Dr. WH. H. GREGO—Dear Sir: In February, 1861, I was afflicted with the sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using tI averaged a relief, and after taking

I then employed one of the best physicians I could find, who attended her about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurshel." For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time, she commenced to use the Constitution Water, and to our utter astonishment, almost the first does seemed to have the desired effect, and she kept on improving rapidly under its treatment, and new superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

The remarkable virtues of Mishler's Harb Bitters have agake been brought to the test, and pe-sed through the ordels triumphantly. The following cartificals as to its truth, they can astlery themselves by calling mon the young man who gives it. He may be found, during the day at the Southwest corner of Centre Square and West King street, where he keeps a cake stand. He will give all information that may be desired in regard to his case. But read the following:

EXEMPLIANE OF TOWN B. REMEMBER.

I bisreby cartify that I have been smileted ith white swelling and acrofulous outbreaks for a perice of over four years. My case was so bad that I could not walk without the aid of crutches. My left leg was much swollen and there were three eruptions at the knee, one at the hip, and one at the breast. I tried various remedies, and I had the advice of several physicians, but experienced no relief. About four weeks ago I commenced with Mishler's Bitters, and in a very short time I began to get better. I am now able to walk without the sid of crutches. My legs are still bent, but if I continue to improve as I have been doing for the list two or three weeks I think I shall soon be as well as ever. My general health has also improved, and is better now than it has been for years. I make this statement for the benefit of the afflicted, and would invite all to call upon ms, and I will give them all the information on the subject in regard to my case.

A CASE OF PARALYSIS RELIEVED BY
MISHLER'S BITTERS.
The testimony is every day accumulating that Mishler's
Sitters is performing wonders, and its fame is gradually
ut rapidly spreading over the continent. Read the following certificate, selected from hundreds received weekly. It
peaks for itself:

NEFFULLE, June 5, 1863.

ms. B. Mishler—Sir : About Christmast, my youngest daughter, a girl of fitteen years of age, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I produced the statedance of our medical men in the neighborhood, but, in spite of their best efforts, she grew daily worse and worse. She was so helpless that it was impossible for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, she would fail over backwards, or lie on one side or the other, and indeed had no attength or power or control over her motions at all. On the 26th of last menth, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great: that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and neit in a common chair, and can stand on her feet, without any pain; she can raiss her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to precure it. You may use this as you please, for I think that so good a medicine should be known verywhere.

With gratitude I remain, Sir,

PHILADELPHIA, May 27th, 1863.

Friend Mishler—Dear Sir: I wish you to send me immediately, one or two cases of your Bitters. I gave a bottle to Mrs Neavin, a lady that had been troubled with the Dumb Ague, and had taken so much troubled with pain in all her joints that she was not able to be shout. She has used one bottle, and she can now attend to the duties of her household; in fact she can not give it praise enough. Yours, respectfully,

LANGATER, May 27th, 1863.

B. Mishler—Dear Sir: This is to certify that I have been suffering with what the doctors call Chronic Diarrobnes for three months, and I suffered so much with pain and grew so weak, that the doctors had almost despaired of my getting well, and indeed I had almost given up myself. I have been at the Lancaster Hospital for six months; I had Rheumatism when I went there, and was unable to do anything. One of the inmates of the Hospital give me three doces of your Bitters, and afterwards I felt much better, and I have been taking them ever since, and fels as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me, and I am thankful for It. I do really think I could not have lived this long had I not got the Bitters I also had Gravel, which has troubled me for a long time, of which I feel nothing of any more. I suppose it mush have been the Bitters that took that away, as it works you say in that way. Indeed the Bitters have been a God's blessing to me, and have restored me to pretty good health. Mr. A. Fairer can tell all about it, as he is well acquainted with my sufferings since I have been in the Hospital.

PEQUEA, May 25th, 1863.

PROUBA, May 25th, 1868. Mr. B. Minhler: This is to certify, that I have had an attack of the Gravel for about six months, and sometimes with a good bit of pain; at last it become so that I had to rise five or six times in a night on account of my water, so I concluded there must be something done. I have seen your Herb Hitters recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I muss say that it relieved me entirely of my pain. Respectfully yours, JNO. SOHOOK.

Mr. B. Minhler—Sir: I have been subject to inward weakness and pain in the small of the back for the last ten years, and had given up all hopes of getting better. I was induced to try your Bitters, and after using it a short time, I am happy to say I am almost well, and by using a few more bottles expect to be as hearty as formerly. I recommend it to those of my sex similarly afflicted.

Respectfully yours,

Mr. B. Mixler: My wife having been afflicted with excruciating pain in her hauth and fact, several of our most
prominent physicians attended her but could give her little
or no relief. I then had recourse to Mishler's Bitters; she
took half a bottle, and the pains entirely left her. I took
the remainder myself; before taking it I was overcome
with drowsiness whenever I would sit down to read or
write, and would fall asleep, but since I took the Bitters,
I feel as if I could "leap over a wall and run through a

REAMSTOWN, May 4th, 1863.

