HARRISBURG CORRESPONDENCE: THIRTY-SEVENTH CONGRESS-SECOND SESSION. HARRISBURG, March 6th, 1863.
MESSES. EDITORS: The excursion to Scrante MESSES. Editores: the excursion to Scranton took piace on Fritary last. About 70 members of the legislatiure participated. The party left Harrisburg at 8 A. M., and passed along through the well-cultivated countries of Berks and Lebanon, on through Allentown, Easton and into New Jersey to the june tion of the Delaware, Lackawanna and Western Railroad, at which place they were met by a delegation from the new-born Lackawanna County, headed by a splendid brass band from Scranton.—Here also they changed cars, and journeyed on in a special train drawn by a gaily decorated locomotive. The scenery along the route from here was grand and imposing, especially that which was observable while going through the Delaware Water thap and which was enjoyed from the summit of the mountains, looking backwards over the valley to the Water thap. Scranton was reached at 7 P. M., an excellent flow of spirits having been kept up all along the route. Friday evening was devoted to fest and refreshments, which were bountifully supplied from the asstabilishment of Mr. Reinisson, one of the memrefreshments, which were bountifully supplied from the establishment of Mr. Robinson, one of the members from Luzerne, whose kindness was the theme of

bers from Luzerie, whose kindness was the theme of joinmendation on all sides.

The next day was devoted to an improvised trip to Carbondale, and to the examination of the "lions" and sights around Soranton. Carbondale lies about to miles north of Scranton, and is reached by a railand sights around Scranton. Carbondale lies about 16 miles north of Scranton, and is reached by a railroad supplied quite liberally with inclined planes. If ye of these planes were accended with a good deal of velocity by the aid of stationary engines—the working of said engines causing a great deal of interest and worthly the attention of all on board. The scenery was wild along the way, and seemed a fit abiding place for all manner of wild beasts and game. After an absence of an hour or two the party returned to Scranton, well pleased and better acquainted with the topography of the neighborhood. Scranton is of sudden growth, bearing evidence of this in the newness of its buildings and in the contrasts some of its streets present. On one side a row of fine buildings, on the other the primeval forest, or the stumps of one, which will all be remedied by age. The population, which is cosmopolitan in its character, being almost from every clime, is about 10, 000, and if the surrounding villages and establishments were counted in, within a radius of five miles, a population of 25 000 could soon be cyphered up.—Of course the land around is rather rude looking to one from a more cultivated region, but all with be Scad wight. one from a more cultivated region, but all will be ixed right in good time. The town's growth is owing to the development of the immense resources of coa and iron which lay around it and through the Lack-awanna Valley. Rolling mills are plentiful, white the mines are contiguous. The population of the new county will be about 50,000.

the mines are contiguous. The population of the new county will be about 50,000.

The town is well supplied with good hotels, among which are the Wyoming, St. Chartes and Forrest.—
At the first named house a grand dinner was given to the excursionists and other invited guests, on Suturday evening at 8 o'clock, under the most favorable auspices. Toasts were proposed and responded to by designated gentlemen. The speeches in response were made by Messrs. Lumberton of the Senate, Smith, Glenn, Laporte, Neiman, Patton, Bowman and others of the House, and by Messrs. Dunning, Sanderson of Scranton, etc. The occasion was joyous and hilarious, and elevated a great number of the guests. A band was stationed in the room who discoursed sweet music for the occasion. The gay scene was kept up until midnight, when all separated enlivened by its festive remembrances. Sunday was devoted to rest and church going generally.

