It is a large double shoet, with forty-eight columns of reading matter, and in all respects—whether for Markets, News, Literary or Agricultural information—is not infector to any as a political or family newspaper. In its political department, it grapples boidly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abditionism. It is Democratic in the true sense of the torm—the delender of the People's Hights, but it is the uphylder of no party chicanery or trickery. It is not only for Peace, but it shows how, and how only, permanent the upholder of no party chicanory of effectively, the ac-oulty for Peace, but it shows how, and how only, permanent Peace can be obtained, and the glorious White Man's Gov-ernment of Washington restored, viz.: by the utter route, overthrow, and extermination of Abolitionism from The Day Book is now the only weekly political paper in The Day Book is now the only weekly political paper in New York city made up exclusively for country circulation. THE PATENT STAMP-SEALING AND POST-MARK PRESERVING ENVELOPE.

The preservation on the letter itself of the POST-MARK PRESERVING AND POST-MARK and POST-MARK, generally destroyed with the detached cover, has long been deemed a matter of the first importance. This desderatum is now triumphantly secured by this ingenious invention. Many obvious advantages must arise from the general use of this envelope.

First—increased Safety by additional sealing; the stamp connecting the envelope and letter securely together; and this is never liable to be omitted, though the sticking of the fiap is frequently neglected or imperfacily done.

Second—Security against Impertinent Intrusion; the letter and envelope being firmly sttached by the stamps and inclosure cannot be inspected even if the flap be class.

and inclosure cannot be inspected even if the flap be claudestinely opened.

\*\*\*\*Print—Safity against Abstraction of Valuable Inclosures. If the flap be left unscaled, or opened with felonicus intent, it will be impossible to open the letter and take thence bank notes and drafts without so mutilating the envelope as to insure detection.

\*\*\*\*Print—Security for the free payment of the Poetage; as the stamp, when once properly placed in this window, cannot be removed without its destruction.

\*\*\*Pfith—Advantage therefore to the Government; by the affectual destruction of every stamp in its first use.

\*\*Satch—Facility to the Poet Office Deperations; by a uniform location of the stamp in the upper right hand corner, which is the most convenient position for the Poet Office mark.

which is the most convenient position to the state of the mark.

Scentil.—Verification of the Malling; by securing on the letter itself the legal evidence of the time and place of it being mailed. This has long been esteemed so desirable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and others take the precaution to pin the envelope again on the letter for identification.

Eighth—Certainty of the Date and Place on the Letter, which are so frequently omitted by writers in carelessness or hurry.

which are so frequently omitted by writers in Carelesances or hurry.

Ninth—Ornamentation; which, though some may think of small importance, certainly meets the approval of all persons of taste.

Tenth—Cost. Notwithstanding the many and unrivalled advantages of the "Stamp Sealing Envelopes," they will be furnished at a very small advance upon the prices of those not having the benefit of this patent.

DANVILLE, Pa., June 2, 1862.

Dr. WM. H. Grego—Dear Sir: In February, 1861, I was afflicted with the sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly,

WM. H. Grego & Co.:

Gents: I freely give you liberty to make use of the following Cortificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorrhae, and Irritation of the Bladder. I called a physician, who attended her shout three months, when he left her worse than he found her. I then employed one of the best physicians I could flud, who attended her about nine mouths, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "abe has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first does seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

READ! READ!! READ!!

The remarkable wituse of Mishlar's Herb Bitters have sgrin been brought to the test, and paread through the ordest triumphantly. The following certificate has been received, and if there are any persons skeptical, as to its truth, they can satisfy themselves by calling upon the young man who gives it. He may be found during the day at the Southwest corner of Centre Squares and West King street, where he keeps a cake stand. He will give all information that may be desired in regard to his case. But read the following:

OKREWICATE OF JOHN 5. EINEMARS.

I hereby certify that I have been afflicted with white swelling and scrotalous entbreaks for a perion of over four years. My case was so bad that I could not walk without the aid of crutches. My left leg was much swellen and there were three eruptions at the knee, ohe at the hip, and one at the breast. I tried various remedies, and I had the advice of several physicians, but experienced no relief. About four weeks ago I commenced with Mishler's Bitters, and in a very short time I began to get better. I am now able to walk without the sid of crutches. My legs are still bent, but if I continue to improve as I have been defined for the last two or three weeks, I think I shall soon be as well as ever. My general health has also improved, and is better now than it has been for years. I make this statement for the benefit of the afflicted, and would invite a ment for the benefit of the afflicted, and would invite at ment for the benefit of the afflicted, and would invite at ment for the benefit of the afflicted, and would invite and ment for the benefit of the afflicted, and would invite and ment for the benefit of the afflicted, and would invite and ment for the benefit of the afflicted, and would invite and ment for the benefit of the afflicted, and would invite and ment for the benefit of t Lancaster, May 22, 1863. properties of the medicine direct themselves to the organi of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not con-verted into sugar so long as the system is under the influ-

NEFFSVILE, June 5, 1863.

