole was a perfectly clean thing.

brought along, and the whole was a perfectly clean thing.

The Artillery Reserve arrived at Hampton last evening. The route from Yorktown to Hampton and Newport News was crowded with Porter's corps, in the advance. I am sorry to say that General Porter's men were guitty of outrageous acts in pillaging and destroying almost indiscriminately.

The Hon. John Tucker, Assistant Secretary of War, arrived in the Baltimore boat this morning, to facilitate the embarkation of the army on transports for the point of destination, which is generally presumed and understood to be Acquia creek.

General McClellan is expected to arrive to-day, and no time will be lost, beyond what has been lost, in completing the movement.

in completing the movement.

It is understood that at least one corps d'armee will remain here, and that Suffolk will be immediely reinforced. It is said, also, that this will be one of the points or concentrating and disciplining the reserver raised under the last cail of the President. Consequently, Old Point, instead of losing, will have increased importance conferred upon it.

Two P. M.—Gen. McClellan arrived at Yorktown obout nine o'clock this morning, and was expecting to leave immediately for Old Point.

From Harrison's Landing I learn that vesterday

opout nine o'clock this morning, and was expecting to leave immediately for Old Point.

From Harrison's Landing I learn that yesterday a body of rebel cayalry was seen on the field recently occupied by our troops, when the men very generally engaged in exchanging their more dilapidated for the east-off uniforms left behind by our soldiers. General Porter's division has moved from Hampton to Newport News, for the purpose of embarking, where the facilities will enable considerable time to be gained. No time will be lost in placing the troops on transports at the earliest possible moment. The artillery now here will embark at Hampton, where transports have gone. A number of steamers proceeded to Yorktown to-day to take on troops. So that the embarkation will take place from Yorktown, Newport News, Hampton and Old Point; and though as much expedition will be used as possible, several days must necessarily elapse before the entire force gets off. This may readily be inferred from the fact that, in addition to the large body of infantry, there are at least ten thousand horses, nearly twice as many mules, besides a vast amount of property. nearly twice as many mules, besides a vast amount

nearly twice as many mules, besides a vast amount of property.

Gen. Heintzelman did not accompany the army in its march down the Peninsula, but struck off in another direction toward the White House—he having passed the Chickahominy with his corps at Jones' Bridge, seven miles above the pontoon bridge. His exact course and whereabouts were not known, but the common remark was that he had gone off to look up a fight. He was accompanied by Averill's cavalry, who stampeded a body of the enemy's cavalry some distance above. It is surmised that Gen. Heintzelman will make his appearance in the neighborhood of White House or West Point.

Returned prisoners, from Richmond yesterday, agree in representing that the rebols have for some agree in representing that the rebels have for somtime been engaged in concentrating a large force in the neighborhood of Gordonsville, with which to

meet Pope.
5 P. M.—Gen. McClellan has arrived from Yorktown in the Coaracoalos. The embarkation of our troops goes on briskly, and so far as is known nothing has occurred to mar the completeness of the

The Attack upon Baton Rouge.

By a late arrival from New Orleans we have an account of the attack upon Baton Rouge, on the 5th inst., and the result, from which it appears that the rebels were repulsed with great loss. The following are the particulars, so far as we have them:

The official report of Col. Cahill, commanding the post after the death of Gen. Williams, states that the rebel force was about ten regiments. After a fight of four hours of great severity, the enemy were repulsed. Gen. Williams was killed by a rifle ball through the cheet. During the battle our forces were obliged to retire about a quarter of a mile from their original position, and the enemy were able temporarily to occupy the camps of the 21st Indiana, 7th Vermont and 9th Maine regiments, and to destroy much of the baggage and camp equipage. They were, however, driven out—but our numbers being much lessened by sickness, and the men on the field being muon exhausted through fatigue and heat, it was deemed expedient not to pursue the rebels.

The enemy had retired several miles, and is still rethring. I am expecting it is possible they may receive re-niforcements, and I am disposing of the New York troops in the strongest positions.

Our force engaged numbered less than 2500. The enemy had at least 5000, with 12 to 14 field pieces and some cavalry.

