The whole amount of the Loan authorized is Five Hun-dred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treas-ury, mostly within the last seven mouths. Sales have lately ranged from ten to fifteen millions week. ly, frequently exceeding three millions daily, and as it is well known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and in-ternal Revonnes, and in the issue of the Interst baring Legal Tonder Treasury Notes, it is almost a certainty that he will known that the Secretary of the Treasury has ample and unfailing resources in the Duties on Imports and in-ternal Revonnes, and in the issue of the Interst baring Legal Tonder Treasury Notes, it is almost a certainty that he will known that the Secretary of the Treash the torme, the NTREEST AND PRINCIPAL OF WHICH AILE PAYABLE IN GOLD. EALING EMBEZELING AND MISAPPLYING COMMIS-SARY QUARIERMASTER'S STORES.

Among the most "Jacobinical" presses that has existed in this country since the war commonced, has been the Quio State Journal—the abolition State organ. It has openly advocated the aspres-sion and mobbing of Democratic presses, the "star-chamber" conviction of Vallandigham, and every measure that will damn to curnal infamy the records of this administration. The principal pro-prietor of this paper is one "Captain F. W. Hurtt, A. Q. M. U. S. V."—The "A. Q. M." part of which initials always suggests stealing, and in this case does not disappunt expectations. As a quartermas-ter he has for months teen known to be largely en-gaged in detrauding the government, but his ter he has for months been known to be largely en-gaged in detrauding the government, but his "loyalty" has until now secured the continuance of his "loyal" efforts to "crush the rebellion." But unfortunately some of the Democratic presses of Ohio, gave such a thorough ventilation of his vil-laipy that the military authorities were compelled to prefer charges against him. We give the charges to prefer charges against him. We give the charges reach one of which is followed by specifications giving a history of the "loyal" man's thiering. Whenever this class of "loyal" men cease to have a chance to "steal" they will cease to favor the war. Yet it is by this class of sooundrels, that even honest abolitionists are made to believe the war is for the Union. - Washington Review.

THE PROSPECT.

Now let mo confiscate the lands of the South and put it into the hands of the negroes ; and white men who fought for it, and you may go to sleep with your parchments. I have got the Uniou down there by a natural root, that nobody can ever change. You do not make nobody can ever change. You do not make governments like a clap-boarded house; you plant them like an oak. Plant 100,000 negro farmers, and 100,000 by their side of white soldiers, and I will risk the South, Davis and all. When William the Norman conquered England, in order to guarantee his conquert igland, in order to guarantee his conquest he divided the land among his Nobles, and they hold it to day. 'I have conquered the South,' the North may say, 'and I'll divide its territories among my Nobles-the Blucks and the Whites who have won it.' And then we are safe." * * * "To the slave belongs the land he has redeemed from nature. * * * Give me 200,000 farmers, owning their lands, and give me 200,000 blacks with muskets in their right hands, and you may go to sleep and make money - Wendell Phil-
