No. 233 North Skoond Street, Philadelphia.

The quality of this Blue will be the same in every re
nect! Law quantity of this Bile will be the same in every respect!

It is warranted to color more water than twice the same quantity of Indigo, and to go much further than any other Wash Bile in the market. It dissolves perfectly clear and does not settle on the clothers as most of the other makes do. One Box dissolved in a half plut of water, will make as good a Liquid Blue as any that is made, at one third the cost.

As it is retailed at the same price as the Imitations and Inferior articles, housekeepers will find it very much to their advantage to ask for that put up at Wiltberger's.

As All Blue put up after this date with Barlow's name on it is an Imitation.

OMETHIN STAMP-SEALING AND POST-MARK and POSTAGE-STAMP, generally destroyed with the deached cover, has long been deemed a matter of the first importance. This desideratum is now triumphantly secured by this ingenious invention. Many obvious advantage must arise from the general use of this envolope.

First—Increased Safety by additional scaling; the stamp connecting the envelope and letter securely together; and this is never liable to be omitted, though the sticking of the flap is frequently neglected or imporfactly done.

Scond—Security against Impertinent Intrusion; the letter and envelope being firmly statached by the stamps, and laclosure cannot be inspected even if the flap be clandestinely opened.

Third—Safety against Abstraction of Valuable Inclosures.

and inclosure cannot be inspected sven if the flap he clandestinely opened.

Third—Safety against Abstraction of Valuable Inclosures. If the flap be left unsealed, or opened with felonious intent, it will be impossible to open the letter and take thence bank notes and drafts without so mutilating the nvelope as to insure detection.

Fourth—Security for the free payment of the Postage; as the stamp, when once properly placed in this window, cannot be removed without its destruction.

Fifth—Advantage therefore to the Government; by the effectual destruction of every stamp in its first use.

Sixth—Facility to the Post Office Deparations; by a unform location of the stamp in the upper right hand corner, which is the most convenient position for the Post Office mark. which is the most convenient position for the rewards.

Seventh.—Verification of the Mailing; by securing on the letter itself the legal evidence of the time and place of it being mailed. This has long been esteemed so desirable, that many prudent persons are constrained to dispense with the use of envelopes, that they may have the post mark on the letter; and others take the precaution to pin the envelope again on the letter for identification.

Explain—Certainty of the Date and Place on the Letter, which are so trequently omitted by writers in carelessness or hurry.

rena-cost to "Stamp Sealing Envelopes," they will be furnished at a very small advance upon the prices of those not having the benefit of this patent. Can be had at J. M. WBSTHAEFFR'S Cheap Book Store, Corner North Queen and Orange Sts. nov 4

MISHLER'S BITTERS.

Below we publish another lot of certificates received by B. MISHLER, concerning the great cures effected by his wonderful remedial agent known as HERB BITTERS:

ALMONA Pa Sent 2 1883 Dr. Whitfield—Sir: I had been afflicted with a very severe cold on the breast for three or four weeks, and had tried different domestic and patent remedies without any benoît. From your recommendation I was induced to try Mishler's Bitters. I am happy to say they had the desired effect—and I am better than I have been for a long time. Mishler's Bitters. I am happy to say they had the desired effect—and I am better than I have been for a long time. I have also used the Bitters for a severe Diarhoæ and they completely cured me. No one should be without them. I am determined to have some in the house all the time.

Yours respectfully,

JOSEPH H. BEOWN.

ALTONIA, Pa., May 1, 1863.

Dr. Whitfield—Sir: This is to certify that I have been afflicted with the Rheumatism for many years, and have tried many things said to be cures without any relief. I am employed drying sand for the P. R. R., and having to be in the damp and steam nearly all the time, I was afraid that I never would get well again. One of my arms has been so bad that I was afraid I would lose the use of it altogether; it was so weak and painful that I had to raise it with my other hand whenever I wished to change its position. The bottle of Mishler's Herb Bitters I got from you the other day, has so much relieved me that I can now raise my arm without difficulty and it is getting as strong as ever.

From the wonderful improvement it has made in my health, I can recommend Mishler's Herb Bitters with the greatest confidence to all those afflicted with the Rheumatism. Respectfully yours,

HUGH MULLOY.

MANHUM, Nov. 5th, 1863.

B. Mishler—Dear Sir.: I have been selling your litters for a long time, and have used it myself for Neuralgha which has entirely cured me, and my customers use it and think it to be the best litters they have ever heard of.