The ram Arkansas approached with the intention of engaging our gunboats, but grounded et a disconting the strongest positions. The Attack upon Baton Rouge.

enemy had at least 5000, with 12 to 14 field pieces and some cavalry.

The ram Arkansas approached with the intention of engaging our gunboats, but grounded at a distance of six miles, and to-day (the 6th inst.,) was engaged by the Essex and destroyed.

Brig. Gen. Clark and his aid, Lieut. Terger, delivered themselves to use a six of the second second. livered themselves to us as prisoners of war. I have also 70 wounded prisoners and about 30 captured. Gen. Breckinridge, on the 6th, asked permission in writing to bury his dead. Col. Cahili replied that our men were engaged in the work, which soon be accomplished.

A passenger from Baton Rouge states that our loss was 70 killed and 215 wounded.

was 70 killed and 215 wounded.

Gen. Williams had three horses shot under him.

He was killed while rallying the 21st Indiana regiment, which had just lost a field-piece. The gun was retaken, but Gen. Williams fell, pierced by several bullets. several bullets.

The wounded are about as follows: 21st Indiana Regiment, 81; 14th Maine, 70; 4th Wisconsin, 10; 6th Michigan, 25; 7th Vermont, 15; 30th Massachusetts, 12; 9th Connecticut, 2.

Among the prisoners taken is Gen. Allen of Miss., mortally wounded.

Butler has issued a general order announcing. Gen. Butter has issued a general order announcing in eloquent language the death of Gen. Williams. He has also issued a congratulatory order to the troops on their successful engagement, in which he says: "The enemy lost three Brigadier Generals killed, wounded and prisoners, and many colonels and field officers. He has more than one thousand killed and wounded. You have captured three pieces of artillery, six caissons, two stand of colors, and a large number of orisoners."

of artillery, six caissons, two stand of colors, and a large number of prisoners."

A letter from Baton Rouge states that the fight between the Essex and Arkansas was a fair stand-up fight. Porter lay three hundred yards distant, pouring solid nine-inch shot into the Arkansas until a breach was made, when an incendiary shell was exploded in the breach, setting her on fire. The rebel crew then left her, and she soon exploded.

A letter from a surgeon reports that he saw 83 dead rebels in one small corn field at Baton Rouge. Lieut. Norcross of the 30th Mass., arose from his bed, joined his command in the thickest of the fight, and with his own hands saved a field piece about to be taken. The rebel wounded stated that their loss was 800. Nims' battery saved the day when two-thirds of its members were on the sick list.

members were on the sick list.

The secssionists in Baton Rouge fired on our wounded as they were being brought in, consequently their houses were being pulled down.

Breckinridge, on the morning of the fight, made a speech, promising his men to have a band playing in the State House at 9 A. M.

The transport steamer, Lewis Whitemen in the State House at 9 A. M.

The transport steamer Lewis Whiteman ran into the gunboat Oneida, 50 miles above New Orleans, on the night of the 6th. The transport was sunk. She had the body of Gen. Williams on board, with an escort of six, his body-guard, also 420 four men and 3 Confederate wounded soldiers. The body was recovered, and 38 wounded soldiers and three of the body owned were saved.

Nine Months' Regiments from Pennsylvania. All the regiments from this State for the nine months' service have been organized at Camp Curtin and sent Southward. The regiments now leaving are for three years or the war. The following is a list of the regiments for pine months: list of the regiments for nine months:

122d (Lancaster county), Colonel, Emlen Franklin; Lieut. Col., (vacant); Major, Thaddeus Stevers. Jr. vens, Jr.

Clark; Lieut. Col., A. Gast; Major, H. Danver.

NEW YORK .- The Democratic State Com mittee of New York have called a State Con vention to meet at Albany on the 10th of September, to nominate a State ticket. It is believed that the Democracy of New York will now show themselves far stronger than they have for years before. They can, and should revolutionize the Empire State; for a marked change is occurring in public sentiment, and it

TOTHE CASE PAIRLY STATED. More than one year ago, Congress by a nearly unanimous vote passed the following resolution, which expresses fully the voice of the Nation, and is the true standard of

loyalty:
That the present deployable civil war has been forced upon the country by the disunion-ists of the Southern States now in arms against the Constitutional Government, and in RTM around the Capital; that in this National emergency Congress benishing all feeling of mere passion or resentment, will recollect only its duty to the whole country; that this war is not wayed on their part in any spirit of oppression, or for any purpose of conquest or subjugation or purpose of overthrowing or in-terfering with the rights or established instituterfering with the rights or escavisates instau-tions of those States, but to defend and main tain the supremacy of the Constitution and to preserve the Union, with all the dignity, equality and rights of the several States unim paired; and that as soon as these objects ar accomplished the war ought to cease."