The members and invited guests are under great obligations to Messrs. Stark, Walsh, Trimmer and Robinson for their endeavors to give them good accommodations, administering to their wants and pleasures, and rendering their visit as pleasant as possible. Scranton and its hospitality will be long On Monday the party left Scranton for Harris-

burg, passing through Pittston, the Wyoming Val-ley, Danville, and stopping for dinner at Northum-berland. In going through the Wyoming Valley its beauties and sad story came fresh into our memories, and an eager desire to see as much of this far-famed valley as possible was manifested by all. The place where the massacre of 1777 took place was pointed out to us. It is now marked by a monu-ment 60 feet high, which can be seen for some dis-tance from the railroad. The valley is surpassingly peautiful and fertile, and worthy the description we read of it. The land is level, the mountains only a contrast which in summer time it is preming a contrast which in summer same and an additional charm to the scene. It can sumed add an additional charm to the scene. It can hardly be supposed by any one looking now on the quiet, pencelut valley, that in a former generation it was the scene of war and bloodshed—there being the section of war and bloodsafed make borns, yieldence now of its abounding in happiness, and peace—yet such it was, and its sad story ten bring the tear-drup to the eye and cause over the deprayity and inhumanity of the

Valley.

Monday evening, at 7½ o clock, the House met.

On Tuesday the returns of the State election were read—the Senate and House forming a joint convention, the Speaker of the Senate presiding. Messrs. Slenker and Barr were declared elected—the former by a majority of 3300 and more, and the latter by over 2900. So that we presume the question is now over 2900. So that we presume the question is now settled, and that "50,000 majority" for the opposi-tion candidates, the Blackies, is now found to be mewhat incorrect. Wednesday was devoted to the discussion of the bill for the repeal of the act of 1861, relieving the Pennsylvania Railroad Company from paying the tonnage duties which were assumed by it on its pur

hase of the public works, and the subject, which was of sufficient interest to draw an immense audidrew out a vast amount of legal argument Mr. P. Frazer Smith, of Chester, and Mr. Pershing, of Cambria, who urged that as the com-mutation was a contract the Legislature had constitutionally no right to interfere with it. Col. Hop-kins and others argued that it should be restored— lst. Because it had been voluntarily assumed by the Pennsylvania Railroad. The construction of the 2d. The Colonel warned the members of the fate of their predecessors in 1861 who voted for the repeal, though expected by their constituents to vote otherwise, and told them that the people were for the imposition of the tax again, and woe be to the member who disobeyed the voice of his constituency. The Colonel was very earnest in the delivery of his speech, and did not fail to excite the attention of the House. He was ably supported by Messrs. Glenn, Rowland and Kaine. The discussion was resumed and continued until the hour of 5½, when the House Rowland and Kaine. The discussion was resumed and continued until the hour of 5½, when the House adjourned, leaving the matter in statu quo. The bill will doubtless come up next Wednesday, when a final disposition will be made of it, several of the friends in the House for the unposition of the tonnage tax were absent, so that perhaps it is best that time should be given for a fuller vote to be collected

together.
To-day Mr. Kaine, of Fayette, offered a resolution that our members of Congress be instructed to vote against the Missouri Emancipation scheme, whereby

SHERIFF LYNCH DIRECTED TO ARREST COLONEL LOOMIS FOR CONTEMPT OF THE SUPREME COURT —THE COLONEL PROTECTED WITH FEDERAL PAYONETS

An attachment was issued from the Su preme Court yesterday directing the arrest of Colonel Loomis commanding the military post at Governor's Island, for contempt of said court. The facts in the case are that a young man named Edward Maturin, grandson of the author of "Bertram" and other wellknown dramas, was arrested as a deserter and taken to Governor's Island. The father of the young man applied to Mr. W. E. Howe, of 138 Leonard St., for advice in the matter, and that gentleman sued out a writ of habeas corpus, on the ground that the son was only eighteen years of age; that he was never regularly enlisted, but was kidnapped into the service. A messenger was dispatched with the habeas corpus, but was not permitted to land on the island without a pass from Colonel Oram, General Wool's chief of staff. Various methods were resorted to to serve the writ,

