THE LATE RIOTS.

The New York riot and other recent popular excesses are the fruit of Abolition Republican teachings. These excesses, it has been well said, " teach that the safety of the people and the security of the Government depend on the faithful observance of the laws, both by the people and their public servants. Those persons who have been preaching from day to day that in war times there is no law-that the laws are silent in time of war, are more guilty of the terrors of the outbreak in New York

than any other class in the community. If they set aside courts and legal remedies, do they not invite mobs? Let these people obey the laws themselves; let them stop sneering at the Constitution, the bond of all law; let

them quit suspending judicial writs and substituting armed force for the civil enginery of justice in the States, and above all, let their raving editors, quit inflaming popular passions

by all sorts of scandalous epithets and villainous charges, and there will be less violence and more cheerful obedience to law. Nearly all divine method of civilizing the world," and of the Abolition editors and preachers have thousands of "loyal leaguers" say amen .-told us that the Constitution ought to be, if it On the 4th of July, in Somerville, N. TROUBLE IN THE WIG WAM.

A decidedly bitter fight is now progressing among the Abolitionists of this State .-The Pittsburgh Gazette, believing that Gov. Curtin is doing his utmost to obtain a re nomination, is engaged in the very laudable and delightful task of ventilating the action of his excellency since his inauguration, which ven. tilation is anything but creditable to the Guy, rascality, and says that his nomination will inevitably lead to the defeat of the party in the State next October. We look upon this lit. tle scrimmage with entire indifference, for the inated by the Abolitionists. Woodward will be the next Governor of Pennsylvania ! However, we cannot resist the temptation of saying,

the opposition journals and men now engaged in giving them currency were most vehement in their denials of their truth. tor The Cleveland Plaindealer, one of the oldest and most prominent Democratic papers

" By this law every man, whether he has any conscientious scruples or not, who chooses to raise three hundred dollars and pay it into the Treasury, may refuse to serve his country. I do not recognize the propriety of conferring such a right. \* \* I will exempt nobody, so far as I am concerned, from serving his country excepting those who are religiously oppo-

sed to that mode of doing it. The rich man who has no conscientious scruples, in my judgment, has no more right, when he is drafted, to refuse to go and fight the enemies of his country, than the poor man who cannot raise three hundred dollars to pay for exemption. As the bill now stands it amounts to that." AMALGAMATION.

The Abolition-Republicans are making rapid progress on the negro question. WENDELL PHILLIPS declares that "amalgamation is the
