from position for five miles. Night coming on, and to see this beautiful structure, which my wing the enemy's strength in the vicinity, the ground was cleared of dead, wounded, and prisoners, and a strong position taken on the battle-field. The fight lasted for several hours. We took as prisoners seventy-four privates, and nine officers, including a motion.

as prisoners seventy-tour pivenes, such that concess including a major.

A large number of the enemy were killed. A company of dismounted rebel sharpshooters were posted so as to plok off our officers, but most of them were captured. Among the casualties on our side are Col. Dotry, of the Maine Cavalry, killed; Colonel de Cesada, of the Fourth Cavalry, missing, but whether wounded or taken prisoner. is not known, and several other officers killed or wounded.

THE ILLINOIS DEMOCRACY. GREAT DEMOCRATIC MASS MEETING IN SPRING WIELD-PRESENT FROM SEVENTY FIVE THOUS-AND TO ONE HUNDRED THOUSAND PEOPLE-THE OHIO RESOLUTIONS REAFFIRMED.

Special Dispatch to the New York World. Springfield, Ill., June 17. The meeting to-day was the largest ever held in the United States, and the enthusiasm greater than was ever known. There are present not less than 100,000 people, every part of Illinois being largely represented.— The railroads brought here immense nombers, and in several processions there was counted by Captain Richardson 4,424 wagons, buggies and carriages. There were b asands of horsemen, also wagons which did not join processions. Such an assem-blage of people was never before witnessed by any American at a political meeting.-The amphitheatre on the fair grounds was packed so full that a hundred more could not have got on; the inside space of enclosure contains two acres, which was filled. In the fair grounds there were three stands, around which there were thousands congregated.— From six stands speeches were made by Richardson, Voorhees, S. S. Cox, Merrick, Allen, Knapp, Keyben, Robinson, McKins-try, Judge Marshall, and a dozen others.— General Richardson was President, with fifty Vice Presidents and seven Secretaries.

The military were kept in camp, and the Convention passed off harmoniously, and with most intense enthusiasm. The speeches were generally condemnatory of the Administration, of the war policy of the government and military usurpations in preventing freedom of speech and liberty of the press. Burnside, Leavitt, Lincoln, Yates and others, were handled without gloves, and they were chal-

instrument. They condemn orders abridging freedom of speech, liberty of the press, the right to assemble and petition the Government for redress of grievances, and the right of keeping and bearing arms, and condemn of keeping and bearing arms, and condemn also the arresting and transporting citizens without warrant of law, extending martial law where it does not exist, suspending the writ of habcas corpus, the arrest and exile of Vallandigham, and demanding his return .-They denounce the suppression of the Chicago Times, the arrest of Judge Constable, W. H. Carlin, and others, and defend the right to elect public officers and decide questions of policy at the ballot box. They regard Illi-

nois as a sovereign Power, subject only to the Constitution of the United States. The Convention claimed the right of the people to govern themselves as a free and inlependent State, and that no citizen is subject to court martial. It condemned the conduct of Governor Yates in dissolving the General Assembly, promise obedience of all laws which are on the statute books; if right to perpetuate them, and if wrong to effect the remedy in a constitutional manner by procur-

perpetuate them, and if wrong to effect the remedy in a constitutional manner by procuring their repeal.

They denounce the heresy of secession and those libellers of the Democratic party who represent that the Democracy are wanting in sympathy for the soldiers in the field. They request the President to withdraw the emancipation proclamation and permit the Federal troops to fight only for the Union, the Constitution, and the enforcement of the laws.—

They are opposed to the further offensive prosecution of the war as tending, first to those libellers of the Democratic party who represent that the Democracy are wanting in prosecution of the war as tending, first to subvert the Constitution and the Government, and second to entail upon the ration all dis-

have in view the restoration of the Union as it was and the securing by constitutional amendments such rights to the States and the people thereof as honor and justice demands. Meetings were held in different parts of the city to-night and speechs were made by dif-ferent speakers. It was the greatest day ever experienced in the Northwest and will never be forgotten.