but all failed. Colonel Loomis, however, came to this city on Tuesday to attend the funeral of Colonel Tompkins, at which time the paper was served on him. The writ was returnable at four Colonel Loomis, 'clock of the same day. however, took no notice of the writ, but returned home. Mr. Howe appeared before the court yesterday and made a motion that an attachment might issue against the said Colonel Loomis for contempt of the Supreme Court, and the same was granted and placed in the hands of Sheriff Lynch, with directions to arrest Colonel Loomis and bring him before the court. The question now is how to reach the colonel. No one is allowed on the island without permission of Colonel Cram, and he, it is said, will not grant such permission to any one desiring to arrest a military officer upon a civil process. What Sheriff Lynch maintain its dignity, and that the Sheriff is determined to make the arrest. The affair may thus lead to a conflict between the State and Federal authorities, as the colonel is amply protected with Federal bayonets.

DEMOCRATIC VICTORY .- The late municipal election in Hollidaysburg resulted in the success of the whole Democratic ticket. The ebony-heads tried the "no party" dodge, but the game wouldn't win. The good work is progressing. THIRTY-SEVENTH CONGRESS—SECOND SESSION.

MONDAY, March 2.

The Benate passed the bill to further regulate the proceedings in jury cases and amending the acts of Congress relating thereto. The bill for the protection of abandoned property and for the prevention of fraud in the insurrectionary districts was called up. And after a brief debate, the pending motion to strike out the sections providing for the purchase of cotton, rice, sugar, and tobacco was lost. An amendment was adopted providing that any officer or private coming into possession of such abandoned property, shall return the same over to the government agent, and failing to do so, be tried by courtment agent, and failing to do so, be tried by courtmential. A debate occurred on a proposed amendment, finally rejected, during which Senator Wilson took up the defense of General Butler's transactions at New Orleans. After accepting the motion to amend, by striking out the section authorizing the treasury agent to purchase property in the insurrectionary districts, the Senato passed the bill. The credentials of Hon. L. S. Bowden, elected U. S. senator from Virginia for six years, were presented. A report was presented from the committee of conference on the indemnification bill. Consideration on it was postponed. A proviso to the enrolling act was adopted that no person of African descent shall be commissioned as an officer in the service of the United States, except company officers and in companies composed exclusively of persons of African descent. The bill was then passed. The Senate continued its amendments to the internal revenue bill.

The House passed the Senate bill authorizing the payment of the sick and wounded in camps and hos

bill.

The House passed the Senate bill authorizing the payment of the sick and wounded in camps and he pitals within sixty days. The bill to organize a signal corps was also passed. The House concurred in the report of the committee of conference on the disagreeing votes of the two bosses on the bill to the committee of the state of the two bosses on the bill to the state of the two bosses on the bill to the state of the two bosses on the bill to the state of the stat signal corps was also passed. The House concurred
in the report of the committee of conference on the
disagreeing votes of the two houses on the bill to in
demnify the President and others for suspending the
writ of habeas corpus. In the evening session a bill
was passed anthorizing the Governors of Tennessee
and Louisiana to issue writs of election for representatives to Congress according to the laws of those
states. The Senate bills authorizing the appointment of an assistant United States treasurer and to
establish the gauge of the Pacific Railroad and its
branches at four feet and eight and a half inches
were also passed. A resolution was adopted granting
leave to the Committee on the Conduct of the War
to hold a session thirty days after Congress adjourns.
TUESDAY, March 3.
Monday night's session of the Senate was consumed until a few minutes before 5 A. M., by debate
on the indemnification bill. The bill was passed, in
an extraordinary manner. In the Senate to-day a
test vote was taken on a motion to send to the House
for the bill. The motion was lost. The bill modifying the existing laws for the collection of duties on
imports was passed. That for the construction of a
submarine cable from fortress Monroe to Galveston
was laid on the table. The concurrent resolutions

imports was passed. That for the construction of a submarine cable from Fortress Monroe to Galveston was laid on the table. The concurrent resolutions on mediation and intervention were adopted. A resolution was adopted requesting the Secretary of the Navy to communicate the proceedings of the court-martial in the case of Commander Robert Heinde. The bill was passed to amend the act for the collection of duties on imports, and the confiscation acts, also the joint resolution to appoint a commissioner to revise and codify the naval laws. The following additional bills were passed: To organize the territory of Montana; to authorize the Secretary of the Navy to equitably adjust customs supplies; to admit Nevada Territory as a State.