DICTATING TO THE PRESIDENT HIS DUTY. Horace Greeley addresses a long editorial letter to President Lincoln, in the style of a pedagogue dictating to a pupil, telling him what "twenty millions of people" require of him to do. Mr. Greeley "demands" that the President shall execute the laws, referring more particularly to the confiscation law.
That he shall "publicly and decisive" instruct his subordinates to that effect. He says the President has been "strangely and disastrously remiss" in the discharge of his official and imperative duty in regard to the emancipation provisions of that act; that he is too much influenced by the Border States, and complains that Fremont and Hunter's orders were rescinded while Halleck's is not, though every traitor in America received approbation the latter." Throughout with the whole two columns there is the same arrogant assumption of the right to dictate to the Presidential policy, and accusations of disregard of duty, till one wonders whether Greeley is not the President and Mr. Lin-coln only his hired subordinate, receiving a severe lecture for not better performing his luty. The impudence of the epistle, in assuming to speak in this style for twenty millions of people, is sublime.—Ledger.

SHORT BUT EXPRESSIVE DIALOGUE .- "John, where is your master to-day?"
"Oh, he's eff, sir, recruiting." "Recruiting, is he? That's good! where's

e recruiting? "Up in the White Mountains, sir, recruiting his health."
"Ah! he's sick, is he? What's the matter?" "He took cold on account of the draft."

"That's bad; then he won't go to the war ?' "Oh no, sir, he's too 'Wide Awake."

THE CROPS IN IOWA.—The yield of wheat sestimated at 20,000,000 bushels this year, being 1, 750,000 bushels more than the crop of 1861. There have been 1,325,000 acres cultivated this season in corn, which will yield 76,250,000 bushels, or an excess over the crop af last year of 16,000,000 bushels. Oats will reach 10,000,000 bushels; hay 1,000,000 tons; Sorghum 3,000,000 gallons; and potatoes double last year's quantity. The State will be able to export this year 175,000 cattle and 900,000 hogs. The increase of sheep has been about one-third during the past year, making the number in the State 350,000.

THE GOVERNMENT CONTRACT for 160,000 pairs of army bootees, delivered in thirty, sixty and ninety days, at prices ranging

ALLEGHENY COUNTY .- The Democratic Convention of Allegheny county met on Wednes-day, and nominated Wm. Linn for District Attorney; R. H. Kerr for the State Senate; Robert Anderson for Controller; and Campbell Stewart, A. J. Baker, Peter Huberman, J. C. Bryant and Adam Reinman for Assembly. A series of excellent resolutions were adopted according a hearty and willing support to the Government, but urging rigid adherence to the Constitution. deprecate any effort to remodel the Govern ment in time of war, and take strong ground against the emigration of negroes into Pennsylvania, as fraught with great danger to morals and injury to white labor.

MARYLAND. - A correspondent of the New York Post, writing from Baltimore, says: "The fact is undeniable, that the Legislature of the State, so largely Union, according to the meaning of the word when elected, now sympathizes with secession, as to make it dan gerous to the public safety to be convened." The legislation of the late Congress is res ponsible for this .- Norwich Aurora.

3m 29 THE GREAT INDIAN HERBAL TEAS FOR FEMALES. DR. ENGLISH'S
INDIAN VEGETABLE EMMENAGOGUE:

INDIAN VEGETABLE EMMENAGOGUE:

This Celebrated Female Medicine possesses virtues naknown of anything else of the kind, and proving effectual after all others have falled; it is prepared from an "Indian Herb" peculiar to Northern Mexico and Texas, and is used by the Natives in producing the MONTHLY HICKNESS. It is desigued for both married and single ladies, and is the very best thing known for the purpose, as it will remove all obstructions after other remedies have been tried in value. It is a pleasant test, containing nothing injurious to health, and a cure can be relied upon in all cases.