THE VOICE OF DR. BANGS. The following letter was written to the

N. Y. Methodist in January, 1861, by Rev. Dr. Bancs, of the Methodist Episcopal Church: "The relation of master and slave has never. to my satisfaction, been proved to be a sin.-That there are great evils connected with it, or that may grow out of it, I have no doubt. So there are evils that may result from the marriage relation, or the relation of parent and child, but this does not prove the relation to be a sin. A great change has come over the public feeling, both North and South, within the last twenty-five years. One extreme begets another. The extreme measures of the North on this subject have driven the South into the opposite extreme. Heretofore, there were thousands at the South who considered slavery an evil, but a necessary evil, which they know not how to remove; but now so far as I could learn, they have come to the conclusion that "the institution" right and scriptural, and the best state possile for the blacks. I will not stop to argue the point at all-I merely state the fact. As to the physical condition of the slaves at the I believe they are better off than the free blacks of the North-better fed, better clothed, better housed, and do less work.— They appear the happiest people to be found -their masters and mistresses having all the care and expense. I am told the laws of the Louisiana and Mississippi are very severe in protecting the slave. The Methodists are doing a great work among them. Many mission stream, white Wheat, & bushel...... sionaries are employed on the plantations— some of them are paid by the planters themselves, some by the Missionary Society, and Oats some congregations of blacks in New Orleans some congregations of balance and with a Whiskey, in hhds...

"The movements of the Abolitionists of the

North have been productive of evil and only evil to the masters and slaves, exasperating the former, and causing them to restrict the privileges of the latter. Oh, when shall this wicked strife come to an end, and brotherly love and fraternal intercourse return?" With regard to the state of public feeling at the South, he says:

"As far as I could learn, there is but one opinion on this subject at the South—all are for secession, differing only as to how and Most were for immediate and separate action, while others, and a much less number, were for co-operation with other States, and waiting until such co-operation could be effected. The ultraism of the North has begotten the ultraism of the South. They look upon all Northeners as Abolitionists, and believe that the election of Lincoln to the Presidency demonstrates a combination and determination in the North to use the power of the government to crush out their institu-tions. Whether this be true or false, right

of the government to crush out their institutions. Whether this be true or false, right
or wrong, they sincerely believe it, hence the
haste and determination for secession. \* \*

Improved for 1863; fully tested the past harrest, not only in the United States, but in the heavy and difficult crops of England and the European Continent.

POINTS OF SUPERIORITY IN OUR SELF-RAKER.

1st. We have the advantange of a more perfect separation by the rake in all kinds of grain, whether tangled and lodged, long or short, by reason of the operation of the rake in revolving over the reel, and making the separation in the uncut grain.

2d. The certainty of a clear cutting apparatus and platform at the making of each sheaf. No matter how short

2d. The certainty of a clear cutting apparatus and platform at the making of each sheaf. No mutter how short or how tangied the grain.

3d. Grain may hang over the separator to the left, and seout of the reach of other rakes, and make a trail certain, while ours cannot fail to clear all out every time.

4th. We stake our judgment and responsibility in the endorsement of our self-raker, as the best for the farmer in all respects, and we offer it on trial with any other, the purchaser to keep and pay for the one preferred.

We shall have two sizes of both Hand and Self-Rakers in market, so that we can accommodate the preferences of narket, so that we can accommodate the preferences or We desire that purchasers should note particularly capacity of both sizes of the McCormick, and compare in with other machines, remembering that either is light tue capacity of both sizes of the McCormick, and compare them with other machines, remembering that sither is light draft for two horses. We therefore recommend the large machine, on the score of economy.

SIMPLICITY, STRENGTH, DURABILITY, with ease of working, are its cardinal points.

O ME THING NEW:

THE PATENT STAMP-SEALING AND POST-MARK
PRESERVING ENVELOPE.

The preservation on the letter itself of the POST-MARK
and POSTAGE-STAMP, generally destroyed with the detached cover, has long been deemed a matter of the first
importance. This desideratum is now triumphantly secured
by this ingenious invention. Many obvious advantages
must arise from the general use of this envelope.

