There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which physicians call Nervous-ness, which word covers up much ignorance, and in nine cases ont of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more par-ticularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor Lassi-tude, and Dimness of Vision. My case was so bad that I could not walk without the aid of crutches. My left leg was much swollen and there were three eruptions at the knee, one at the hip, and one at the breast. I tried various remedies, and I had the advice of saveral physicians, but experienced no relief. ing contraste, enterton intributerons received weekij. It speaks for itself: NEFFSVILLS, Jone 5, 1863. MR. B. MISHLER-Sir : About Christmast, my youngest daughter, a girl of fifteen years of age, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I pro-cured the attendance of our medical men in this neighbor-hood, but, in spile of their best efforts, she grew daily worse and worse. She was so helpless that it was impossi-ble for her to sit up, even when propped by pillows, for when, to eash her, we would raise her up, she would fall over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at all. On the 20th of last month, by the advice of Henry Minnich, I came to see you, and from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident my daughter will shortly be outirely recovered. She is now able to leave be thed, and can sit in a common chair, and can staud on her feet, without any pain ; she can raise her hands to her hed, and remins out of bed most of the day. I am so pleased with the effects of yoor medicine that there is nothing I would not give to procure it. You may use this as you please, for I think that so good a medicine with gratitude I remain, Sir, Yours truly. DANIEL KEEVER.

She has used one bottle, and she can now attend to the duties of her hoursehold; in fact she can not give it praise enough. Yours, respectfully, CHAS. P. MILLER. *LANCASTER*, May 27th, 1863. *B. Mishler-Dear* Sir : This is to certify that I have been suffaring with what the doctors call Obronic Diar-roheas, for three moults, and I suffored so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeel Had almost given up my-self. I have been at the Lancaster Hospital for six mouths: I had Rheumatism wheu I went there, and was unable to do anything. One of the immates of the Hospital give mo three doces of your Bitters, and afterwards I feit much better, and I have been taking them ever since, and feel as if I am going to get sound and well. Your Bitters have proved themsleves to be a cure for mo, and I am thankful for it. I do really think I could not have lived this long that away, as it works you say in that way. FOR 1864. WHITE MEN'S LIBERTIES-STATE RIGHTS-FEDERAL UNION.

The New York Day-Book is an independent, Democratic journal, holding, with the late Sonator Donglas, that "this Government is made on the white basis, by white men, for the benefit of white men and their posterity for-over." It is a large double sheet, with forty-eight columns of reading matter, and in all respects-whether for Markets, News, Literary or Agricultural information-is not inferior to any as a political or family newspaper. In its political department, it grapples boldly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Aboliticator of norm of the People's Rights, but it is the upholder of no party chicancery or trickery. It is not the term-the defender of the People & Aignis, out it is the upholder of no party chicanery or trickery. It is not only for Peace, but it shows how, and how only, permanent Peace can be obtained, and the glorious White Man's Govy erment of Weshington testored, wiz: by the utter route, overthrow, and extermination of Abolitionism from

merican soil. The Day-Book is now the only weekly political paper in faw York city made up exclusively for country circula-ion. All the others are rebashed from the columns of mme daily phper, which renders it almost impossible to ome daily phper, which renders it almost impossible to give so complete and general a summary of the news as in the other case. They have introduced their selections of TEAS, and are solving them at not over TWO CENTS (02 Cents) per pound above Cost, never deviating from the one price asked. Another peculiarity of the Company is that their Tea Taster not only devotes his time to the selection of their TEAS as to quality, value and particular triples for par-ticular localities of country, but he helps the Tea buyer to choose out of their enormes stock such Tuas as are best alapted to his particular wants, and not only this, i but points out to him the best bargains. It is easy to ese the incalculable advantage a Tea Buyer has in this establishment over all others. If he is no judge of Tea or the Market—If his time is valu-able—he has all the benefits of a well organized system of doing businees, of an immense capital, of the judgment of a professional Tea Tastor, and the knowledge of a superior salemen.