Mr. B. Mishler—Dear Sir: About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, I drew it open with a poultice. I commenced to use your Bitters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which you can have to show to the people. I am this day a sound man, and feel nothing of it at all; it has left no mark or trace of it behind, all has gone away.

B. Mishler—Dear Sir: I had pain in my head, side and back, in connexion with chills and fever, which alarmed me very much from the fact of my having a very severe attack of Typhoid Fever, while connected with the Army. I bought one bottle of your Herb Bitters, and when I got home I took two doses of it which relieved me almost immediately. I am taking two doses per day now and feel as well as ever I did. Not being a citizan of this place, I just happened to be fiver selling Patent Pumps, and heard your Bitters recommended so highly by different ones, I concluded to try it, and such are the facts of the benefits I received by using your Bitters. I am stopping at the Frankin House, North Queen street, in this city, and will be glad to testify to the above, to any one calling at the aforementiound place, or at Coatesville, Chester county, which is my permanent residence.

B. Mishler—Dear Sir: This is to certify that I have been attending fire in a bake oven for thirty-two years which caused me to lose my fight for about five years. I have been using your Bitters, and since I have used them, my sight is returning fast. I can now walk without a cane and see where I go. I was digging garden to-day and could see the worms crawling about in the dug up earth.

LANCASTER, June 25th, 1863.

MR. B. MISHLER—Dear Sir: My daughter, a young girl about 12 years of age, caught a cold in her eyes early: sat spring, which afflicted her so much that I was afraid she would lose the sight of one of her eyes. She floatly got to bat that it was found necessary to keep her continually in a dark room, allowing not even a caudic to be iit. About three weeks ago I was induced to give her a bottle of your bitters, and am h-ppy to say that one bottle cured her so completely that she is now able to go to school.

In the month of December, 1858, the undersigned for the first time offered for make to the public Ps. J. Bovee Dods' Imperial Wine Bitters, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is sur prising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily allment should be had; for diseases of the body must invariably affect the mind. The subscribers now only ask a trial of

These Bitters for the curs of Weak Stomachs, General to produce their equal.

These Bitters for the curs of Weak Stomachs, theoral Debility, and for Parifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to allike parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Females, where a Tonic is required to strengthen and brace the system. No Lady, who is subject to lassitude and faintness, should be without them, as they are revivifying in their action.

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, and for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Scamstressee, Students, Artists, and all persons leading a sedeutary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intexticating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to reirain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is fooded.

These Bitters not only Cure, but Prevent Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevaient. Being entirely innocent and harmiess, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable Bitters over the land, and threrby essentially aid in banishing Drunkenness and Disease.

IN ALL AFFECTIONS OF THE HEAD, SICK HEAD—ACHE, OR NERVOUS HEADACHE, DR. DODS IMPERIAL WINE BITTERS WILL BE FOUND TO BE MOST SALUTARY AND EFFICACIOUS.

The many certificates which have been tendered us, and the letters which we are daily receiving, are conclusive proof that among the women these Bitters have given a satisfaction which no others have done before. No woman in the land should be without them, and thinks who oure use them will not fail to keep a supply.

DR. J. BOYEE DODS' IMPERIAL WINE BITTERS are prepared by an emigent and skilful physician who has used them successfully in his practice for the last twenty-five years. The proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Ceichrated Imperial W.r.e. Bitters, had them tested by two distinguished medical practitioners, who pronounced them a valuable remedy for disease.

Although the medical men of the country, as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve DR. J. BOYEE DODS' IMPERIAL WINE BITTERS.

Dr. Whilfield—Sir: I had beno afflicted with a very severe cold on the breast for three or four weeks, and had tried different domestic and patent remedies without any benefit. From your recommendation I was induced to try Mishler's Bitters. I am happy to say they had the desired effect—and I am better than I have been for a long time. I have also used the Bitters for a severe Diarhoz and they completely cured me. No one should be without them. I am determined to have some in the house all the time.

Yours respectfully,

Dr. Whilfield—Sir.: This is to certify that I have been afflicted with the Rheumatism for many years, and have tried many things said to be curse wildent any relief. I am employed drying sand for the P.R. R., and having to be in the damp and steem nearly all the time, I was airnid that I never would get well again. One of my arms has been so bad that I was afraid I would lose the use of it altogether; it was so weak and peinful that I had to raise it with my other hand whonever I wished to change its position. The bottle of Mishler's Herb Filters I got from you the other day, has so much relieved me that I can now raise my arm without difficulty and it is getting as strong as sever.

From the wonderful improvement it has made in my health, I can recommend Mishler's Herb Bitters with the greatest confidence to all those afflicted with the Rheumatism. Respectfully yours, Respectfully yours, HUGH MULLOY.