First-Increased Safety by additional scaling; the stamp
connecting the envelope and letter securely together; and
this is never liable to be omitted, though the sticking of
the flap is frequently neglected or imperfectly done.

Scound-Security against Impertinent Intrusion; the
letter and envelope being firmly attached by the stamps,
and inclosure cannot be inspected even if the flap be clamdestinely opened.

Third-Sectra varient, Abstraction of Valvalle Incle destinely opened.

Third—Safety against Abstraction of Valuable Inclusures. If the flap be left unscaled, or opened with felonious Intent, it will be impossible to open the letter and take thence bank notes and drafts without so mutilating the

thence bank notes and dratts without so mutilating use envelope as to insure detection.

Fourth—Security for the free payment of the Postage; as the stamp, when once properly placed in this window, cannot be removed without its destruction.

Fifth—Advantage therefore to the Government; by the effectual destruction of every stamp in its first use.

Sizth—Facility to the Post Office Deparations; by a uniform location of the stamp in the upper right hand corner, which is the most convenient position for the Post Office mark. which is the most convenient position for the Post Office mark.

Stepth.—Verification of the Mailing; by securing on the letter itself the legal evidence of the time and place of it being mailed. This has long been esteemed so desirable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and others take the precaution to pin the envelope again on the letter for identification.

Eighh.—Certainty of the Date and Place on the Letter, which are so frequently omitted by writers in carelessness or hurry.

which are so frequently omitted by writers in carelessness or hurry.

Ninth—Ornamentation; which, though some may think of small importance, certainly meets the approval of all persons of taste.

Tenth—Cost. Notwithstanding the many and unrivalled advantages of the "Stamp Sealing Envelopes," they will be furnished at a very small advance upon the prices of those not having the benefit of this patent.

THE MOCS WONDELISUI CASE ON REGORD.

The remarkable wirtus of Hishler's Berb Histers have egis been brought to the test, and passed through the creds trumphantly. The following certificate has been received, and if there are any persons skeptical as to its truth, they can satisfy themselves by calling upon the young man who gives it. He may be found during the day at the Southwest corner of Centre Square and West Ring street, where he keeps a cake stand. He will give all information that may be desired in regard to his case. It is considered with white welling and scrotnlous outbreaks for a period of over four years. If years was so had that I could not walk without the aid of crutches. By left leg was much swollen and there were three emptions at the 'nee, one at the hip, and one of the breast. It tried various remedies, and I had the callice of several physicians, but experienced no relief. About four weeks you I commenced with Mishler's Ritters, and in a very short time I began to get better. I am now be to wrik without the aid of crutches. My legs are still bent, but if I continue to improve as I have been delug for the last two or three weeks, I think I shall soon be as well as each. My general health has also improved, and is well as each. My general health has also improved, and to call upon ma, and I will give them all the information on the subject in regard to my case.

speaks for itself:

This preparation is particularly recommended to the MEDICAL PROFESSION and the PUBLIC, as combining, in the most convenient and efficacions form, the well-established virtues and properties of Cubebs and Copaibs. For the speedy and effectual relief and cure of all ERXUAL DIBEASES, it may justly be considered one of the greatest and most valuable discoveries in the annals of medicine, frequently effecting a cure in three or four days. In its preparation as an extract or a paste, the usual nauseous taste is avoided, and it is, consequently, never found to interfere with the digestion, while, from its greater oncentration, the dose is much reduced. It may be relied on as the best mode for the administration of these remedies in the large class of diseases of both sexes to which they are applicable.

PHILDELPHIA, May 27th, 1863.

