The New York Day-Book is an independent, Democratic journal, holding, with the late Senator Douglas, that "this Government is made on the white basks, by white men, for the benefit of white men and their posterity for ever." It is a large double sheet, with forty eight columns of reading matter, and in all respects—whether for Markets, News, Literary or Agricultural information—its not inferior to any as a political or family newspaper. In its political department, it grapples boldly with the real not inferior to any as a political or family newspaper. In its political department, it graphes boldly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abollitonism. It is Democratic in the true sense of the term—the defender of the People's hights, but it is the upholder of no party chicanory or trickery. It is not only for Peace, but it shows how, and how only, permanent Peace can be obtained, and the giorious White Man's Government of Washington restored, viz. by the utter route, overthrow, and extermination of Abolitionism from American soil. overthrow, and extormination or Austream rem. The Day-Book is now the only weekly political paper in New York city made up exclusively for country circulation. THE PATENT STAMP-SEALING AND POST-MARK PRESERVING ENVELOPE.

The preservation on the letter itself of the POST-MARK and POSTAGE-STAMP, generally destroyed with the de tached cover, has long been deemed a matter of the first importance. This desideratum is now triumphantly secured by this ingenious invention. Many obvious advantages must write from the general use of this envelope.

First—Increased Safety by additional scaling; the stamp connecting the envelope and letter securely together; and this is never liable to be omitted, though the sticking of the flap is frequently neglected or imperfectly done.

Scond—Security against Impertinent Intrudon; the letter and envelope being firmly attached by the stamps, and inclosure cannot be inspected even if the flap be claim destinely opened.

and inclosure cannot be inspected even if the flap be claim destrinely opened.

Third—Safety against Abstraction of Valuable Inclosures. If the flap be left unsealed, or opened with felonious Intent, it will be impossible to open the letter and take thence bank notes and drafts without so mutilating the envelope as to insure detection.

Fourth—Security for the free payment of the Postage; as the stamp, when once properly placed in this window, cannot be removed without its destruction.

Fifth—Advantage therefore to the Government; by the effectual destruction of every stamp in its first use.

Sath—Facility to the Post Office Dependions; by a uniform location of the stamp in the upper right hand corner, which is the most convenient position for the Post Office mark.

which is the most convenient position for the Fest officerark.

Scouth—Verification of the Malling; by securing on the letter itself the legal cridence of the time and place of it being mailed. This has long been esteemed so desirable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and others take the precaution to pin the envelope again on the letter for identification.

Eighth—Cartainty of the Date and Place on the Letter, which are so frequently omitted by writers in carelessness or hurry.

which are so frequently omitted by writers in carelessness or hurry.

Ninth—Ornamentation; which, though some may think of small importance, certainly mest the approval of all persons of teste.

Tenth—Cost Notwithstanding the many and unrivalled advantages of the "Stamp Sealing Envelopes," they will be furnished at a very small advance upon the prices of these not having the benefit of this patent.

THE GREAT REMED POS THE CONSTITUTION AND THE KNOWN BRMEDY

DIABETES AND DIREASES OF THE KIDNEYS AND BLADDER. hese Dangerous and Troublesome Diseases, which h thus far Resisted the best directed Treatment, can be Completely Controlled by the REMEDY now before us!

THE CURATIVE properties of the medicine direct themselves to the organiof secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not converted into sugar so long as the system is under the influence of the

CONSTITUTION WATER, which gives those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING. Disease occurring from one and the same cause will be entirely cared by the Constitution Water, if taken for any length of time. The does should vary with the saverity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with a pain and urgent symptoms should be combated with a proper remedies, then followed up with the Constitu-

tion, which will be specifly cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor Lassitude, and Dimness of Vision. SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant to rring disease, and through neglect the seeds of more grave and dangerous maisaides are the result; and as mouth after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career. LEUCORRHULA OR WHITES.

This disease depends upon an inflammation of mucous lining of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half-pint of soft water.

IRRITATION OF THE NEOK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE BLADDER, STRAN-GURY AND BURNING, OR PAIN-FUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the moet urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic. FOR DYSPEPSIA,

it has no equal in relieving the most distressing symptoms. Also, Headache, Heartburn, Acid Stomach, Yomiting Food, &c. Take a teaspoonful after dinner. The dose in all cases may be increased if desired, but should be done PHYSICIANS

have long since given up the use of buchu, cubebs, and juniper in the treatment of these diseases, and only use them for want of a better remedy. CONSTITUTION WATER has proved itself equal to the task that has devolved upon it. DIURETICS

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which

lowing Certificate of the value of Constitution Water, which I can recommend in the highest manner. My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorrhes, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quito as much pain; he finally gave her up and said, "her case was incurable." For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, aimset the first dose seemed to tion Water for about four weeks, and we are happy to say that it has produced a permanent cure.