Clara Augusta, The New York Day-Book is an independent, Democratic journal, holding, with the late Senator Douglas, that "this Government is made on the white basis, by white men, for the benefit of white men and their posterity forever." It is a large double sheet, with forty eight columns of reading matter, and in all respects—whether for Markets, News, Literary or Agricultural information—is not inferior to any as a political or family newspaper. In its political department, it grapples boldly with the real question before the American People, and presents the only philosophy of it which can resist the sweeping march of Abolitionism. It is Democratic in the true sense of the term—the defender of the People's Rights, but it is the upholder of no party chicanery or trickery. It is not unly for Pence, but it shows how, and how only, permanent Peace can be obtained, and the glorious White Man' Government of washington restored, viz.: by the after route, overthrow, and extermination of Abolitionism from American stil. SPECIAL OFFRES

We desire this year to piace before a million of northern readers the great dectrines the Day-Ber'k teaches on the question of the Races. We confidently believe if this journal were placed in the hands of one-half of the voters of the northern States between this time and Norember, 1884, the Democrate could not fail to carry the next Presidential election. We therefore make the following offers, not in the light of prizes, and not even because it will be profitable—for we can scarcely afford it—but solely to secure a wide dissemination of the views which we profondly believe will save our country:

THE SATURDAY EVENING POST,

"THE SUBST AND BEST OF THE WEXLES."

The Proprietors of THE SATURDAY EVENING POST
—which paper is now in its Forty-Third Year!—would simply announce in their Prospectus for 1864, that they design maintaining for their weekly the high character it has already sequired as a first class literary paper!

They have reason to believe that the stories of Mrs. Wood, suthor of "East Lynne," &c. Marich Harland, author of "Alone," &c; Miss Virginia F. Townsend, and numerous other excellent writers, have been generally regarded as possessing the greatest merit and the most absorbing interest; and they design precuring for THE POST in the future as in the past, the best Stories, Sketches and other Literary Novelties, which they can possibly obtain. They have commenced, in the first paper of January, a New Novel called OSWALD CRAY, by Mrs. Wood, author of "East Lynne," "Vernor's Prids," &c. This novel will be about the length of "East Lynne," and will be printed from the advance sheets expressly forwarded to them by Mrs. Wood from Ængland.

In addition to the Stories written expressly for THE POST, its Editor also strives to lay before its readers the best Stories from the English Periodicals. And gives, in addition to the Tales and Sketches, more or less Agricultural Matter, with a Riddle, Receipt, News, and Market Departments even seek.

The publishers of The Age could easily fill their columns with the unsought and most liberal commendations of the press throughout the country; but they prefer that it should stand altogether upon claims to public confidence, well known and ostablished. They believe it has acquired this reputati n by the candor, fearlessness and independence with which it has been conducted, through times of extraordinary confusion of ideas on public subjects, and atterly of almost unexampled public trial. It is now, and will be, as heretofore, the supporter of truly national principles, opposed alike to radicalism and fanaticism in every form, and devoted to the maintenance of good government, law and order.

THE GREAT BRMEDY

ese Dangerous and Troublesome Diseases, which hav thus far Rasisted the best directed Treatment, can be Completely Controlled by the REMEDY now before us!

THE CURATIVE properties of the medicine direct themselves to the organ
of secretion, and by so altering the condition of the stomed
and liver that the starchy principle of the food is not cor
verted into sugar so long as the system is under the infit
ence of the CONSTITUTION WATER.

which gives those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has curred every case of Diabetes in which it has been given. STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCCUS OB MILKY DISCHARGES AFTER URINATING.

Disease occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The does should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed. DYSMENOBRHEA. OR PAINVIL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUSE PLOWING,

Water.
That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine. cases, be removed by the medicins.

There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Paintation of the Heart, Impaired Memory, Wakofulness, Flashes of Heat, Languor Lassitude, and Dimness of Vision.

Which in the numerried female is a constant: rring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constituted, night sweats come on, and consumption finally ends her career.

LEUCORRHEA OR WHITES. This disease depends upon an inflammation of mucous ining of the ragins and womb. It is in all cases accom-paniethly source pain in the back, across the b wels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoon-rul of the medicine, mixed with a half-pint of soft water,

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
OATARRH OF THE BLADDER, STRANGURY AND BURNING, OR PAINFUL URINATING. For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hipe? A teaspoonful a day of Constitution Water will relieve you like magic.

it has no equal in relieving the most distressing symptoms Aiso, Headache, Heartburn, Acid Stomach, Vomiting Food &c. Take a teaspoonful after dinner. The dose in ai cases may be increased if desired, but should be done gradually.

Gents: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner. My wife, who was atta-ked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorrhm, and Irritation of the Bladder. I called a physician, who attended her about three months, when he

to the public with the conviction that it has no equal in relieving the class of dineases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so, valuable a remedy in a form to meet the requirements of patient and physician.
