UNION OF THE WORLD AND ARGUS.

The World, to which the New York Weekly Argus has been united has to-day five times the aggregate circulation of any Democratic or conservative newspaper. It addresses weekly more than 100,000 subscribers and constant purchasers and reaches at least HALF A MILLION reader. With the st-ad-increason incruation which it now sujoys, these numbers will be doubled by the last of January, 1864. Nothing less than this should satify those who believe that the only hope of restoring the Union and the authority of fise Constitution over a now distracted and divided country, lies in wresting power from the hants of those whome fanaticism has helped to provoke, invite; and prolong the war; and that to secomplish the and, no maken is so effective as the diffusion, through able and enterprising newspapers, of sound political knowledge among the working men, the thinking men, and the voting men of the North.

Enterprise, industry and money will be liberally expended to make The Would THE BEST NEWSPAPER IN AMERICA. Its news from every part of the wor'd will be early and authentic. Wherever the telegraph extends, or railroads run, or etamboats ply, it will gather the latest intelligence. It has a large staff of accomplished correspondents with all the federal armies, who will telegraph and write for us the latest news from the various seats of war. It has correspondents and reporters in every political and commercial centre in America and Europe, whose letters and dispatches will leave nothing worthy of note neknown to its readers.

Special exertions will be used to make its reports of the Corist, of the Cattle, Produce, and Money markets, comprehensive and accurate. Rea ising that the bone and sinew of the country are to be found upon its farms and in workshops, The Wonlow will gather from every quarter information and new concerning Agriculture and manufactures, and will endeavor to make its issues pseculary valuable to the Farmers and Mechanics of the country. The war in which the nation is engaged against armed and infatuated rebels and the radical policy of the administration which prolongs it, have compired to bring together upon one pistform all conservative, Union-loving and Constitution-loving mes, of whatever former name and creed. But read the following:

ORREPUCATE OF JOHN S. RUMEHANT.

I hereby certify that I have been afflicted with white swelling and acrofulous outbreaks for a period of over four years. My case was so bad that I could not walk without the aid of crutches. My left leg was much swollen and there were three eruptions at the knee, one at the hip, and one at the breast. I tried various remedies, and I had the advice of several physicians, but experienced no relief. About four weeks ago I commenced with Mishler's Bitters, and in a very short time I began to get better. I am now able to walk without the aid of crutches. My legs are still bent, but if I continue to improve as I have been doing for the last two or three weeks. I think I shall soon be as

bent, but if I continue to improve as I have been doing for the last two or three weeks. I think I shall soon be as well as ever. My general health has also improved, and is better now than it has been for years. I make this statement for the benefit of the afflicted, and would invite all to call upon me, and I will give them all the information on the subject in regard to my case. JOHN S. RINEHABT. NEFFSVILLA, June 5, 1863.

Mr. B. Mishiltz—Sir: About Christmast, my youngest daughter, a girl of fifteen years of age, was attacked with paralysis, which confined her to her bed, where she lay perfectly helpless and suffering the greatest pain. I procured the attendance of our medical men in the neighborhood, but, in cylic of their best efforts, she grew daily worse and worse. Ehe was so helpless that it was impossible for her to sit up, even when propped by pillows, for when, to ease her, we would raise her up, she would fail over backwards, or ite on one side or the other, and indeed had no strength or power or control over her motions at all. On the 26th of last menth, by the advice of Henry Minnich, I came to see you, and, from what you told me, I concluded to try our Herb Bitters. I took a bottle out home with me, and my daughter commenced taking it. She has used that bottle, and the effect is so great that I want to take out some more with me, and I am confident now that what you told me was perfectly true, and that my daughter will shortly be entirely recovered. She is now able to leave her bed, and can sit in a common chair, and can stand on her feet, without any pain; she can raise her bands to her head, and remains out of bed moat of the STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY PISCHARGES AFTER URINATING. One of the immates of the Hospital give mo three do-es of your Bitters, and afterwards I folt much better, and I have been taking them ever since and fee-as if I am going to get sound and well. Your Bitters have proved themselves to be a cure for me and I am thanking for I. I do really think I could not have lived this long, had I not got the Bitters. I also had Gravel, which has troubled me for a long time of which I feel nothing of any more. I suppose it must have been the Bitters that took that away, as it works you say in that way. Indeed the Bitter have been a God's blessing to me, and have restored me to pretty good health. Mr A Fairer can tell all about it, as he is well acquainted with my sufferings since I have been in the Hospital.

EARLY SAMES KENEDY. This disease depends upon an inflammation of mucous lining of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the b-wels and through the bips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half-pint of soft water, more than and asymbte. I have seen your Herb Bitters recommended in one of your bills; so I thought I would give it a trial. I have used two bottles of it, and I must say that it relieved me entirely of my pain.

Mr. B. Mishler—Sir: I have been subject to inward weakness and pain in the small of the back for the last ton years, and had given up all hopes of getting better. I recommend it to those of my sex similarly afflicted.

Respectfully yours, HARRIET ORK.

WH. H. GERRG & Co.:

Genta: I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole longth of the back, and in her limbs, with Palpitation of the lieart, attended with Palling of the Womb, Dysmenorrha, and Irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could flud, who attended her about nine months, and while she was under his eare she did not suffer quite as much pain; he finally gave her up and said. "her case was incurable." For, said be, "she has such a combination of complaints, that medicine given for one Mr. R. Mishler—Dear Mr. About three years ago there was a Lump or Swelling came on the side of my neck or jaw, which continued to enlarge in size without opening. About two years ago, I drew it open with a poulitie I commenced to use your Bitters about three months ago, which has driven the swelling all away, and besides has taken a lump of hard substance from the opening which has the sum of the proper in the mark of the you can have to show to the people. I am this day a sound man, and seel nothing of it at all; it has left no mark of trace of it behind, all has gone away.

JOHN LESHER. The above can be seen at Heinitah's Drug Store, in East King street, Lancaster.

B. Mishler—Dear Sir: I had pain in my head, side and back, in connexion with chills and fever, which alarmed me very much from the fact of my having a very severe attack of Typhoid Fever, while connected with the Army. I bought to be bottle of your first bitters, and when I got home I took two doses of it which relieved me almost immediately. I sm taking two doses per day now and feel as well as ever I did. Not being a citizen of this place, I just happend to be here selling Patent Pumps, and heard your Bitters recommended so highly by different ones, I concluded to try it, and such are the facts of the benefits I received by using your Bitters. I am stopping at the Franklin House, North Queen street, in this city, and will be glad to testify to the above, to any one calling at the aforementioned place, or at Coateaville, Chester county, which is my permanent residence. ENOCH DUNLAP.

DR. WM. H. GRUGO:

Dear Sir: I have for several years, been afflicted with
that troublesome and dangerous disease—Gruvel—which
resisted all remedies and doctors, until I took Constitution
Water, and you may be assured that I was exceedingly
pleased with the result. It has entirely cured me, and you
may make any use of my name you may see fit in regard
to the medicine, as I have entire confidence in its efficacy.

Yours truly. POND STRONG.

There is no class of diseases that produces such exhausting effects upon the human constitution as Diabetes and Diseases of the Kidneys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and we present the Respectfully,
