EMPLOYMENT.-The Undersigned has, for several years past, been engaged in a besiness, which has yielded him at the rate of three thousand dollars per annum, and is now willing to teach it to others. The business is of highly useful and general character, a dapted both to cities and willages, and one that any person of ordinary capacity, young or old, male or female, can acquire with a few hour's practice, and by which they can secure a very handsome income. Several young ladies who the have received instructions from me, both in New York State and Pennsylvania, are earning upwards of \$15 per week by it, and there is no reason why any one else cannot do the same. Invalids, even, can do well by it, as it is no peddling affair, but a business that is perfectly respectable. Gentleman and ladies of leisure who would like to the learn the business for their own amusement or pleasure, will and the practice of it a pleasant pastime, and once that they will take great interest in. On receipt of \$1, I will send printed instructions by which any person can readily acquire the art, and these instructions will also contain every particular relative to the carrying it on so that it will be highly profitable. The purchaser of the "printed in instructions" will also be authorized to teach it to others; and I have sometimes received as high as \$200, for teaching it personally to a single individual.