Friend Mishler—Dean Sir: I wish you to send me immediately, one or two cases of your litters. I gave a bottle to hirs. Neavin, a lady that had been troubled with the Dumb Agus, and had taken so much quainine that her appetite had left, and was so much troubled with pain in all her joints that she was not make thouse the state of the contract of

of my getting well, and indeed I had almost given up myself. I have been at the Lancaster Hospital for eix months;
I had Rheumatism when I went there, and was unable to
do anything. One of the inmates of the Hospital give me
three doses of your Bitters, and afterwards I felt much
better, and I have been taking them ever since, and feel as
if I am going to get sound and well. Your Bitters have
proved themselves to be a cure for me, and I am thankful
for it. I do really think I could not have lived this long
had I not got the Bitters. I also had Gravel, which has
troubled me for a long time, of which I feel nothing of any
more. I suppose it must have been the Bitters that took
that away, as it works you say in that way. Indeed the
Bitters have been a God's elessing to me, and have restored
me to pretty good health. Mr. A. Fairer can tell all about
it, as he is well acquainted with my sufferings since I have
been in the Hospital.

Respectfully,

Prouse, May 25th, 1863. certify, that I have had an PROURA, May 26th, 1863.

Mr. B. Mishler: This is to certify, that I have had an attack of the Gravel for about six months, and sometimes with a good bit of pain; at last it become so that I had to rise five or six times in a night on account of my water, so I concluded there must be something done. I have sean your Herb Eithers recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I must say that it relieved me entirely of my pain. Respectfully yours, JNO. SCHOOR. LANCASTER CITY, May 7th, 1863.

Mr. B. Mishler—Sir: I have been subject to inward weakness and pain in the small of the back for the last ten' years, and had given up all hopes of getting better. I was induced to try your Bitters, and after using it a short time, I am happy to say I am almost well, and by using a few more bottles expect to be as bearty as formerly. I recom-

prominent physicians attended her but could give her little or no relief. I then had recourse to Mishler's Bitters; she took haif a bottle, and the pains entirely left her. I took the remainder myself; before taking it I was overcome with drowsiness whenever I would sit down to read or write, and would fall asleep, but since I took the Bitters, I feel as if I could "leap over a wall and run through a troop."

GEO. DRUOKENMILLER. Reinstown, May 4th, 1863.

Mr. B. Mishler—Dear Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, I drew it open with a poulitice. I commenced to use your Bilters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and feel nothing of it at all; it has left no mark or trace of it behind, all has gone away.

trace of it behind, all has gone away.

The above can be seen at Heinitch's Drug Store, in East King street, Lancaster.

Lanoastre, May 6, 1863.

B. Mishler—Dear Sir: I had pain in my head, side and back, in connexion with chills and fever, which alarmed mo very much from the fact of my having a very severe attack of Typhoid fever, while connected with the Army. I bought one bottle of your Herb Bitters, and when I got home I took two doses of it which relieved me almost immediately. I am taking two doses per day now and feel as well as ever I did. Not being a citizen of this place, I just happened to be here selling Patent Pumps, and heard your Bitters recommended so highly by different ones, I concluded to try it, and such are the facts of the benefite I received by using your Bitters. I am stopping at the Franklin House, North Queen street, in this city, and will be glad to testify to the above, to any one calling at the aforementioned place, or at Coatesville, Chester county, which is my permanent residence. LANGESTER, April 20th, 1863.

B. Mishler—Dear Sir: This is to certify that I have been uttending fire in a bake oven for thirty two years which caused me to lose my sight for about five years. I have been uning your Bitters, and since I have used them, my sight is returning fast. I can now walk without a cane and see where I go. I was digging garden to day and could see the worms crawling about in the dug up earth. Respectfully,

The above are but a very small number of the certificates received. Any one doubting the genuinenes of any cartificate published is requested to call and examine the received. Any one doctains the goldens examine the original.
These Bitters are not recommended as a beverage, but they are recommended for their medicinal virtues. They are a sure cure for Dyspepsia, Liver Complaints, Gravel, Fever and Ague, Weak Knees, Pain in the Limbs, and all diseases arising from a deranged estate of the Stomach or impurity of the blood.

TO THE LADIES!

AG-Ladies in Delicate Health, suffering from irregularities, from whatover cause, will find this medicine a safe and certain regulator; but, like all remedies of this class, it should be used with caution by married women.
