

Mr. Chase's Financial Policy. Mr. Chase, in conducting the affairs of the Treasury Department, seems to be governed by but one principle of Finance.

OUR FLAG. Now our flag is flying to the wind with pride. Let it float over our fatherland.

"GLORIOUS TO THE CONSTITUTION, AS THE SHIPWRECKED MARINER CLINGS TO THE LAST PLANK, WHEN NIGHT AND THE TEMPEST CLOSE AROUND HIM."—DANIEL WEBSTER.

Money Wanted. This is a very general want among the people, except those who are fortunate enough to be connected with the present State and National Administrations.

No Volunteering. Why are there so few volunteers offering under the recent call of the President? The bounty offered is a liberal one, much more so than on any former occasion.

A Gloomy Prospect. With coal at \$8 or \$8.50 per ton, flour \$7.50 per barrel, coffee, sugar, butter and every thing else in proportion, including clothing, what is to become of the poor during the winter which is just at our doors?

The 79th Regiment. This gallant Regiment has been in active service for over two years, and has done as much hard marching and fighting as any other Regiment in the Army.

Nov FAR WRONG.—A New Jersey paper classifies the candidates in that State, as Democrats and Disunion Abolitionists. The Abolitionists are indeed the Disunionists and Revolutionists of the North.

DRUNKENNESS IN DIAMONDS.—The war has worked monstrous demoralization. The Washington correspondent of the New York Independent, writing under the date of Oct. 26, 1863, says: "There was a sight to be seen in broad daylight a few days ago, in front of the Presidential mansion, which gave those who witnessed it a shocking idea of the extent and strides which the vice of intemperance had made in 'good society' during the last few years."

THE RISE IN PRICES.—The effects of the greenback legal tenders upon prices are now beginning to force themselves upon the public eye. The current market has not yet been in circulation two years, but it has created a complete revolution in the prices of nearly all articles of domestic consumption.

LOCAL DEPARTMENT. THE LANCASTER LOCOMOTIVE WORKS.—The Lancaster Locomotive Works, under the management of James Noyes and Horace Phillips, and various other well known mechanics, has just completed the construction of a new and improved engine.

THE NEW CALL FOR TROOPS.—It being the opinion of many of our citizens that the quota of volunteers for the present campaign, under the call of the President, has not been sufficiently large, the following petition has been presented to the Legislature.

WASHINGTON GOSPEL.—A Washington correspondent of the New York Herald, in his despatch of Tuesday, says, on the evening of the 31st ult., Francis P. Blair, Sr., called at the White House, having been summoned thither by a pressing invitation from the President, with whom he had a free and lively interchange of opinions.

ON A BRIDAL "TOWER."—The City reporter in the Philadelphia Age of yesterday touches of the arrival of ex-Governor SPRAGUE and his "dear Catharine" in that city.

THE NEW YORK DAY-BOOK. The editor of the New Hampshire States and Union, speaking of the above paper, says: "It is sound to the core, and is almost the only paper in the country that dares to speak truth and Democracy with the negro question."

THE FRAUDS PROVED.—That the State of Pennsylvania was carried by fraud at the recent election, no one can doubt who candidly examines the returns, and compares them with the vote given at previous elections. The figures to prove it are thus clearly summed up by a correspondent of the Age:

THE FRAUDS PROVED. (Continued) The vote of 1863 does not exceed, 425,866. Of this number the Democratic party polled, for Judge Woodward, 254,171. Leaving the actual Abolition vote of 1863, 171,695 instead of which they pretend to have polled 269,496.

AN IMPORTANT DECISION. In the case of the application of Kneeder, Smith and Nichols, soldiers conscripted in Philadelphia, for injunctions to restrain the officers of the Government from sending them into the military service, the Supreme Court delivered an opinion at Pittsburgh, on Monday week, pronouncing the law to be unconstitutional, and granted an injunction in each case for the protection of the plaintiff, on his giving bond, with surety to be approved by the Prothonotary, in the sum of \$500.

AN IMPORTANT DECISION. (Continued) The gallant Regiment has been in active service for over two years, and has done as much hard marching and fighting as any other Regiment in the Army. It left this city nearly one thousand strong, and is now reduced, we learn, to less than two hundred effective men.

POLITICAL PEARLING.—They have one preacher in Boston, says the Valley Spirit, who is a great orator in his way. The antiquated old chap positively refuses to preach on politics, for the reason, as he alleges, that he is engaged in the more important business of saving souls. Why, he must have been reading that obsolete work, written for other times, the New Testament, and found out, somehow, that his commission was to "go and preach the Gospel to every creature."

THE MINISTERS' ELECTION.—The Ministers' election and "red legs" have been beaten—thoroughly and decisively—in the recent election in that State. The Sheffield-Gamble conservative faction have prevailed by about 13,000 majority, which further assures the success of the cause. We do not claim this as a Democratic victory for that it is not. Only administration men have voted, or were allowed to vote, in that State; but the conservative wing of the governing party have got the best of the election, and for that we are daily thankful.

THE PENNSYLVANIA TOBACCO CROP.—In consequence of the early frost in Kentucky and Tennessee, and the supposed injury to the tobacco crop, the price has risen in Louisiana three and four dollars per hundred weight. This will, so far, be very good news to a number of farmers in Pennsylvania who have planted larger quantities of tobacco than the present season than ever before.
