Read the follow-ing certificate, selected from hundreds received weekly. It speaks for itself: NETFFTLE, June 5, 1863. Ms. B. Misning-Sr: Moont Christmast, my youngest daughter, a girl of fileen years of seg, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I pro-cured the attendance of our medical men in the neighbor-bood, but, in spite of their best efforts, also grew dally worse and worse. She was so helpless that it was impossi-ble for her to sit up, were when propped by pillows, for when, to ease her, we would raise for the other, and indeed had no strength or power or control over her motions at all. On the 20th of last month, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I wan to take out some more with me, and J am confident now that what you told me was perfectly true, and that my daughter will shortly be entiely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her fact, without any pain; is he can raise her hands to her head, and remains out of bed mest of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to procure it. You may use this sit you please, for I think that so good a medicine that the at you have ywhere. With gratitude I remain, Sir, Your Hart Harty Pushcy, May 22, 1863.

Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitu-tion Water, as above directed.

DYSMENORRHERA, OR PAINFUL MENSTRUA-TION, AND IN MENORBHAGIA OR PROFUSE FLOWING,

Both diseases arising from a faulty secretion of the men-strual fluid—in the one case being too little, and accom-panied by severe pain; and the other a too profuse secre-tion, which will be speedily cured by the Constitution Water. That disease known as FALLING OF THE WOME, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or abooting pains through the parts, will, in all cases, be removed by the medicine. There is another class of symptoms arising from TREI-TATION OF THE WOME, which physicians call Nervous-ness, which word cover up much ligoorance, and in nine cases out of ten the dootor does not really know whether the symptoms are the disease, of the disease, at the disease, at the disease, the symptoms. We can only enumerate them here. I speak more par-ticularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heart, Languor Lassi-tude, and Dinness of Vision.

LEUCORRHICA OR WHITES.

This disease depends upon an inflammation of mucous lining of the vagina and womb. It is in all cases accom-panied by severe pain in the back, across the bowels and through the hips. A trasponful of the medicine may be taken three times a day, with an injection of a tablespoor-ful of the medicine, mixed with a half-pint of soft water, orning and evening.
