The remarkable striutes of Mishler's Herb Bitters have again been brought to the test, and parsed through the ordest triumphantly. The following certificate has been received, and if there are any persons skeptical as to its truth, they can eatingly themselves by calling upon the young man who gives it. He may be found, during the day at the Somthwest corner of Centre Equare and West King street, where he keeps a cate stand. He will give all information that may be desired in regard to his case. But read the following:

CRETERIATE OF JOHE S. ENTERANT.

I hereby cartiff that I have been sifficted with white swelling and aerofulous outbreaks for a period of over four years. My case was so bad that I could not walk without the aid of crutches. My left leg was much swollen and there were three eruptions at the kuee, one at the hip, and one at the breast. I tried various remedies, and I had the advice of several physicians, but experienced no raisef. About four weeks ago I commenced with Mishler's Bitters, and in a very short time I began to get better. I am now able to walk without the sid of crutches. My legs are still bent, but if I continue to improve as I have been deing for the last two or three weeks, I think I shall soon be as well as ever. My general health has also improved, and is better now than it has been for years. I make this statement for the benefit of the afflicted, and would invite all to call upon me, and I will to the mail the information on the subject in regard to my case.

NEFFSVILLX, June 5, 1863.

Ma. B. Mishlam—Sir: About Christmast, my youngest daughter, a girl of fifteen years of see, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I procured the attendance of our medical men in the neighborhood, but, in spite of their best efforts, she grew daily worse and worse. She was so helpless that it was impossible for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, she would fall over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at all. On the 26th of last mouth, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her feet, without any pain; she can raise her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to precue it. You may use this as you please, for I think that so good a medicine should be known everywhere.

Agent for B. Mishler. cases, be remored by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine
cases out of ten the doctor does not really know whether
the symptoms are the disease, or the disease the symptoms.
We can only enumerate them here. I speak more particularly of Oold Feet, Palpitation of the Heart, Impaired
Memory, Wakefulness, Plashes of Heat, Languor Lassitude, and Dimness of Vision.

Friend Michler—Dear Sir.: I wish you to sond me immediately, one or two cases of your Bitters. I gave a bottle to Mrs. Neavin, a lady that had been troubled with the Dumb Ague, and had taken so much quinine that her appetite had left, and was so much troubled with pain in all her joints that she was not able to be about. She has used one bottle, and she can now attend to the duties of her household; in fact she can not give it praise enough. Yours, respectfully,

——CHAS. P. MILLER.

Lancasters. May 27th. 1863. Which in the unmarried female is a constant t rring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after mouth passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

This disease depends upon an inflammation of mucons lining of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half-pint of soft water, Langastra, May 27th, 1863.

B. Michler—Dear & Fr.: This is to certify that I have been suffering with what the doctors call Chronic Diarrohea, for three months, and I sudfered so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeed I had almost given up myself. I have been at the Lancaster Hospital for six months; I had Rheumatism when I went there, and was unable to do anything. One of the inmates of the Hospital give me three doese of your Bitters, and afterwards I felt much better, and I have been taking them ever since, and feel as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me, and I am thankful for it. I do really think I could not have lived this long had I not got the Bitters. I also had Gravel, which has troubled me for a long time, of which I seel nothing of any more. I suppose it must have been the Bitters that took that away, as it works you say in that way. Indeed the Bitters been a God's blessing to me, and have restored me to pretty good health. Mr. A. Fairer can tell all about it, as he is well acquainted with my sufferings since I have been in the Hospital.

Are you troubled with that distressing pain in the small of the buck and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

Prousa, May 25th, 1888.

Mr. B. Mishler: This is to certify, that I have had an attack of the Gravel for about elx months, and somotimes with a good bit of pain; at last it become so that I had to rise five or six times in a night on account of my water, so I concluded there must be something done. I have seen your Herb Bitters recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I must say that it relieved me entirely of my pain. Respectfully yours, JNO. SOHOCK. it has no equal in relieving the most distressing symptoms. Also, Headache, Heartburn, Acid Stomach, Vomiting Food, &c. Take a teaspoonful after dinner. LANCASTER CITT, May 7th, 1863.

Mr. B. Mishler - Sir: I have been subject to inward weakness and pain in the small of the back for the last ten years, and had given up all hopes of getting better. I was induced to try your Bitters, and after using it a short time, I am happy to say I am almost well, and by using a few more bottles expect to be as bearty as formerly. Dr. WM. H. GREGG—Dear Sir: In February, 1861, I was afflicted with the sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Mr. B. Mishler: My wife having been afflicted with excruciating pain in her hands and feet, several of our most prominent physicians attended her but could give her little or no relief. I then had recourse to Mishler's Bitters; the took half a bottle, and the pains entirely left her. I took the remainder mysself; before taking it I was overcome with drowsiness whenever I would sit down to read or write, and would fail asleep, but since I took the Bitters, I feel as if I could "leap overd wall and run through a troop." GEO. DRUCKENMILLER.

REAMSTOWN, May 4th, 1863.

Mr. B. Mishler—Dear Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, I drew it open with a poultice. I commenced to use your Bitters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and feel nothing of it at all; it has left no mark or trace of it behind, all has gone away.

W. H. GREGG & Co:

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, which last give the seeding of the best, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorthes, and Irritation of the Bisader. I called a physician, who attended her about three months, when helf her worse than he found her. I then employed one of the best physicians I could find, who attended the about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "she has such a combination of complaints, that medicine given for one operates saginst some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first does seemed to have the desired effect, and sho kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

I have been using your Bitters, and since I have used them, my sight is returning fast. I can now walk without a cane and see where I go. MR. B. MISHLER—Dear Sir: My daughter, a young girl about 12 years of age, caught a cold for her eyes early last spring, which afflicted her so much that I, was first as he would lose the sight of one of her eyes. She finally got so hat that it was found necessary to keep her continually in a dark room, allowing not even a candle to be lit. About three weeks ago I was induced to give her a bottle of your bitters, and am happy to say that one bottle cured her so completely that she is now able to go to school.

Causes the hair to grow luxuriantly, and gives it a rich. soft, glossy, and fierbile appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the prost, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

Thore are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. h in his possession letters innumerable testifying to take the facts, from persons of the lighest respectability. will effectually prevent the hair from turning gray un the latest period of life; and it cases where the hair ha aiready changed its color the use of the Invigorator will with certainty restore it to its original hus, giving it a derk, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorator can-be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being ONLY TWENTT-FIVE CONTS per bottle, to be had at all respectable druggists and performers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens Hair inclines to be weak. The use of its pay the foundation for a good hasd of hair, as it revitores any impurities that may have become connected with the scalp the removal of which is necessary both for the health of the child, and the future appearance of the Hair.
