WHITE MEN MUST RULE AMERICA THE CHEAPEST PAPER PUBLISHED.

THE ONLY NEW YORK PAPER MADE UP EX-CLUSIVELY FOR COUNTRY CIRCULATION. News of the Week, with the Cattle, Produce, and other Markets, Carefully Reported.

NEW YORK DAY-BOOK FOR 1864. WHITE MEN'S LIBERTIES—STATE RIGHTS— FEDERAL UNION.

The New York Day-Book is an independent, Democratic journal, holding, with the late Senator Douglas, that "this Government is made on the white basis, by white men, for the benefit of white men and their posterity forever." It is a large double sheet, with forty-eight columns of reading matter, and in all respects—whether for Markets, News, Literary or Agricultural information—is not inferior to any as a political or family newspaper. In its political department, it grapples boildly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term—the defendent of the People's Rights, but it is the upholder of no party chicancy or trickery. It is not only for Peace, but it shows how, and how only, permanent Peace can be obtained, and the glorious White Man's Government of Washington iestored, viz.: by the utter rout, overthrow, and extermination of Abolitionism from American soil.

The Day-Book is now the only weekly political paper in New York city made up exclusively for country circulation. All the others are rehashed from the columns of some daily paper, which renders it almost impossible to give so complete and general a summary of the news as in the other case. Persons about subscribing should take this into consideration. Democrats, also, must see to it that sound papers are circulated among the people, or Abolitionism will never be put down. All who desire to refute the arguments of Abolitionists, should read The Day-Book.

THE PATENT STAMP-SEALING AND POST-MARK PRESERVING ENVELOPE.

The preservation on the letter itself of the POST-MARK and POSTAGR-STAMP, generally destroyed with the detached cover, has long been desented a matter of the first importance. This desideratum is now triumphantly secured by this ingenious in mention. Many obvious advantages must arise from the general use of this envelope.

First—Incressed Safesty by additional scaling; the stamp connecting the envelope and letter securely together; and this is never libile to be omitted; though the sticking of the flap is frequently neglected or imperfectly done.

\*\*Second\*\*-Security against Impertinent Intrusion; the letter and envelope being firmly attached by the stamps, and inclosure cannot be inspected even if the flap be clandestinely opened.

and inclosure cannot be inspected even if the hap be chandeatherly opened.

Third—Safety against Abstraction of Valuable Inclosures. If the flap be left unscaled, or opened with felonious intent, it will be impossible to open the letter and take
thence bank notes and drafts without so mutilating the
envelopes as to insure detection.

Four the—Security for the free payment of the Postage;
as the stamp, when once properly placed in this window,
cannot be removed without its destruction.

FIFTH—Advantage therefore to the Greenment; by the
effectual destruction of every stamp in its first use.

Exch.—Facility to the Post office. Uperations; by a uniform location of the stamp in the upper right hand corner,

Seventh—Verification of the Mailing; by securing on the letter itself the Legal collecte of the time and place of it being mailed. This has long been extremed so destrable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and other take the precation to pit the envelope again on the letter for identification.

Mishles—Nr.: About Christmast, my youngest daughter, a girl of fifteen years of age, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I procured the attendance of our medical men in the neighborhood, but, in spite of their best efforts, she grew daily worse and worse. She was so helpless that it was impossible for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, she would fall over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at all. On the 26th of last month, by the advice of Henry Minnich, I came to see you, and from what you told me, I concluded to try your Herb Bitters. I took a bottle onthome with me, and my daughter ownmenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her feet, without any pain; she can raise her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to precure it. You may use this as you please, for I think that so good a medicine should be known everywhere.

With gratitude I remain, Sir,

Marietta Furnace, May 22, 1863. That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms we can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heart, Languor Lassitude, and Dimness of Vision.

B. Mishler—Dear Sir: This is to certify that I have been suffering with what the doctors call Chronic Dinroboxs, for three months, and I suffered so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeed I had almost given up myself. I have been at the Lancaster Hospital for six months; I had Rheumatizn, when I went there, and was unable to do anything. One of the inmates of the Hospital give me three does of your Bitters, and afterwards I felt much better, and I have been taking them ever since, and feel as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me, and I am thankful for it. I do really think I could not have lived this long had I not got the Bitters. I also had Gravel, which has troubled me for a long time, of which I feel nothing of any more. I suppose it must have been the Bitters that took that away, as it works you say in that way. Indeed the Bitters have been a God's blessing to me, and have restored me to pretty good health. Mr. A. Fairer can tell all about it, as he is well acquainted with my sufferings since I have been in the Hospital.

Respectfully,

PRQUEA. May 25th, 1863.

Mr. B. Mishler: This is to certify, that I have had an attack of the Gravel for about six months, and sometimes with a good bit of pain; at last it become so that I had to rise five or six times in a night on account of my water, so I concluded there must be something done. I have seen your Herb Bitters recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I must say that it relieved me entirely of my pain.

Respectfully yours, JNO. SCHOCK.

Dr. WM. H. Greeg-Dear Sfr.: In February, 1861, I was afflicted with the sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my survey and health. REAMSTOWN, May 4th, 1863.

Mr. B. Mishler—Dear Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to colarge in size without opening. About two years ago, I drew it open with a poultice. I commenced to use your Bitters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and red nothing of it at all; it has left no mark or trace of it behind, all has gone away.

JOHN LESHER.

Gents: I freely give you liberty to make use of the lost lowing Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attached with Failing of the Womb, Dysmenorrhe, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable." For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, said to our utter astonishment, almost the first does seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

B. Mishler—Dear Sir: I had pain in my head, side and back, in connexion with chills and fever, which alarmed me very much from the fact of my having a very severe attack of Typhoid Fever, while connected with the Army. I bought one bottle of your Herb Bitters, and when I got home I took two doese of it which relieved me almost immediately. I am taking two doese per day now and feel as well as ever I did. Not being a cltizen of this place, I just happened to be here selling Patent Pumps, and heard your Bitters recommended so highly by different ones, I concluded to try it, and such are the facts of the benefits I received by using your Bitters. I am stopping at the Franklin House, North Queen street, in this city, and will be glad to testify to the above, to any one calling at the aforementioned place, or at Coatewille, Chester county, which is my permanent residence.

I have been using your Bitters, and since I have used them, my sight is returning fast. I can now walk without a cane and see where I go. I was digging garden to-day and could see the worms crawling about in the dug up earth. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it afford in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in ourls—hence the great demand for it by the Indies as a standard toilet article which nona onghit to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists' and perfumers. ought to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTE per bottle, to be lad at all respectable druggists' and perfumers.
