THE DAY SCHOOL BELL.

35.000 COPIES ISSUED.

A new Singing Book for Day Schools, called the Day School Bell, is now ready. It contains about 200 choics songs, rounds, catches, duetts, trios, quartetts and choruses, many of them written expressly for this work, besides 22 pages of the Elements of Minic. The Elements are so easy and progressive, that ordinary teachers will find themselves entirely successful in instructing even young scholars to sing correctly and scientifically; while the tunes and words embrace such a variety of lively, attractive, and soul-stirring music and sentiments, that no trouble will be experienced in inducing all beginners to go on with zeal in acquiring skill in one of the most health-giving, beauty-improving, happiness-yielding, and order-producing exercises of school life. In simplicity of its elements, in variety and adaptation of music, and in excellence and number of its songs, original, selected, and adapted, it claims by much to excel all competitors. It will be found the best ever issued for seminaries, academies and public exhools. A few sample pages of the elements, tunes and songs, are given in a circular; send and get one. It is compiled by Horace Waters, author of "Sabbath School Bell," Nos. 1 and 2, which have had, the enormous sale of 735,000 copies. THE CURATIVE roperties of the medicine direct themselves to the organs secretion, and by so sitering the condition of the stomach and liver that the starchy principle of the food is not con-erted into sugar so long as the system is under the influ-

which gives those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has een given.

Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENOBREGA, OR PAINFUL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUSE FLOWING,

lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which physicians call Nervousration of the would, which physicals call Nervonsness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpintion of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dinness of Vision.

SUPPRESSED MENSTRUATION. Which in the unmarried female is a constant a ring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after mouth passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowles are constipated, night sweats come on, and consumption finally ends her career LEUCORRHEA OR WHITES.

For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of ine difficulties." About this time, she commenced to use the Constitution Water, and that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

MILFORD, CONN., Nov. 19, 1861. DR. WM. H. GREGO:

Dear Sir: I have for several years, been afflicted with
that troublesome and dangerous disease—Gravel—which
resisted all remedies and doctors, until I took Constitution
Water, and you may be assured that I was exceedingly
pleased with the result. It has entirely cured me, and you
may make any uses of my name you may see if in regard.

THESE ARE FACTS ENOUGH.

There is no closs of diseases that produces such exhausting effects upon the human constitution as Diabetes and Diseases of the Kidnoys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary romedies, and we present the CONSTITUTION WATER

to the public with the conviction that it has no equal in relieving the clars of diseases for which it has been found so emhently successful in enring; and we trust that we shall be rewarded for our effects in placing so. valuable a temedy in a form to meet the requirements of patient and physician.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this laving crator, when all other preparations had failed. L. It will effectually provent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color the use of the luxiporato will with certainty restore it to its original hue, giving it a dark, glossy appearance, and the great facilities it afford in dressing the hair, which, when moist with the luxiporator can be dressed in any required form so as to preserve its place, whether plain or in curis—bence the great demand for it by the ladies as a standard toilet article which nose ought to be without as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTS per battle, to be had at all respectable druggists' and performers.
