THE BALE OF GOLD COIN. A spirited debate occurred in the House of Repre sentatives on Thursday week, on the resolution empowering the Scoretary of the Treasury to sell the Surplus gold in the Treasury at his pleasure. —

It was stated by a member that on Saturday week the amount of gold on hand was \$18,900,000. Gen. GARFIELD said that on July 1, at the present rate of receipts, there will have been collected \$74,000. of receipts, there will have usen collected \$74,000,000. The pledges of the two-rument for coin during the same period are \$23,000,000, leaving a surplus in the Transury of \$50,000,000. The whole amount of coin hearded in the United States is estimated to \$200,000,000, one-fourth of which will therefore be \$200,000,000, one-fourth of which will therefore be tooked up in the U.S. Treasury, and useless to commerce. Mr. Boutwell said the 'thvernment was pledged for '\$85,000,000 in coin during the period stated. He opposed the resolution and augusted that the Secretary of the Treasury be authorized to anticipate the payment of the July interest from time to time at the rate of six per cent. In gold, and thus redeem the coupons. Mr. Hernando Wood said that the mere proposition to allow the Secretary to sell-gold has already deranged the markets of New York. Mr. Perdletoys and the passage of the New York. Mr. PENDLETON said the passage of the resolution would give the Secretary the complete ontrol of the money market whenever he tunk oper. Within the next four months agreeter id, as interest on the public debt, a greater nount of gold than we have now on hand. What nount of gold than we have now on the state of the st paid, as interest on the public debt, a greater amount of gold than we have now on hand. Man was now proposed was a transaction in which no man would engage who managed his own private affairs. Mr. Baoosa, of New York, showed that our imports largely exceeded our exports, the former making heavy drains upon the specie of the country. We had become so extravagant, owing to the superabundance of paper money, that the agriculturists have almost ceased to labor, while nearly every body is attempting to speculate, and are deserting their farms and over-populating our cities. We should not, by such an expedient as is now proposed, cut loose from our anchor—the basis of the credit of the dovernment—and throw all our gold upon the market in order we buy paper. He repeated that the curse of the country was the over-importation of iturities, such as sitel, satins and cashmers snawls; and if gold would rise and enders the such as the public faith is solemnly pledged to devote the receipts of gold to the payment of the interest on the public faith is solemnly pledged to devote the receipts of gold to the payment of the interest on the national debt falling due in July next. The President has the sword, and through the Secretary of the freasury, the purse, and he, therefore, stands forth the impersonation of despotism if he othooses to exercise it. The Secretary of the Treasury has the manulacture and disposition of thousants of millions in paper money. He believed that the Sec has the manulacture and disposition of thousan is of millions in paper money. He believed that the Sec-retary was an honest and upright man, but never, in the whole course of his public life, had he seen officer more surrounded with thieves and robbers He could name a dozen whose standing was such He could name a dozen whose standing was such that neither Kepublicans nor Democrate would trust them with their private affairs, and now the proposition is to give the Secretary of the Ireasury power over the money market of the country. Let us hold fast to the specie basis.

MR. FILLMORE ON THE WAR. his Address at the Christian Commission Central Fair, in Buffalo. At the opening of the great Central Fair, inaugurated by the Christian Commission at St. James