WM. M. VAN BENSOHOTEN. MILFORD, CONN., Nov. 19, 1861.

DR. WM. H. GREGG:

Dear Str. I have for several years, been afflicted with that troublesome and dangerous disease—Gravel—which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire confidence in its efficacy.

Yours truly,

POND STRONG. THESE ARE PACTS ENOUGH.

There is no class of diseases that produces such exhausting effects upon the human constitution as Diabetes and Diseases of the Kidneys, Biadder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and we present tha lies, and we present the

CONSTITUTION WATER to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and bytesteles.

But read the following:

I hereby certify that I have been affilicted; ith white swelling and scrofulous outbreaks for a perion of over four years. My case was so bad that I could not walk without the ald of crutches. My left leg was much swollen and there were three eruptions at the knee, one at the hip, and one at the breast. I tried various remedies, and I had the advice of several physicians, but experienced no relief. About four weeks ago I commenced with Mishler's Bitters, and in a very short time I began to get better. I am now able to walk without the side of crutches. My legs are still bent, but if I continue to improve as I have been doing for the last two or three weeks. I trink I shall soon be as well as ever. My general health has also improved, and is better now than It has been for years. I make this statement for the benefit of the afflicted, and would invite all to call upon ms, and I will give them all the information on the sudject in regard to my case.

ANOTHER REMARKABLE CURE.

A CASE OF PARALYSIS BELIEVED BY

MISHLERY'S BITTERS.

The testimony is every day accumulating that Mishler's Bitters is performing wonders, and its fame is gradually but rapidly spreading over the continent. Read the following certificate, selected from hundreds received weekly. It speaks for itself:

NEPSYLLE, June 5, 1863.

Ms. B. Mishler—Sir: About Christmast, my youngest daughter, as girl of fifteen years of age, was attached with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I procured the attendance of our medical men in the neighborhood, but, in spite of their best efforts, she grew daily worse and worse. She was so helpless that it was impossible for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, ghe would fail over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at all. On the 26th of last month, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chaffy and can stand on her feet, without any psin; she can raise her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to precure it. You may use this as you please, for I think that so good a medicine should be known everywhere.

With gratifuel remain, Sir.

Friend Mishler—Dear Sir: I wish you to sond me immediately, one or two cases of your Bitters. I gave a bottle to Mrs. Nesvin, a lady that had been troubled with the Dumb Ague, and had taken so much quinine that her appetite had left, and was so much troubled with pain in all her joints that she was not able to be about. She has used one bottle, and the can now attend to the duties of her household; in fact she can not give it praise enough. Yours, respectfully.

B. Mishler—Dear Sir: This is to cortify that I have been suffering with what the doctors call Chronic Diarroheas, for three months, and I suffered so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeed I had aimost given up myself. I have been at, the Lancaster Hospital for six months; I had Rheumatism when I went there, and was anable to do anything. One of the inmates of the Haspital give me three doses of your Bitters, and afterwards I six much better, and I have been taking them ever since, and feel as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me, and I am thankful for it. I do really think I could not have lived this long had I not got the Bitters I also had Gravel, which has troubled me for a long time, of which I feel nothing of any more. I suppose it must have been the Bitters that took that away, as it works you say in that way. Indeed the Bitters have been a God's blessing to me, and have restored for the presty good health. Mr. A. Fairer can tell all about it, as he is well acquainted with my setferings since I have been in the Hospital.

I have seen your Herb Bitters recommended in one of your bills; so I thought I would give it a trial. I have need two bottles of it, and I must say that it relieved me entirely of my pain.

Mr. B. Mishler—Dear Sir: About three years ago there was a lump or Swelling came on the side of my neck or jaw, which continued to culsars, it size without opening. About two years ago, I drew it open with a poultice. I commonced to use your Bitters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and feel nothing of it at all; it has left no mark or trace of it behind, all has gone away.

JOHN LESHER.

B. Mishler-Dear Sir: I had pain in my head, side and back, in connexion with chills and fever, which aisrmed me very much from the fact of my having a very severe attack of Typhoid Fever, while connected with the Army. I bought one bottle of your H-rb Bitters, and when I got home I took two doses of it which relieved me almost immediately. I am taking two doses per day now and feel as well as ever I did. Not being a citizen of this place, I just happened to be here selling Patent Pumps, and heard your Bitters recommended so highly by different ones, I concluded to try it, and such are the facts of the benefits I received by using your Bitters. I am stopping at the Frankin House, North Queen street, in this city, and will be glad to testify to the above, to any one calling at the aforementioned place, or at Costewille, Chester county, which is my permanent residence.
