In its political department, it graphes boildy with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term—the default of the People's Rights, but it is the upholder of no party chicanery or trickery. It is not only for Deace, but its hows how, and how only, permanent Peace can be obtained, and the glorious White Man's Gov-ernment of Washington testored, viz. by the utter route, overthrow, and extermination of Abolitionism from American soil. Genis: I freely give you liberty to make use of the fol-lowing Cortificate of the value of Constitution Water, which I can recommend in the highest manner. My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Paiplia-tion of the Hast, attacked with Pailing of the Womb, Dysmenorrhes, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quite as much pain ; he finally gave her up and said. REAMSTOWN, May 4th, 1863. Mr. B. Mishler-Doar Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, 1 drew it open with a poultice. I commenced to use your Bitters about three months ago, which has driven the swelling all away, and beeldes has taken a lumg of hard substance from the opening which you can have to show to the poople. For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficultie." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first does resemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitu-tion Water for about four weeks, and we are happy to say that it has produced a permanent care. WM. M. VAN BENECHOTEN.
