roperties of the medicine direct themselves to the organ f secretion, and by so altering the condition of the stomac nd liver that the starchy principle of the food is not conted into sugar so long as the system is under

CONSTITUTION WATER, which gives those organs time to recover their bealthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL BRICK DUST DEPOSIT, AND MUCOUS OB MILKY DISCHARGES AFTER URINATING.

Disease occurring from one and the same came will be entirely cured by the Constitution Water, if taken for any length of time. The dose should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitu-tion Water, as above directed.

DYSMENORRHGA, OR PAINVUL MENSTRUA-TION, AND IN MENORRHAGIA OR PROFUSE FLOWING,

Both diseases arising from a faulty secretion of the men-strual fluid—in the one case being too little, and Taccom-panied by severe pain; and the other a too profuse secre-tion, which will be speedily cured by the Constitution Water.

This disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ-and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by aharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine. There is another class of symptoms arising from IRRI-TATION'OF THE WOMB, which physicians call Nervou-ness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more par-ticularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languro Massi-tude, and Dimness of Vision.

SUPPRESSED MENSTRUATION, Which in the unmarried female is a constant i rring disease, and through neglect the seeds of more grave and dangerous maladles are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient grada-ally-loss her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career. LEUCORRHEA OR WHITES. This disease depends upon an inflammation of mucous lining of the vagina and womb. It is in all cases accom-panied by severe pain in the back, across the bowels and through the bips. A teaspoorful of the medicine may be taken three times a day, with an injection of a tablespoor-ful of the medicine, mixed with a half-pint of soft water, morning and evening. IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE HLADDER, STRAN-GURY AND BURNING, UR PAIN-FUL UMINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that distressing pain in the small of the back and through the hips? A tesspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA. it has no equal in relieving the most distressing symptom. Also, Headache, Heartburn, Acid Stomach, Vomiting Food &c. Take a tespoonful after dinner. The dose in a case may be increased if desired, but should be don gradually. PHYSICIANS have long since given up the use of buchu, cubebs, jun per in the treatment of these diseases, and only the n for want of a better remedy.

My left leg was much swellen and there were three eruptions at the knee, one at the bip, and one at the breast. I tried various reusedles, and I had the savice of several physicians, but experienced no relief. About four weeks ago I commenced with Misher's Blitters, and in a very short time I began to get better. I am now able to walk without the said of crutches. My legs are still bent, but if I continue to improve as I have been doing for the last two or three weeks. I think I shall soon be as well as ever. My general health has also improved, and is better now than if the been for yrears. ANOTHER REMARKABLE CURK. A CASE OF PARALYSIS RELIEVED BY MISHLER'S BITTERS. The testimony is every day accumulating that Mishler's Bitters is performing wonders, and its fame is gradually but rapidly spreading over the continent. Read the follow-ing certificate, selected from hundreds received weekly. It speaks for itself:

speaks for itself: Mg. B. MISHLER-Sir : About Christmast, my youngest daughter, a girl of fitheen years of see, was attacked with paralysis, which confined har to her bed, where she lay perfectly helpless and suffering the greatest pain. I pro-cured the attendance of our medical men in the neighbor-hood, but, in spite of their best efforts, she grew daily worrs- and worrse. She was so helpless that it was imposi-ble for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, she would fail over backwards, or lie on one side or the other, and indeed had no strength or power or control over her motions at NEFFSVILLE, June 5, 1863. when, to ease her, we would raise her Op. the would had over backwards, or ile on one side or the other, and indeed had no strength or power or control over her motions at all. On the 25th of isat month, by the advice of Henry Minnich, I came to see yoo, and, from what you told me. I concluded to try your Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly ruce, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her feet, without any pain; she can raise her hands to her head, and remains out of bed most of the day. I am so pleased with the effects of your medicine that there is nothing I would not give to procure it. You may use this as you please, for I think that so good a medicine should be known everywhere. With gratitude I remain, Sir, Yours truly, DANTEL KEEVER.

One of my arms has been so bad that I was afraid I would lose the use of it altogether; it was to weak and painful that I had to raise it with my other hand whenever I wished to change its position. The bottle of Mishler's Herb Hitters I go from you the other day, has so much relieved me that I can now raise my arm without difficulty and it is getting as strong as ever. From the wonderful improvement it has made in my health, I can recommend Mishler's Herb Bitters with the greatest confidence to all those afflicted with the Rheoma-tism. Respectfully yours, HUGH MULLOY.