President FILLMORE spoke as follows: Three years of civit war have desolated the fairest portion of our land, loaded the country with an enormous debt that the sweat of millions yet unborn must be taxed to pay; arrayed brother against brother, and father against son in mortal combat; deluged our country with traternal blood, whitened our battle fields with the bones of the slain, and our battle fields with the bones of the slain, and darkened the sky with the pail of mourning. Yet these appailing calamities—which as yet have touched our city more lightly than any other in the land—have imposed upon as new duties which must be promptly met and generously discharged; and new burdens which must be patiently and cheerfully borne. We cannot, in our humble capacity, control the events of this desolating war. We hear its thunders and mark the track of desolation, and we must meet the emergency as best we can, but never despair of the republic. It is no time now to inquire whether it might have been avoided. Let those who seek light on this subject read Washington's Farewell Address. Nor are we now to criticise the conduct of those who control it, awarding praise here and bestowing censure there. The impartial here and bestowing censure there. The impartial materian will do this when the passions engendered by the same have cooled, and partisan prejudice, softher amounts shall be take in the dust, and it is hoped, buried in collivion. And much less are we called upon to predict when or how this war will end. Let those who seek light on the subject read theneral Jackson's farewell andress. But let us hope that an all-wise and mercitul Providence will inthat an all-wise and inercital Providence will incline the hearts of the people, North and South, to
peace—to a hasting peace, with a restored Union,
cemented by Iraternal affection, under our well-tried
as a gorinous Constitution. Nor is this the time or
place to expites an opinion as to the poincy that
should be pursued to reach so destrable an end. But
one thing is clear, that much must be forgiven, if
not forgotten, on both sides, before this Union can
ever be restored; and therefore it is to be hoped that
all innecessary notes of cruelty, or wanton destruc-wail, includer reunion more difficult, if not impossible. But it must be apparent to all that the first step toward bringing this war to a close is to conquer the rebel army. Any negotiations for peace before this is done would prove abortive; and any professed elemency to those in arms who dely our power, would be a mockery which would be treated with ridicule and contempt. But when we have conquered their armies, and disposed of their leaders, then let us show our magnanimity and generosity by winning back the deluded multitude who have been seduced or coerced into this rebellion, by extending to them every act of elemency and kindness in our power, and by restoring them to all their rights under the Constitution. This I conceive to be Christian forgiveness and the best policy, and the only one

TO HOTSE OWNETS!

BR. SWEETS INFALLIBLE LINIMENT FOR HORSES is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is marical and certain. Harness or Saddie Galls, Scratches, Manga, &o., it will also care speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horses to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

P. F. Cooper desires to call the attention of persons visiting Philadelphia to his new Ground Floor Gallery, where he has introduced newly-patented cameras, capable of taking, in a few seconds, one hundred Photographs, from the small stamp or antographic, to the Imperial and Life Size. After many experiments he has succeeded in placing his sky-light at an improved angle, diffusing the light in equal proportions, and producing that soft gradation of tone which raunot be given by the side and sky-lights generally used, and which is of much importance to the beauty of a picture. It is made of French glass, and is the largest in Philadelphia.

Mr. Cooper has been engaged more than twenty years in the study and practice of the Fine Arts. His long experience as a Ministure and Portrait Painter is a sufficient guarantee for the perfection of the pictures made at his establishment.

The art of idealizing is well understood: none but the

most skilful artists are employed in the respective depart ments.

All Pictures Warranted —the Ivorytypes will not change in any climate, and will stand the test of acids. Particute in a steniton is paid to giving graceful and easy positions. Daguerreetypes and all other kinds of pictures copied, from small medallion to life size, and finished in colors of Indian ink, to look equal to pictures taken from life. This Gallery possesses rare-facilities for taking Equestrian Pictures from life, in the rear building, where from one to fifty horses can be photographed at a time.

PUBLIC SALE OF BELECT FRUIT TREFS, VINES, 40.
FROM THE NURSERY OF HENRY F. M. PETERS. On MONDAY and TUESDAY, the 7th and 8th days of MARCH 1864, said sale of Trees is to commence, if the frost is out of the ground. But should the frost not be out sufficient to lift the Trees on the above days, then it can be understood that the sale is to commence as soon as the frost is all out of the ground. It is easy for any one to know when the soil is open from frost; we hope it will be epen on the days above mentioned. Said sale will be held at the public hone of JOHN HUNCHBERGER, on the Reading Pike, four miles from the City of Lancaster. 2 or 3,000 TREES, VINES, &c.

Also, on SATURDAY, MONDAY, TUESDAY and WED-NESDAY, the 12th, 14th, 15th and 16th days of MARCH, 1884, 3 or 5 000 TREES, VINES, &c., will be offered on the ab ve days at public outery, at the public house of DAVID E. POTTS, at Witmer's Bridge, Bridgeport, about one mile east of Lancaster, and purchasers will have the opper-tunity of purchasing the most desirable sorts of 2 or 300 varieties and all good and improved sorts, and we culti-vate none that are in 'giver and worthless, and all true to

I intend to plant a Cherry Orchard of 500 trees. I intend to plant a Plum Orchard of 200 trees; and I intend to plant an Apple Orchard this spring of 5,000 or 9,000 trees, and do not intend to plant any trees that are over three or four feet high. All the trees that are too large for our own planting we send out to offer at public sale.