Prolapsus Userl, or falling of the Womb: Floues Albus, or Whites; Chronic Inflammation, or Ulceration of the Womb; Incidental Hemorage or Flooding; and diseases of the Spine.

AF Laddes in the early stage of preguancy are cautioned against the use of this tes, as it will produce miscarriage.

Agriculture of the early stage of pregnancy are cautioned against the use of this tea, as it will produce miscarriage. PREPARED AND SOLD BY

DB. G. W. E. NG LISH,

I HAVE NO AGENTS "THERE IS NO SUCH WORD AS FAIL." TARRANT'S COMPOUND EXTRACT OF

CUBEBS AND COPAIBA.

This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacious form, the well-stablished virtues and properties of Cubebs and Copaibs. For the speedy and effectual relief and cure of all BEXUAL DISEASES, it may justly be considered one of the greatest and most valuable discoveries in the annals of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nauseous tasts is avoided, shd it is, consequently, never found to interfere with the digestion, while, from its greater oncentration, the dose is much reduced. It may be railed on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable. in the date of the control of the co

nese Dangerous and Troublesome Diseases, which have thus far Resisted the best directed Treatment, can be Completely Controlled by the REMEDY now before us!

properties of the medicine direct themselves to the organs of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not con-verted into sugar so long as the system is under the influ-CONSTITUTION WATER

which gives those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has STONE IN THE BLADDER, CALCULUS, GRAVEL BRICK DUST DEPOSIT, AND MUCOUS OR MILKY PISCHARGES AFTER URINATING.

Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pala and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENORRHEA, OR PAINFUL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUEE FLOWING.

Both diseases arising from a faulty secretion of the men streal fluid.—in the one case being too little, and accom-panied by severe pain; and the other a too profuse secre-tion, which will be speedily cured by the Constitution Water. That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heavinees and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians cail Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision. That disease known as FALLING OF THE WOMB, which the result of a relaxation of the ligaments of that organ

SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurrin disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually losse her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career. LEUCORRHUEA OR WHITES.

This disease depends upon an inflammation of nucoulining of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoon ful of the medicine, mixed with a half-pint of soft water meanties and early a mixed with a half-pint of soft water

IRRITATION OF THE NEOK OF THE BLADDER INFLAMMATION OF THE KIDNEYS, AND OATARRH OF THE BLADDER, STRANGURY AND BURNING, OR PAINFUL URINATING. For these diseases it is truly a sovereign remedy, and so much cannot be said in its praise. A single dose ha been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the smal of the back and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA. it has no equal in relieving the most distressing symptoms.

Also, Headache, Heartburn, Add Stomach, Vomiting Food,

&c. Take a teaspoonful after dinner. The dose in all

cases may be increased if desired, but should be done

gradually. PHYSICIANS

have long since given up the use of buchu, cubebs, juniper in the treatment of these diseases, and only them for want of a better remedy. CONSTITUTION WATER has proved itself equal to the tack that has devolved upon it.

DIURETICS irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease. READ! READ!! READ!!!

DANVILLE, Pa., June 2, 1862. Dr. Wm. H. Gregg-Dear Sir: In February, 1861. I w

Dr. WM. H. Gregge—Dear Sr: In February, 1861, I was sifflicted with the sugar disbetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using tt I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly,

J. V. L. DE WHITT.

Boston Coeners, N. Y., Dec. 27, 1861.

WM. H. Gregg & Co.:

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Failing of the Womb. Dysmenorrhae, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "ashe has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

Milicold, Conn., Nov. 19, 1861.

DR. WM. H. GREOG:

Dan Sir: I have for several years, been afflicted with that troublesome and dangerous disease—Gravel—which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may meake any use of my name you may see fit in regard to the medicine, as I have entire confidence in its efficacy.

Yours truly, POND STRONG. MILFORD, CONN., Nov. 19, 1861.

