SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD. EIGHTEENTH YEAR.

VOLUME VIII -- NEW SERIES.

from five to ten original engravings of new inventional discoveries, all of which are prepared expressly for columns.

TO THE MECHANIC AND MANUFACTURER.

No person engaged in any of the mechanical or manufacturing pursuits should think of "doing without" the Scientific American. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

The Scientific American is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best actentific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns coplous extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Latting Patent on new inventions, is turnished free on application.

Meers, Munx & Co., have acted as Patent Solicitors for more than seventeen years, in connection with the publication of the Scientific American, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions, and they refer to 20,000 patentees for whom they have done business.

new inventions and for advising Inventors as to their patentability.

CHEMISTS, ARCHITECTS, MILLWRIGHTS AND FARMERS.

The Scientific American will be found a most useful journful to them. All the new discoveries in the science of chemistry are giving in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of mills wights and being published from week to week. Ossiti and practical information pertaining to the interests of millwrights and mill-owners will be found in the Schentific American, which information they can not possibly obtain from any other source. Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENORREGA, OR PAINFUL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUSE FLOWING,

Both diseases arising from a faulty secretion of the men-strual fluid—in the one case being too little, and accom-panied by severe pain; and the other a too profuse secre-tion, which will be speedily cured by the Constitution Water.

DRIVILLE, Pa., June 2, 1862.

Dr. WM H. Gaggg—Dear Sir: In February, 1861, I was afflicted with the sugar diabotes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about

two bottles I was entirely cured, soon after regaining my usual good heaith. Yours truly, J. V. L. DE WITT.

Bosfon CORNERS, N. Y., Dec. 27, 1881.

WM. H. GREGG & CO:

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was atta-ked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorrhæ, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended ner about nine mouths, and while she was under his care she did not saffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first-dose seemed to have the desired effect, and he kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

MILFORD, CONN., Nov. 19, 1861.

DR. WM. H. GREGG:

Dear Sir: I have for several years, been afflicted with that troublesome and dangerous disease—Gravel—which resisted all rem-dies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire confidence in its efficacy.

Your truly, POND ETRONG. Yours truly, POND STRONG.

There is no class of diseases that produces such exhaust-ing effects upon the human constitution as Diabetes and Diseases of the Kidneys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and we present the

to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and invasions.

The Insulated Iron Frame pressures the original tone of the instrument in all its purity, escuring it for all time against. that most disagreeable tinny quality of tone invariably found in all other Iron Frame Plano-Fortes. It greatly strengthens the case and thus keeps the Plano-Fortes much longer in tune. It gives the instrument a much fuller, richer and sweeter tone. It adapts the Plano to all climates and to all changes of atmosphere, and in all respects it is pronounced by our "artists" the greatest incorponent of the age in Plano-Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europa.

A FEW TESTIMONIALS IN REGARD TO THE SULTATED PIANO-FORTES.

"I have examined the Plano-Fortes of Lights & Bradburys with entire satisfaction. I know not that there are any others better, either in our own country or elsewhere."—Dr. Lowkil Mison.

"In clearness, richness, and volume of tone, delicacy, elasticity of touch, and fine repeating action, I have never played upon their equal."—H. A. WOLLENAUFT.

"In volume, richness, evenness, and purity of tone, and in delicacy of touch they certainly excel, and in that beautiful singing quality so desirable yet so seldom found."

—WILLIAM MASON.

"I have never played upon so rich and heavy a tone Square Plano-Fortes."—Anymen Mayou. There must be a splendid future for Lighte & Bradburys' Plano-Fortes."—Gro. F. Boisrow.

"I consider them as to beauty, richness, fullness and equality of tone, as well as their agreeable, elastic touch, equal if not superior to any Planos made in this country or Europe."—East. Willis.

"In power, quantity, and equality of tone, they certainly excel; while for that peculiar rich and and singing tone so invaluable as an accompaniment to the volce, I have never met their equal."—C. Basann.

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, an for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to allit a parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness pseudher to Females, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without there, as they are revivifying in their action.

THESE BITTERS WILL! NOT ONLY CURE, BUT PREVENT DISEASE, and in this respect are doubly valuable to the person who may be supported them.
