There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousess, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only commerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

WM. H. Grego & Co.:

Gents: I freely give you liberty to make use of the following Cortificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Failing of the Womb, Dysmenorrhe, and Irritation of the Bladder. I called a thysician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could flud, who attended her about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "abe has auch a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astoulshment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about 100 that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

DR. WM. H. GREGG:

Dear Sir: 1 have for several years, been afflicted with that troublesome and dangerous disease—Gravel—which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire condidence in its efficacy.

Yours truly, POND STRONG. MILFORD, CONN., Nov. 19, 1861.

THESE ARE FACTS ENOUGH There is no class of diseases that produces such exhausting effects upon the human constitution as Diabetes and Discases of the Kidneys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and we present the

CONSTITUTION WATER to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacions form, the well-established virtues and properties of Cubebs and Copatba. For the speedy and effectual relief and cure of all SEXUAL DISEASES, it may justly be considered one of the graviest and most valuable discoveries in the annals of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nauseous taste is avoided, and it is, consequently, never found to interfere with the digestion, while, from its greater oncentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable.

SOALE GRAND AND SQUARR PIANO-FORTES.

The insulated from Frame preserves the original tone of the instrument in all its purity, securing it for all time against that most disagreeable tinny quality of tone invariably found in all other Iron Frame Plano-Fortes. It greatly strengthens the case and thus keeps the Plano-Fortes much longer in tune. It gives the instrument a much fuller, richer and sweeter tone. It adapts the Plano to all climates and to all changes of atmosphere, and in all respects it is pronounced by our "artiste" the greatest imporvement of the age in Plano-Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europe.

In the month of December, 1858, the undersigned for the first time offered for sale to the public Pr. J. Bovee Dods' Imperial Wine Bitters, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is sur prising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailmont should be had; for diseases of the body must invariably affect the mind. The subscribers now only ask a trial of

a sll who have not used them. We challenge the world if m all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Bebility, and for Parifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fin-tone and healthy action to all its parts, by equalifacing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness pecular to Fernales, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them, as they are revivifying in their action.

THESE BITTERS WILL NOT ONLY CURE, BUT PREVENT DISEASE, and in this respect are doubly valuable to the person who may use them. For INCIPIENT CONBUMPTION,

As a Beverage, they are wholesome, innocent, and delictous to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. FOR PRESERVING AND REPAIRING METAL ROOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly forming a body equal to three coats of ordinary paint, costs much less, and will last three times as long; and from the elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather.

It will not crack in cold or run in warm weather, and will not track in cold or run in warm weather, and will represent the cold or run in warm weather, and will not wash off.

Leaks Tin and either Metal Roofs can be readily constant.

MOST SALUTARY AND EFFICACIOUS.

The many certificates which have been tendered us, and the letters which we are daily receiving, are conclusive proof that among the women these Bitters have given a satisfaction which no others have done before. No woman in the land should be without them, and those who once use them will not fail to keep a supply.

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS are prepared by an eminent and skilful physician who has used them successfully in his practice for the last twenty-five yoars. The proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners, who pronounced them a valuable remedy for disease.

Although the medical men of the country, as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.