MR. B. MISHLER—Sir: About Christmast, my youngest daughter, a girl of fifteen years of age, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. "I procured the attendance of our medical men in the neighborhood, but, in spite of their best efforts, she grow daily worse and worse. She was so helpless that it was impossible for her to sit up, even when propped by pillows, for whon, to ease her, we would raise her up, she would fall over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at all. On the 28th of last month, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her feet, without any pain; she can raise her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to procure it. You may use this as you please, for I think that so good a medicine should be known everywhere.

With gratitude I remain, Sir, NEFFSVILLE, June 5, 1863. Disease occurring from one and the same canse will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

Marietta Furnace, May 22, 1863.

Berl. Mishler, Esq.—Dear Sir: Please send me by Pennsylvania Railroad ½ gross your celebrated Bitters as soon as possible. I am almost out of it, and I find it to be the very best Bitters manufactured. I could procure you half a dozen certificates if necessary: but knowing the Bitters will do what is represented, I think all that is required is the cash for the Bitters. Yours truly,

Agent for B. Mishler.

PHILADELPEILA, May 27th, 1863.

Friend Mishler—Dear Sir: I wish you to send me immediately, one or two cases of your Bitters. I gave a bottle to Mrs. Neavin, a lady that had been troubled with the Dumb Ague, and had taken so much quicise that her appetite had left, and was so much troubled with pain in all her joints that she was not able to be about. She has used one bottle, and she can now strend to the duties of her household; in fact she can not give it praise enough. Yours, respectfully, CHAS. P. MILLER.

Lancaster, May 27th, 1863.

B. Mishler—Dear Sir: This is to certify that I have been suffering with what the doctors call Ohronic Diarrona, for three mouths, and I suffered so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeed I had almost given up myself. I have been at the Lancaster Hospital for six months; I had Rheumatism when I went there, and was unable to do anything. One of the immates of the Hospital give me three doses of your Bitters, and afterwards I felt much better, and I have been taking them ever since, and feel as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me, and I am thankful for it. I do really think I could not have lived this long that sway, as it works you say in that way. Indeed the Bitters have been a God's blessing to me, and have restored me to pretty good health. Mr. A. Fairer can tell all about it, as he is well acquainted with my sufferings since I have been in the Hospital.

Proura, May 25th, 1863.

Mr. B. Michler: This is to certify, that I have had an attack of the Gravel for about six months, and sometimes with a good bit of pain; at last it become so that I had to rise five or six times in a night on account of my water, so I concluded there must be something done. I have seen your Herb Bitters recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I must say that it relived me entirely of my pain. Respectfully yours, JNO. SCHOOK.

Mr. B. Mishler—Sir: I have been subject to inward weakness and pain in the small of the back for the last ten years, and had given up all hopes of getting better. I was induced to try your Bitters, and after using it a short time, I am happy to say I am almost well, and by using a lew more bottles expect to be as hearty as formerly. I recommend it to those of my sex similarly afflicted.

Respectfully yours, HARRIET ORK.

I then had recourse to Mishler's Bitters; she took half a bottle, and the pains cuttrely leth her. I took the remainder myself; before taking it I was overcome with drowsiness whenever I would sit down to read or write, and would fall asleep, but since I took the Bitters, I feel as if I could "leap over a wall and run through a troop."

GEO. DRUOKENMILLER.

Mr. B. Mishler—Dear Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, I drew it open with a poultice. I commenced to use your Bitters about three months ago, which has driven the swelling all away, and besidee has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and feel nothing of it at all; it has left no mark or trace of it behind, all has gone away.

DR. WM. H. GREGG:

Dear Sir: I have for several years, been afflicted with that troublesome and dangerous disease—Gravel—which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire confidence in its efficacy. Yours truly, POND STRONG. B. Mighler—Dear Sir: This is to certify that I have been attending fire in a bake oven for thirty-two years which caused me to lose my sight for about five years. I have been using your Bitters, and since I have used them, my sight is returning fast. I can now walk without a cane and see where I go. These Bitters for the cure of Wesk Stomachs, General Debility, and for Purifying and Eartching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to allik a parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Females, where a Tonic is re-

PROF. L. MILLER'S HAIR IN VIGORA-TOR.—An Effective, Safe and Sconomical Compound FOR RESTORING GRAY HAIR to its original color with out dyeing, and preventing the Hair from turning gray. FOR REMOVING SCURF AND DANDRUFF, and al remning.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEADTIFYING THE HARR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in fits toxture and causing it to curi readily.

The great celebrity and increasing demand for this preparation, convince the proprietor that one trial is only necessary to satisfy a discorning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow inxuriantly, and give it a rich, soft, glossy, and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the proots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their thair restored by the use of this luring when have had their thair restored by the use of this luring those parts which have become bald, causing it to yield a fresh covaring of hair.

There are hundreds of ladies and gentiemen in New York who have had their hair restored by the use of this lawig orator, when all other preparations had failed. L. M. h in his possession letters innumerable testifying to t above facts, from persons of the highest respectability. Will effectually prevent the hair from turning gray un the latest period of life; and in cases where the hair halredy changed its color the use of the invigorator wil with certainty restored to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigora tor can be dressed in any required form so as to preserve its place, whether plain or in curley—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the resch of all, being ONLY TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists' and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his lavigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurites that may have become connected with the scalp the removal of which is necessary both for the health of the child, and the future appearance of the flair.