I intend hereafter to confine my entire attention to the Orchard and fruit growing, and this is the only chance that you may ever have offered to buy trees at public sale, and if you fail to attend to your own interest now you will surely rue it in the future.

One of the prettiest, most convenient, and decidedly the best and chapest time piece for general and reliable use ever offered. It has within it and connected with its machinery, its own winding attachment, rendering a key entirely unuecessary. The cases of this Watch are composed of two metals, the outer one being fine it carat gold. It has the improved ruby soiton lever settion movement, and is warnated an accurate time-piece. Price, superbly engraved, per case of half dozen, \$204. Sample Watches, in neat morocco boxes, \$35.

SILVERWATCHEST Time-Pieces for accuracy of movement, beauty of material, and above all, cheapness in price, these watches must insure universal approbation.

An imitation so faultiess that it can hardly be detected by the most experienced judges. The material being of two metals, the outer one first quality Sterling Silver, it cannot be recognized by cutting or heavy engraving, making it, 10 tonly in appearance, but in durability, the best resemblance of SOLID STERLING SILVER in existence.

nov 17 WHITE MEN MUST RULE AMERICA: THE CHEAPEST PAPER PUBLISHED.

THE ONLY NEW YORK PAPER MADE UP EX-CLUSIVELY FOR COUNTRY CIRCULATION.

NEW YORK DAY-BOOK WHITE MEN'S LIBERTIES—STATE RIGHTS—FEDERAL UNION.

The New York Day-Book is an independent, Democratic journal, holding, with the late Senator Douglas, that "this dovernment is made on the white basis, by white men, for the benefit of white men and their potentially of reading matter, and in all respects—whether for Markets, News, Literary or Agricultural information—is not inferior to any as a political or family newspaper. In its political department, it grapples boldly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term—the defender of the People's Rights, but it is the upholder of no party chicanery or trickery. It is not only for Peace, but it shows how, and how only, permanent Peace can be obtained, and the glorious White Man's Government of Washington iestored, viz.: by the utier route, American soil.

overthrow, and extermination of Abolitionism from American soil.

The Day-Book is now the only weekly political paper in New York city made up exclusively for country disculstion. All the others are rehashed from the columns of some daily paper, which renders it almost impossible to give so complete and general a summary of the news as in the other case. Persons about subscribing should take this into consideration. Democrats, also, must see to it that sound papers are circulated among the people, or Abolitioniam will never be put down. All who desire to refute the arguments of Abolitionists, should read The Day-Book.

One would be led to suppose, from the practical demonstration given of the wonderful healing properties of Gaivaniem in the above diseases, that its officacy as a Therapentic would be doubted by no one, and yet we occasionally come across an individual who will not believe, simply because the Medical Faculty, as a general thing, have not taken hold of it, to them we would asy that there is hardly a Braithwaites Retrospect published but what refers to the hoading properties of kilectricity, and that if the faculty understood more about it they would prefer it to all other remedies, also, that some of the best Plusticians in the United States have adopted it. Hereafter,

BITTERS:

ALTONA, Pa., Sept. 2, 1863.

Dr. Whitfield.—Sir: I had been afflicted with a very severe cold on the breast for three or four weeks, and had tried different domestic and patent remedies without any benefit. From your recommendation I was induced to try Mishler's Bitters. I am happy to say they had the desired effect—and I am better than I have been for a long time. I have also used the Bitters for a severe Diarhose and they completely cured me. No one should be without them. I am determined to have some in the house all the time.

Yours respectfully,

\_JOSEPH H. BROWN.

MANERIM, Nov. 5th, 1863.

B. Mishler—Dear Sir: I have been selling your Bitters for a long time, and have used it myself for Neuralgia, which has entirely cured me, and my customers use it and think it to be the best Bitters they have ever heard of. Indeed it has given entire satisfaction in every particular. I intend to keep a full supply on hand all the time at my hotel, "Washiogton House," Manheim. A. H. REIST.