The House passed the Senate bill to enable the district courts of the United States to issue executions and other final processes in certain cases. The Senate amendments to the internal revenue bill were considered. Some of the amendments being non-concurred in, a committee of conference was asked. The House in committee considered the miscellaneous appropriation bill. An amendment was made appropriating S100 000 for defraying the expenses consequent upon congressional action regulating habeas corpus and judicial proceedings. The Senate bill recognizing the courts of the District of Columbia was passed despite the remonstrance of every member of the Washington bar and of three thousand citizens. Bills were also passed from the Senate incorporating the National Academy of Science, relating to property in the insurrectionary States, and to regulate proceedings in prize cases. The Senate concurrent resolutions against foreign mediation were adopted. The House ingenuously voted extra mileage for an extra session held a year ago.

On Tuesday night after adopting several amer On Tuesday night after adopting several menduments to it, the Senate passed the miscellaneous appropriation bill. The Colorado bill was also passed. The House received the miscellaneous appropriation bill with amendments from the Senate, but on motion of Mr. Stevens they were non-concurred in, and a committee of conference was appointed. A motion of Mr. Sievens they were non-concurred in, and a committee of conference was appointed. A recess was taken for the purpose. At two o'clock, A. M., the Senate took up the Nobraska State bill. R. At half past two it went into executive session, and at a quarter past four took a recess until ten o'clock. On re-assembling the bill to provide for the election of members of Congress in Tennessee and Louisiana was taken up, but served only to excite idle debate until a few moments before the hour for final adjournment arrived. After informing the President that its legislative business was finished, and learning through the committee that the executive had nothing further to communicate, the Senate was declared adjourned without day.

On convening in extraordinary session the Senate its ened to the reading of the President's proclamation ordering the same. Mr. Foot was sworn in as president pro tem. The oath of office was then administered to several senators elect. The credentials of William Wright, elected for six years from New Jersey, were presented and the oath administered. A committee waited upon the President to inform him that the Senate was convened. Attention was directed to the law requiring new senators to sign the oath of allegiance. It was then voted that the daily sessions should commence at 12 o'clock, M., and the Senate adjourned.

Escape of the Cavalry and Artillery.

NASHVILLE, March 6.

There was fighting all day yesterday between Van Dorn's rebel command and three Union regiments of infantry, about 500 cavalry, and one battery, at Springville, about thirteen miles south of Franklin. Col. Coburn's three regiments of infantry were cut to pieces, or captured by the rebel force. They fought desperately, but their ammunition became exhausted, and being overpowered by superior numbers, were either killed or captured.—
The cavalry and artillery got off safely. No reinforcements from Gen Hurlburt's command at Franklin reached the scene of action. Seven regiments of infantry are at that place. nents of infantry are at that place.

Van Dorn is reported to have 18,000 men in his

O M E T H I N G N E W !

THE PATERT STAMP-SEALING AND POST-MARK PRESERVING ENVELOPE.

The preservation on the letter itself of the POST-MARK and POSTAGE-STAMP, generally destroyed with the detached cover, has long been deemed a matter of the first importance. This desideratum is now triumphantly secured by this ingenious invention. Many obvious advantages must arise from the general use of this envelope.

First—Increased Safety by additional sealing; the stamp connecting the envelope and letter securely together; and this is never liable to be omitted, though the sticking of the flap is frequently neglected or imperfectly done.

Scond—Security against Impertinent Intrusion; the letter and envelope being firmly attached by the stamps, and inclosure cannot be inspected even if the flap be clandestinely opened.

