PROFUGE FLOWING, Both diseases arising from a faulty screetion of the men-strual find—in the one case being too little, and accom-panied by severe pain; and the other a too profuse socre-tion, which will be speedily cured by the Constitution Water. That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or abooting pains through the parts, will, in all cases, be removed by the medicine. There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which physicians call Nervous-ness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disesse, or the disease, the symptoms we can only enumerate them here. I speak more par-ticularly of Cold Feel, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassi-tude, and Dinness of Vision.

This disease depends upon an inflammation of mucous lining of the vagina and womb. It is in all cases accom-panied by severe pain in the back, across the bowels and through the hips. A teasponful of the medicine may be taken three times a day, with an injection of a tablespoon-ful of the medicine, mixed with a half-pint of soft water, morning and evening. IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE BLADDER, STRAN-GURY AND BURNING, OR PAIN-FUL UAINATING. Used by-more than 50,000 Private Families

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA, it has no equal in relieving the most distressing symptoms. Also, Headache, Heartburn, Add Stomach, Vomiting Food, &c. Take a taspoonful after dinner. The dose in all cases may be increased if desired, but should be done gradually.

PROF. L. MILLER'S HAIR INVIGORA-

TOR -An Effective, Safe and Economical Compound FOR RESTORING ORAY HAIR to its original color with out dyoing, and preventing the Hair from turning gray. FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality of recuperative energy remaining. FOR BEMOVING SCURF AND DANDRUFF, and all

cutaneous affections of the Scalp. FOR BEAUTIFYING THE.HAIR, imparting to it an un

disases. Causes the heir to grow luxuriantly, and gives it a rich, soft, glossy, and fexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to thejroots, and restore the growth to those parts which have become baid, causing it to yield a freah covering of hair. There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invig-orator, when all other preparations had failed. L. M. has in his possession letters in numerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair lesstorative it is particularly vocommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigora-tor cau be dressed in any required form so as to preserve its place, whether plain or in curls—hace the great demand for it by the ladles as a standard toilet article which none ought to be without, as the price places it within the reach of all, being UNLY TWENTY-FIVE UENTS per bottle, to be had at all respectable druggists 'and perfumers. L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any im-purities that may have become connected with the scalp the removal of which is necessary both for the health o it be child, and the future appearance of the Hair.