THESE ARE FACTS ENOUGH. There is no class of diseases that produces such exhausing effects upon the human constitution as Diabetes an Diseases of the Kidneys, Bladder and Urinary Passages and through a false modesty they are neglected until the are so advanced as to be beyond the control of ordinar remedies, and we present the

CONSTITUTION WATER to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician. PHILADELPHIA

is the fluids more our major.

In the finide more our major.

They stimulate the functions of the body into vigorous so tivity, purify the system from the obstractions which make disease. A cold settles somewher in the body and obstracts its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general arguraration, anticring, and disease. While in this condition, oppressed by the darangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the thorous facility of the deep sate of and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statemonts from leading physicians in some off the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Ph. 4, 1858. From a Forwarding Merchant of St. Louis, Fro. 5, 1000.
DE: AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously affilieted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ARA MORGRIDGE. As a Family Physic.

Your Fills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effecton in their action on the lowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Foul Stomache
From Dr. Edward Boyd, Balkmare.

Dear Bro. Ayer: I cannot answer you what complaints
I have cerred with your Pills better than to say all that we
ever theat will a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with
disease, and believing as I do that your Pills afford us the
best we have, I of course value them highly.

Privious, Pa., May I, 1855.

Br. J. C. Ayer. Sir: I have been repeatedly cured of
the worst keadache any body can have by a dose or two
of your Pills. It seems to arise from a foul stomach,
which they cleanse at once.

Yours with great respect,
ED. W. PRERLE. Headache, SickHeadache, Foul Stomach.

nr Pills. It seems to the horizontal hand had been to have cleanse at once.

ED. W. PREBLE, Clerk of Skamer Clarke. Bilious Disorders - Liver Complaints. Billious Disorders—Liver Complaints.
From Dr. Theodore Bell, of New York City.
Not only are your Pills admirably adapted to their purpose as an aperient, but I find their boustical effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can montion. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF 2ME INTERIOR.

DEPARTMENT OF 2ME INTERIOR.

Washington, D. C., 7th Feb., 1850.

Size I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that origon. Indeed, I have seldom found a case of bitious distincts obstituate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Thysician of the Marine Hospital. Dysentery, Diarrhoa, Relax, Worms.

From Dr. J. G. Green, of Onicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billious dyjentery and diarrhaa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspensia, Impurity of the Blood. From Rev. J. V. Hintes, Pustor of Advent Church, Boston.
Dr. Avrk: I have used your Pills with extraordinary success in my family and among those am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever knowh, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

MARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purpative to cleanse the system and purify the foundaint of the blood.

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J.P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costineness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it-for the benefit of the multitudes who suffer from that complaint, which, although bad enough in fiself, is the progenitor of others that are worse. I believe configurate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston I find one or two large does of your Pills, taken at the proper time are excellent promotives of the natural scortion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Enis. Church PULAREI HOUSE. Savannah, Ga. Jan. 6, 1856.

HONORED Sira: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on exeruciating networker, which ended in chronic rhenometrism. Notwithstanding I had the best of physiciaus, sindisease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their jeffects were slow, but sure. By persevering in the use of them. I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1865
Dr. Affer: I have been entirely cured, by your Pills, of Rhemmatic Gout—a painful disease that had affilted me for years.

APP Most of the Pills in market contain Mercury, which, although a valuable remedy in skiffel hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. Those contain no mercury or mineral substance whatever. Price, 25 cents per Box, or 5 Boxes for \$1. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. Sold by C. A. HEINITSH, Lancaster, and by one or mor traders in every village in the country. [may 14 ly D U I I D I N G S L A T E

THE BEST QUALITIES IN THE MARKET.
The undersigned, having made arrangements with Mr.
R. JONES, for all his best quality of PEACH BOTTOM
SLATE, for this market; and a similar arrangement with
the proprietors of six of the principal and best quarries in
York county, he has just received a large jot of these
superior qualitities of Building Slate, which will be put
on by the square, or sold by the ton, on the most reasonable terms. Also, constantly on hand, an EXTRA LIGHT
PEACH BOTTOM SLATE, intended for Slating on Shingle
Roofs. toofs.

As these qualities of Slate are THE BEST IN THE
IARKET, Builders and others will find it to their interest