Third**—Safety against Abstraction of Valuable Inclosures. If the flap be left unscaled, or opened with felonious intent, it will be impossible to open the letter and take theree bank notes and drafts without so mutiliating the encelope as to insure detection.

ous intent, it will be impossible to open the letter and take thence bank notes and drafts without so mutilating the envelope as to insure detection.

Fourth—Security for the free payment of the Postage; as the stamp, when once properly placed in this window, cannot be removed without its destruction.

Fifth—Advantage therefore to the Government; by the effectual destruction of every stamp in the first use.

Sixth—Facility to the Post Office Dperations; by a uniform location of the stamp in the upper right hand corner, which is the most convenient position for the Post Office mark.

Seconth—Verification of the Mailing; by securing on the letter itself the legal evidence of the time and place of it being mailed. This has long been estremed so desirable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and others take the precaution to pin the envelope again on the letter for identification.

Eighth—Certainty of the Date and Place on the Letter, which are so frequently omitted by writers in carelessness or hurry.

Newth—Certainty of two payments and think the proper in the server of the proper in the server of the proper in the server of the property of the payment of t

which are so irequency or hurry.

Ninth—Ornamentation; which, though some may think of small importance, certainly meets the approval of all persons of taste.

Tenth—Cost. Notwithstanding the many and unrivalled advantages of the "Stamp Sealing Envelopes," they will be furnished at a very small advance upon the prices of those not having the benefit of this patent.

PROSPECTUS OF

A NATIONAL DEMOCRATIC NEWSPAPER,
To be published Daily and Weekly in the City of Philadelphia, by

A. J. GLOSSBRENNER & CO.

A. J. GLOSSBRENNER,
FRANCIS J. GRUND.
WILLIAM H. WELSH. "THE AGE" will advocate the principles and policy of

the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and that of this Com the restoration of the Union as it was, and design the Constitution of the United States, and that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, including, of course, and pre-eminantly at this time, all questions connected with the existing unhappy condition of our country.

It will fearlessly orticise the public acts of public servants, and defend the legal and constitutional rights of individual citizens of sovereign States, against assaults from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic—to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magnitude of the task that is before them, if they would check our downward progress—and to inspire them with patriotic determination to apply HIZ REMENT for our national lis.

In brief, it will, in all things, aim to be the faithful exponent of Democratic principles, and to render itself worthy to be an organ of the Democratic party, under whose anspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power, in the legislative and executive governmental branches of the States and of the Union, we believe to be necessary to avertanarchy, and the utter varie of the Republic. To contribute to that restoration tive governmental branches of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our highest aim.

The News, Literary, Commercial, and other departments, will receive due attention, and will be so conducted as to make "The Ade" worthy of the support of the general

Take "The many difficulties now surrounding an enterprise of the magnitude of that in which the undersigned are engaged, require them to appeal to the public for a generous support, and ask for "The Age" a liberal patronage and extended circulation.

The present state of the preparatory arrangements warrants the expectation, that the first number of the Daily will appear before the close of the coming month, (February, 1863.) The Weekly will be issued soon thereafter. DALLY. \$6.00 Per annum, Six Months, Six Mo Per annum, \$6.00

"THERE IS NO SUCH WORD AS FAIL." TARRANT'S COMPOUND EXTRACT OF QUBEBS AND COPAIBA.

This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacious form, the well-established virtues and properties of Cubebs and Copaiba. For the speedy and effectual relief and cure of all SEXUAL DISEASES, it may justly be considered one of the greatest and most valuable discoveries in the annals of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nauseous taste is avoided, and it is, consequently, new found to interfers with the digestion, while, from its greater oncentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both saxes to which they are applicable. in the large dues to a safe applicable.

N. B.—Purchasers are advised to ask for N. B.—Purchasers are divised to ask for COPAIBA, and to take nothing else—as imitations and worthless preparations, under similar names, are in the market, proparations, under similar names, are in the market.
